

DRIVING YOUR DREAM.

## 2006 LAPALMA

## DESIGNED FOR THOSE WITH THEIR HEART SET ON LUXURY, AND THEIR MIND SET ON GAS.

Welcome to the 2006 LaPalma. This remarkable gas motorhome makes no sacrifices when it comes to style and luxury. From the spaciousness of its 7-foot-high ceilings, to the craftsmanship of its woodwork with hardwood details — the LaPalma is Monaco living at its best.

While a booth dinette comes standard, you have the option of a freestanding dinette table with a wall cabinet, two beautifully styled freestanding chairs and two handy folding chairs. (Freestanding dinette required option for the 37SBT and the 37PST)

The LaPalma allows you to customize your floorplan with a wide range of impressive furniture options, including plush, durable OptimaLeather™ coverings and a fashionable Euro-recliner with an ottoman.

Throughout the coach, you'll enjoy the ambience of satin nickel decorative lighting. In addition, halogen lights are neatly mounted on the underside of the overhead cabinets in the living area.

- 1 When you need extra sleeping space for guests, just pull out the comfortable fabric hide-a-bed sofa (OptimaLeather™ is optional). The new style sofa comes standard with three matching decor pillows. (37PBD, Newport Cherry, Hampstead Lane)
- 2 In the bedroom, you'll enjoy the spacious queen bed with a wood/fabric headboard and an optional pillow top mattress. A large window in the rear wall of the coach is standard on the 37PBD and 37PCT and optional on the 35SBD and 37PST. (37PBD, Newport Cherry, Hampstead Lane)
- 3 The 37SBT features a large wardrobe closet with a deluxe mirror and a satin nickel finish door frame. In all of the floorplans you'll enjoy a 20" flatscreen TV in the bedroom, as well as a radio/CD player with two ceiling speakers. (37PBD, Newport Cherry, Hampstead Lane)
- 4 The kitchen features impressive storage space, top-notch appliances and the contemporary styling of a radius solid surface countertop with an under-mounted plexus-stone sink. (37PBD, Newport Cherry, Hampstead Lane)

#### TRAVEL IN THE BEST STYLE OF ALL: SAFELY.

Everything in the LaPalma's cockpit is organized to give you the safest possible experiences on the road. From the steel cage construction, to the Panaview<sup>TM</sup> windshield, to the ergonomically organized switches and controls — we've thought of everything.

Whether you're driving or parked, you'll enjoy the comfort of the soft touch vinyl cockpit seats (stylish distressed OptimaLeather™ is featured in the Ralph Lauren Hampstead Lane sport decor). The pilot's seat features six-way power controls, and the co-pilot has a handy dash workstation that's perfect for a laptop computer.

To the right of the steering wheel you'll find the monitor for the rear vision system with audio and an adjustable camera. An optional 3-camera system adds two side cameras for an expanded view.

- 1 Above the cockpit you'll find the wood framed cabinets with smoked glass doors that house the entertainment center. Along with the 24" flatscreen TV, you'll enjoy an exciting optional home theater system with VCR/DVD player and surround sound speakers. The coach is also prepped for an optional digital satellite system. (37PBD, Newport Cherry, Hampstead Lane)
- 2 Our exclusive side-hinged baggage door design offers unbeatable visibility into the storage compartments and makes it easier than ever to pack and unpack the gear you stow below. The large pass-through bays are perfect for oversized items, and the rotocast boxes are easy to wash down. (37PBD, Newport Cherry, Hampstead Lane)

SmartStructure II adapts the principles of our diesel chassis technology for use with a gas chassis. While other motorhomes use outriggers to hang the walls and storage compartments, our exclusive truss system is integrated with the chassis rails to provide a solid platform. The floor and storage bays are all one piece, and the truss system works with the chassis rails to channel weight toward the center of the motorhome. Greater strength. Better weight distribution. A solid foundation. That's SmartStructure II.

Shown here is the Workhorse chassis' Vortec $^{\text{\tiny TM}}$  8100, 8.1L V8 engine. It features 340 HP and 455 lbs./ft. torque. The Ford chassis comes standard with a 6.8L 3-valve V-10 engine with 362 HP and 457 lbs./ft torque.

## SLIDE-OUT CONSTRUCTION:

When you get a Monaco Coach, you can be sure the slide-out boxes are some of the strongest and most reliable you'll find anywhere. They feature our exclusive multi-layer construction to give you maximum insulation and to reduce the chance of warping, twisting or shifting.

#### FLOOR CONSTRUCTION: (top to bottom)

# THE MONACO DIFFERENCE: GREATER STRENGTH. LIGHTER WEIGHT. UNBEATABLE INSULATION.

The

LaPalma

exclusive Alumaframe<sup>®</sup> Superstructure. Our revolutionary system of aluminum C-Channel crossmembers runs the entire length of the unit, with double-welded intersections for added strength. This rigid design is both lighter and sturdier than wood or tubular aluminum frames — and much more reliable than butt-welded or screwed joint designs. From dirt roads to potholes, you can count on Alumaframe<sup>®</sup> to handle the relentless stresses of the road and provide superior structural integrity for many years to come.

## 2006 LAPALMA

When you think Monaco, you think impeccable styling. And 2006 is no exception. No matter where your tastes lie — from traditional to contemporary, conservative to bold — we give you more ways to turn your motorhome into your dream home. The LaPalma is proud to offer the Hampstead Lane Sport Decor by Ralph Lauren.

Note: Colors depicted are a reasonable representation though they may not be an exact match of the actual colors due to variances in processing and production. See your dealer for actual fabric and paint chip samples.

Manufactured in, not added on. For added protection against stains, soil repellant is applied to virtually all upholstery fabric during the finishing process for superior coverage.\*

- Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner's manual for further towing information
- All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual "usable capacity" may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.
- 3 Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

The actual length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Monaco Coach provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight.
