Meet the new kid on the Monaco team — the all-new Esquire mini-motorhome. This easy-to-drive RV is big on livable features while sacrificing none of the craftsmanship you’d expect from a Monaco. You’ll love the beautiful styling of the woodwork, including the raised panel overhead cabinet doors with woven raffia inserts, the crown molding, and the decorative slide-out fascia. Fluorescent ceiling lights illumine the interior, and in the galley the overhead light features a decorative wood frame. In the dining area, you’ll enjoy a wood booth dinette with side-sliding table top and built-in storage. Or, you may choose an optional freestanding table with chairs. In either case, you’ll have a versatile workspace, thanks to the addition of a computer hook-up with phone jack.

**DRIVING YOUR DREAM.**

Dreams. They’re the way we write the story of our lives. Some are serious. Like raising kids or building a business. Others are pure fun. Like the dream you have early on a summer morning, sipping coffee and working on your life’s next chapter. It’s about making big plans and changing them on a whim. Or even better, following your heart without any plans at all. Yes, it’s the dream of a lifetime. And with Monaco’s legendary quality, reliability and innovation, we can make it all come true.
A Stylish details in the bathroom include a laminate lavatory countertop, a mirrored medicine cabinet, a decorative wallpaper border and an obscure glass shower door with satin nickel frame.

B The Esquire includes countless conveniences, like this stainless steel sink with a single-lever faucet and a separate faucet for filtered water.

C The systems control center is conveniently located in the hallway, giving you easy access to many of the coach’s important functions.
No other manufacturer gives you as many innovative floorplan choices as Monaco. The 2005 Esquire offers you a selection that ranges from 27’ to 31’.

1. Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner's manual for further towing information.

2. Variances in the fabrication and installation of the tanks may cause the actual “usable capacity” to be greater or less than the capacities designated above.

3. Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Monaco Coach provides a weight sticker on each unit we produce which includes that unit’s tank capacities and approximate weight. Consult your local Monaco Coach dealer for unit availability and further information. The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard equipment on Monaco Coach models. Monaco Coach, the Monaco logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders. While the color of the motorhome's exterior and the interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order.

Welcome to the Family Advantage.

What is the Family Advantage? It’s all the ways we put the strength of our family to work for yours. It’s the unmatched level of teamwork, expertise and combined experience of all our companies.

It’s our ability to respond rapidly to our owner’s needs, with new features and technologies. And it’s our commitment to value and to giving you more RV for your money.

The most important aspect of the Family Advantage is being there when you need us. That’s why our 350 qualified service centers span North America. And it’s why no matter where you are, there’s someone standing by to talk with you 24 hours a day — to help you get the most from your time on the road.

In short, when you purchase an RV from Monaco Coach Corporation, you get a wider array of benefits than any other manufacturer can offer. To see it all for yourself, call 1-800-634-0855 or 1-800-650-7337. We’d love to meet you Monday through Friday for a tour of one of our state-of-the-art production facilities in Oregon or Indiana.
