If owning a Monaco has been in your dreams, the Monarch SE has everything you need to make it a reality. Legendary quality. The peace of mind of the industry’s best owner support. And most importantly — remarkable affordability. As you thumb through these pages and take in the distinctive styling and impressive creature comforts, also take a closer look at all the standard features and added details that make this the very best value on the road.

1 You’ll find plenty of well-organized storage space in the kitchen, including a pantry with adjustable shelves, trash can storage and a silverware drawer with dividers. The appliances are also designed to make life easier and include a large double-door refrigerator (a refrigerator with ice maker is optional), a high-output three-burner cooktop and a versatile convection microwave oven. (37PBD, New Vintage Oak, Hidden Valley)

2 Along with its exquisite comfort and styling, the bedroom features the added spaciousness of 30-inch bed slide-outs (not available on the 34SBD). (37PBD, New Vintage Oak, Hidden Valley)
Nothing compares to the hassle-free experience of setting off in a full-size motorhome. The possibilities are endless, and the Monarch SE is designed to give you the safest, most comfortable journeys imaginable.

1. The cockpit seats double as cozy recliners while you’re parked and feature plush fabric coverings or optional soft touch vinyl. In the cabinets overhead you’ll find the 24” flatscreen TV and the hook-ups for both cable TV and a digital satellite system. (37PBD, New Vintage Oak, Hidden Valley)

2. Our exclusive side-hinged baggage door design offers unbeatable visibility into the storage compartments and makes it easier than ever to reach your luggage and other belongings. The large storage bays are perfect for oversized items, and the rotocast boxes are easy to wash down. (37PBD, New Vintage Oak, Hidden Valley)

3. Monaco leads the way in making your hook-up functions as easy as possible. Our wet bay features a hot and cold water shower, as well as a built-in soap dispenser. An optional RV Sani-Con tank flush system has a hanging bracket for the hose and helps you keep the area tidy and organized. (37PBD, New Vintage Oak, Hidden Valley)
No more black rubber seam! Our exclusive Panaview™ 1-piece windshield gives you the largest, and safest, unobstructed view of the road ahead. The wipers are discreetly mounted below your sight line, and the side pillars are more slender, for a wraparound effect.
SmartStructure II adapts the principles of our diesel chassis technology for use with a gas chassis. While other motorhomes use outriggers to hang the walls and storage compartments, our exclusive truss system is integrated with the chassis rails to provide a solid platform. The floor and storage bays are all one piece, and the truss system works with the chassis rails to channel weight toward the center of the motorhome. Greater strength. Better weight distribution. A solid foundation. That’s SmartStructure II.

Shown here is the Workhorse chassis’ Vortec 8100, 8.1L V8 engine. It features 340 HP and 455 lbs./ft. torque. The Ford chassis comes standard with a 6.8L 3-valve V-10 engine with 362 HP and 457 lbs./ft torque.

**The Monaco difference:**

**Greater strength. Lighter weight. Unbeatable insulation.**

The Monarch SE features Monaco Coach’s exclusive Alumaframe® Superstructure. Our revolutionary system of aluminum C-Channel crossmembers runs the entire length of the unit, with double-welded intersections for added strength. This rigid design is both lighter and sturdier than wood or tubular aluminum frames — and much more reliable than butt-welded or screwed joint designs. From dirt roads to potholes, you can count on Alumaframe® to handle the relentless stresses of the road and provide superior structural integrity for many years to come.

**Floor Construction:** (bottom to top)
- Three-ply poly underbelly
- 1-1/2” aluminum tube
- Blue foam insulation
- Structurwood™

**Slide-out Construction:**
When you get a Monaco Coach, you can be sure the slide-out boxes are some of the strongest and most reliable you’ll find anywhere. They feature our exclusive multi-layer construction to give you maximum insulation and to reduce the chance of warping, twisting or shifting.

You’ll enjoy a full package of high-quality awnings, including an optional Eclipse automatic patio awning.
The 2006 Monarch SE is available in a remarkable selection of innovative floorplans ranging from 33’ to 37’, with double and triple slide-outs. No matter which one you choose, you’ll enjoy more livable interior space and more easy-to-reach storage than any other manufacturer has to offer.

You can find the 30PDD floorplan on page 16.

**Furniture Options:**
- New Style Fabric Hide-A-Bed Sofa with Air Mattress and Two Pillows
