When you enter a Beaver Marquis, you enter a world that’s built by hand, inch-by-inch. Where you’ll find the same craftsmanship we’d put into our own homes, and nothing less. And then, when you take to the road, you’ll discover a level of luxury and performance that exceeds your every expectation. All creating the kind of experience other coaches can only dream about. Want to see it for yourself? A Beaver dealer near you will be happy to show you around.
This is a story of craftsmanship, pure and simple. It's the story of a cabinet shop with over 100 years of combined experience. And it's the story of master cabinet builders painstakingly hand-selecting and hand-crafting the finest hardwoods available. Why? Because when you're ready to make the move to a luxury motorcoach, you're looking for the best there is.

At Beaver, we know that quality isn't something that can be faked or forged. It's right there, for you to see. Like our cabinets — built from the inside out to virtually eliminate the need for holes, plugs or fillers. And our cabinetry fascia frames — constructed out of solid wood, period.

Sure, in the pages ahead, you'll also see our commitment to advanced technologies and luxurious amenities. But first, we wanted to show you something you'll never find in any other motorcoach. Our craftsmanship.

One Coach at a Time.

Yes, you could say we have a love affair with wood. With many woods, in fact. You see, our coaches give you a wide selection of cabinet styles, from such domestic woods as cherry, walnut and maple. Plus, our signature inlays come from such exotic woods as mappa, from Belgium; makori, from Africa; and walnut burl, from Northern Europe and Canada.

This is the marriage of power and poise.

You'll have no shortage of choices when it comes to the colors and woods in Beaver motorcoaches. Make your selection from our hand-chosen walnut, natural cherry and natural maple. Then, customize your cabinetry with the inlay you want, including walnut, makori or mappa burl. Your cabinets are hand rubbed with lacquer and a final coat of Thin Seal to produce a permanent luxurious sheen and give depth to the wood grain. The result is a coach as beautiful as a piece of heirloom furniture – solid, unique and distinctly yours.
