"The journey brings us closer together."
THE JOURNEY’S END.

You’ve come a long way since your first RV, and now you’ve reached your destination. The 2010 Knight. With luxurious furnishings and a fully equipped galley, this is one beautiful way to travel. This year, the Knight pampers you with a new, more powerful AC system. Adjustable Ultraleather™ captain’s chairs. A big 37-inch flatscreen LCD TV (on most models). And a generous new Standard Run Savings Package that includes a central vac, keyless entry, a three-camera rear vision system, and more. Oh yes, you’ve arrived.

There’s just something about traveling together that makes every moment more enjoyable. Awakening to the sound of birds chirping outside. Poring over a roadmap, trying to decide where to go next. Stopping at a roadside diner to sample the local cuisine. It’s all part of the RV experience. And the 2010 Knight is here to bring it to you. Safely. Comfortably. Hand in hand. So come on, you two. Embark on the journey of a lifetime. And don’t be surprised if you find each other along the way.
When you're ready to call it a night, the Knight is ready to work. In the bathroom, you'll find gorgeous ceramic tile flooring, a solid surface lavatory with integrated bowl and backsplash, satin nickel hardware, and a roomy one-piece shower. There's even a bath-and-a-half layout available with the 41DFT. The well-appointed bedroom features a full-size queen bed (comfort air mattress is optional), his and her nightstands, plenty of closet and storage space, and an impressive 26-inch LCD television with remote. Sweet.
Choosing the Knight was easy. Now, it’s time to make it your own. For 2010, our designers are pleased to present an array of standard and optional décors to go with our always-popular Newport Cherry hardwood cabinetry. But don’t worry. Even if you end up flipping a coin, you always win with Monaco.

NOW FOR THE HARD PART.

Note: Colors depicted are a reasonable representation though they may not be an exact match of the actual colors due to variances in processing and production. See your dealer for actual fabric and paint chip samples.
THE DIFFERENCE IS IN THE DETAILS.

Take the wheel of a luxury motorhome, and you’re taking the wheel of the chassis it rides on. That’s why the Knight rides exclusively on a Roadmaster chassis that is custom built to deliver the very best diesel motorhome experience. Roadmaster’s construction utilizes advanced design and engineering to distribute stress evenly throughout the entire chassis, reducing the possibility of twisting and increasing durability and reliability. The Cushion Air Glide suspension system features eight outboard-mounted air bags and eight shock absorbers, and the system is supported by the largest ping tanks in the industry. It’s the ultimate foundation for a luxury ride.

1. The Knight features a gutsy standard Cummins® ISC 360 diesel engine with 1,050 lbs./ft. of torque.
2. A steel cage cockpit gives the Roadmaster chassis incomparable strength and safety in the front of the coach.
3. Every Roadmaster chassis features a steel firewall for added protection in the cockpit.
4. The main rails feature an exclusive raised rail design which provides for larger full pass-through storage bays with flush floors. Other highlights include a 3/8” thick frame rail — compared to the 1/4” of other manufacturers — and a stacked aluminum intercooler and radiator for optimum heat transfer and cooling.
5. Dual fuel fill allows you to fill the tank from either side of the coach, for greater convenience and flexibility at the pump.
6. This steel truss system is engineered as part of the chassis and provides outstanding strength and rigidity plus pass-through storage. In addition, the structure is pre-primed and coated with a rust-inhibiting paint.
7. Eight air bags work in conjunction with eight gas-charged shock absorbers to prevent road trauma from ever reaching the coach. Ride height sensors continually adjust the air pressure at each axle to maintain a level ride and eliminate nosediving, weight transfer, and floating on curved roads. This system also stabilizes the coach on uneven surfaces.
8. Automatic Traction Control (ATC) eliminates wheel slippage in slick conditions and heightens control. The Anti-Lock Braking System (ABS) gives you superior stopping power, especially on steep grades. Together, these sophisticated systems offer the very best safety on the road.

ROOF CONSTRUCTION

- One-piece peaked fiberglass roof
- Luaun backing
- Thick, tapered bead foam insulation
- Aluminum double I-beam superstructure filled with fiberglass insulation
- Vapor barrier
- Structure foam: thermal insulative barrier
- 1/2” bead foam insulation
- Foam padding for extra insulation
- Padded vinyl ceiling

FLOOR CONSTRUCTION

- Structurewood™
- 3-1/2” tube
- High-performance thermal insulation foam
- Luaun
- 3-ply backer
ALL ROADS LEAD TO WWW.MONACOCOACH.COM.

Wherever the road takes you, you’re never more than a click away from your friends at Monaco. Just go to www.monacocoach.com for all the latest product news, club dates and destinations, a dealer locator function, and factory tour information. You can also e-mail us directly through the site at any time.

BUY LOCALLY. ENJOY EVERYWHERE.

Monaco RV strongly encourages our retail customers to purchase from their local dealerships whenever possible. Buying a new Monaco RV locally allows a customer to establish a relationship with a dealer close to home and provides convenient service and support from product-trained technicians. On our end, Monaco RV will continue to provide our dealer partners and customers with the finest recreational vehicles in the industry.

THE VIEW FROM ABOVE.

The 2010 Knight offers something for everyone, with overall lengths of 38 and 41 feet. The 38PKQ and 41SKQ have quad slide-outs for spacious luxury, while the 41DFT features the incomparable space and convenience of a full-wall slide-out and a bath-and-a-half layout with a full bath at the back for added privacy.
Due to continuous product improvements, visit www.monacocoach.com for the latest in standards and options, specifications, and technical data.

### CHASSIS/ENGINE/SUSPENSION
- Roadmaster Raised Rail Chassis RRR
- Cummins ISC 360 Engine with Allison® 6-Speed Transmission
- Electronic Shifter
- Torque: 1,050 lbs. ft. / Max. Net at 1,400 RPM
- Aluminum Rear-Mounted Radiator with CAC Cooler
- Dual Fuel Fill
- 160 Amp Alternator
- Rear Axle Ratio: 4.30:1
- Radial Tires: 275/90R22.5
- Polished Aluminum Wheels
- Cushion Air-Glide Suspension with Eight Outboard-Mounted Air Bags and Eight Shock Absorbers
- Anti-Lock Braking System with Full Air Brake
- Automatic Torque Converter
- Variable Geometry Turbo Exhaust Brake
- Auto Slack Adjusters
- Prewire for Supplemental Braking System
- Engine Block Heater
- Automatic Hydraulic Leveling System
- 10,000 Lb. Hitch Receiver with Dual Connector 4-Pin or 7-Pin

### APPLIANCES AND ACCESSORIES
- Norcold® 12 Cu. Ft. 2-Way 4-Door Refrigerator with Ice Maker
- High-Output 3-Sealed Burner Cooktop without Oven
- Stainless Steel Package
- Refrigerator with Ice Dispenser in the Door
- Norcold® Dometic Sidewise 14 Cu. Ft. 2-Way Combination Washer/Dryer with Oven
- High-Definition Cinema Package (Sound System w/ 32” LCD/AM/FM/CD Radio with Six-Way Power Pilot Seat)
- ESP Brake System
- Roof Edge escape door, (Required) Passenger Solar Screens with Blackout Shade, (Required) Side Molding Kits, (Required) Prewire for Supplemental Braking System
- Auto Slack Adjusters
