## ROADMASTER AND CHASSIS CONSTRUCTION

### A foundation for success.

Knowing full well the importance of a strong base, the Beaver Marquis relies exclusively on the incomparable Roadmaster chassis for its foundation. Roadmaster builds each chassis to the exact specifications of Beaver models and floorplans. What's more, because Roadmaster's entire focus is luxury motorhomes, the design, craftsmanship and quality of their chassis are second to none. Some of the most important benefits of a Roadmaster chassis are spelled out here. For a closer look, visit our website at [www.beavermotorcoaches.com](http://www.beavermotorcoaches.com) and look for the Roadmaster link.

#### POWERED BY CATERPILLAR®

Behind the beauty of Beaver is the brawn of Caterpillar®. Whether it's the 525 HP C-13 or the optional 600 HP C-15 engine, you can depend on the power and durability of a Cat®, which is why these motors are backed by a 5-year/200,000-mile warranty with no deductible. No one else has a warranty that's even close. Both the 525 C-13 and the 600 C-15 feature ACERT® technology, which means you're powered by the cleanest running engine out there, fully compliant with all EPA standards. ACERT® technology will save you money, too, with the lowest operating costs in the industry.

Caterpillar's 525 HP C-13 engine is so efficient its maintenance intervals are 30,000 miles – 5,000 miles higher than other engines.

The 600 HP C-15 from Caterpillar® features unparalleled responsiveness thanks to series turbo charging.

- 1 10,000 lb. hitch receiver offers powerful towing capacity with 7/4-way trailer plug. The coach also has a new pre-wire for a supplemental braking system.
- 2 The three-point engine mounting system lowers the coach's center of gravity and reduces the amount of vibration that reaches the coach. The mounting also makes the engine easier to service by allowing the engine to be easily lowered through the bottom of the coach.
- 3 Caterpillar® 525 HP ACERT® C-13 Engine.
- 4 Allison® 4000 MH 6-speed transmission for smooth shifting; our exclusive use of synthetic transmission fluid allows for up to three-year maintenance intervals.

- 5 Cushion Air-Glide suspension system positions ten Bilstein® shocks and ten air bags, eight of which are outboard mounted with auto-leveling for greater stability, a smoother ride and the best handling in its class.
  - Unique three-degree rear axle tilt aligns the engine, transmission and differential, minimizing stress on the drivetrain and reducing noise and vibration in the coach.
  - Automatic Traction Control (ATC) eliminates wheel slippage in slick conditions and heightens control.
  - Tag axle lifts for added maneuverability in tight spots.

Aladdin™ makes it easy to keep track of many important functions, mileage and much more.

With the GPS navigation system, you're free to explore the middle of nowhere and always know exactly where you are.

### OUTBOARD AIR BAG SUSPENSION

The outboard-mounted air bags are protected by two steel plates and are placed farther apart than the competition, providing a wider, more stable platform for the coach. The active suspension automatically adjusts the pressure of the air bags as you drive and virtually eliminates nosediving and the side-to-side body sway associated with high wind conditions, curvy roads and emergency maneuvers.

- 6 Basement structure rust inhibitor: To prevent corrosion, the basement storage area is constructed with pre-primed steel with rust-inhibiting paint.
- 7 Full-length frame rails fabricated from 3" by 8" by 1/4" 60,000 PSI structural steel; rails are spaced 44" on center for a wider stance and unmatched strength.
- 8 The semi-monocoque design, with trussed superstructure, distributes stress evenly throughout the entire chassis and adds strength to sidewalls and bays.
- 9 Cat® compression two-stage engine brake system assures you of safely traveling steep grades while 6-wheel anti-lock brakes with disc brakes in front help you maintain control in severe road conditions.

