MONACO

DRIVING YOUR DREAM™
Welcome aboard the 2005 Monarch SE. This value-packed gas motorhome is the perfect way to experience Monaco’s legendary quality. The coach’s interior features many residential-style details, including beautiful cabinetry, accent crown molding and decorative slide-out fascia. You’ll enjoy plush fabric furnishings, padded carpeting and either linoleum flooring or the optional laminate plank flooring, shown here. Above the cockpit, you’ll find an exciting 24” flatscreen stereo TV, as well as cabinets for housing the optional VCR and DVD player.

**DRIVING YOUR DREAM.**

Dreams. They’re the way we write the story of our lives. Some are serious. Like raising kids or building a business. Others are pure fun. Like the dream you have early on a summer morning, sipping coffee and working on your life’s next chapter. It’s about making big plans and changing them on a whim. Or even better, following your heart without any plans at all. Yes, it’s the dream of a lifetime. And with Monaco’s legendary quality, reliability and innovation, we can make it all come true.
The automotive-style dash puts everything you need within easy reach. Highlights include a CD player/radio with four speakers, a new wood center console with cupholders and a front drawer or tip door, depending on the chassis. A three-camera rear vision system with audio makes an attractive option — giving you eyes and ears for what's behind the motorhome.

A fold-out sofa easily accommodates family or friends and adds versatility to your floorplan. A jackknife sofa comes standard, or you may choose an optional hide-a-bed in fabric or soft touch vinyl — with your choice of a standard mattress or an air mattress.

The Monarch SE's booth dinette also easily converts into a comfortable sleeping area.
Each year, our designers create color and fabric combinations that lead the industry in warmth and style. This year, we’re offering five beautiful decors and three stunning cabinet finishes.

* Manufactured in, not added on. For added protection against stains, Dupont Teflon® soil repellent is applied to virtually all upholstery fabric during the finishing process for superior coverage.*

* Brand and application of upholstery fabric protection may vary depending on date recreational vehicle was manufactured.

Note: Colors depicted are a reasonable representation though they may not be an exact match of the actual colors due to variances in processing and production. See your dealer for actual fabric and paint chip samples.
A Our insulated systems compartment gives you easy access to hook-up functions. Other wet bay conveniences include a hot and cold water shower and a soap dispenser.

B This year, the Monarch SE boasts a whopping 32% increase in storage capacity, with new pass-through bays under the slide-outs. New side-hinged baggage doors make it easier than ever to pack and unpack the items you stow down below.

C While you’re enjoying the outdoors, you’ll also enjoy catching up on the news or listening to your favorite music with this optional exterior entertainment center, featuring a CD player and radio with two speakers.

An optional patio awning adds a finishing touch and helps make your campground experiences more enjoyable.
No other manufacturer gives you as many innovative floorplan choices as Monaco. The 2005 Monarch SE offers double and triple slide-out models in lengths that range from 33' to 37'.

1. Towing capacity is limited by GCWR; your vehicle’s towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner’s manual for further towing information.
2. Variances in the fabrication and installation of the tanks may cause the actual “usable capacity” to be greater or less than the capacities designated above.
3. Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floor plan arrangements available to our customers, actual weights for each unit can differ significantly. Monaco Coach provides a weight sticker on each unit we produce which includes that unit’s tank capacities and approximate weight. Consult your local Monaco Coach dealer for unit availability and further information. The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard equipment on Monaco Coach models. Monaco Coach, the Monaco logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders. While the color of the motorhome’s exterior and the interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order.
### Chassis/Engine/Suspension

#### Ford
- 6.8L V-10 Gasoline Engine with Electronic Fuel Injection
- Power: 310 HP; Torque: 425 lbs./ft.
- 4-Speed Automatic Transmission with Overdrive
- Fuel Tank Capacity 75 Gallon
- 130 Amp Alternator
- Rear Axle Ratio 5.38:1
- Radial Tires 235/80R 22.5G
- Polished Aluminum Wheels
- Leaf Spring Suspension
- ABS Brake System
- Hitch Receiver with Dual Connector 4-Pin or 7-Pin 4,000 Lb.
- SmartStructure II

#### Workhorse
- 8.1L V-8 Gasoline Engine with Electronic Fuel Injection
- Engine Displacement: 8.1 Liters 496 Cu. In.
- Power: 340 HP; Torque: 455 lbs./ft.
- 5-Speed Automatic Transmission with Overdrive
- Fuel Tank Capacity 75 Gallon
- 145 Amp Alternator
- Rear Axle Ratio 5.38:1
- Radial Tires 235/80R 22.5G
- Stainless Steel Wheel Liners
- Leaf Spring Suspension
- ABS Brake System
- Hitch Receiver with Dual Connector 4-Pin or 7-Pin 4,000 Lb.
- SmartStructure II

### Options
- Fully Automatic Hydraulic Leveling System