### 8-LAYER ROOF CONSTRUCTION (top to bottom)

- One-piece 1/4" thick fiberglass roof, crowned for water runoff and seamlessly joined with front and rear end caps
- Vapor barrier
- 3-1/2" tapered bead foam supports the crowned roof; the center tunnel houses wiring and air conditioner ducts
- 1/4" marine grade plywood sheeting
- Tubular steel framework
- R 7.5 closed cel foam seals every nook and crevice
- Luaun and vinyl paneling are Vac-U-Bonded
- Sound-absorbing, easy-to-clean padded vinyl interior headliner

### 6-LAYER WALL CONSTRUCTION (left to right)

- Gel coat fiberglass outer wall
- Luaun paneling
- Heavy-gauge tubular steel and 4" steel plate backers
- R 7.5 closed cel foam seals every nook and crevice
- Luaun paneling; walls are Vac-U-Bonded together
- Decorative wall coverings

### 5-LAYER FLOOR CONSTRUCTION (top to bottom)

- Tile, or 1/2" carpet pad and carpeting
- Dyna-Span flooring
- Decibel layer
- Dyna-Span flooring
- Waterproof fiberglass underbelly

- 10 Dual ping air tanks with 3/4" air lines for quicker response and improved ride and handling.
- 11 P295/80R Goodyear steel-belted, all-season tires ensure a safe and quiet ride (G670 RV tire).
- 12 The TRW power steering box allows for a 50-degree front wheel turn angle in both directions for better maneuverability and returns the steering wheel to its center position to eliminate driver fatigue.
- 13 All chassis are equipped with steel cage construction, steel firewall and steel stepwell for added safety.

This optional collision avoidance system utilizes a combination of sensors, software and radar to warn you of potential hazards on the road ahead and alongside your coach, which may be outside your view.

### WARRANTIES

12 Month/24,000 Mile basic limited warranty; 5 Year/50,000 Mile limited warranty on aluminum or steel frame structure of sidewall, roof, front and rear cap; 3 Year/36,000 Mile limited warranty on Roadmaster chassis *Applies to certain models. See owner's manual for complete details.*

## Mark of distinction.

Rich, vibrant woods create a unique look and feel in the 2008 Marquis. Far from ordinary, Marquis' cabinets are handcrafted from superior hardwoods by experienced artisans. And, to bring distinctiveness to another level entirely, Marquis offers a choice of three stunning woods, with or without the bold look of burl inlays.

<sup>1</sup> Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner's manual for further towing information.

<sup>2</sup> All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual "usable capacity" may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Beaver Motor Coaches provides a weight sticker on each unit

we produce which includes that unit's tank capacities and approximate weight. Consult your local Beaver Motor Coaches dealer for unit availability and further information.

The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name which will result in comparable performance.

All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard equipment on Beaver Motor Coach models. Beaver Motor Coaches, the Beaver logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders. While the color of the motorhome's exterior

and the interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure.

Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order. Component part and appliance manufacturers issue limited warranties covering those portions of the recreational vehicle not covered by the Limited Warranties issued by Monaco Coach Corporation. To learn which specific component parts and appliances are excluded from the Limited Warranties issued by Monaco Coach Corporation, please contact your selling dealership or Monaco Coach Corporation directly, or review the warranty packet inside the recreational vehicle.

## BEAVER MARQUIS® | 2008

### Different by design.

It's no accident that Beaver motorhomes stand apart from the others. We were never going for mass appeal. At Beaver, our goal has always been to cater to those individuals who want something special. So we create luxury motorhomes that are literally like no other.

Some differences are obvious, like our famous handcrafted wood cabinetry. Others aren't as apparent, such as our exclusive Roadmaster chassis and seamlessly integrated engineering. But when you drive a Beaver, it all comes together to create a one-of-a-kind experience you won't soon forget. The 2008 Marquis from Beaver. Different by design.

### BEING DIFFERENT MAKES ALL THE DIFFERENCE.

*"No other manufacturer can match Monaco's offerings. No one even comes close."*

*Kay*  
Kay Toolson, CEO

At Monaco, we always strive to be the best. And that means thinking outside the box. Giving you more of what you want in an RV. Like our exclusive Roadmaster chassis. Three factory-owned service centers. And programs like Monaco Financial Services and 24/7 roadside assistance. No other manufacturer can match Monaco's offerings. No one even comes close. Why not discover the difference for yourself? Go Monaco.
