40 Wilmington IV-Quad shown in Desert Sunset decor with Cherry cabinetry and Maple Buri inlays.
THIS IS THE MARRIAGE OF ART AND SCIENCE.

Welcome to the 2006 Patriot and its impressive Thunder Package. Whichever model you choose, the stunning interior is designed to take luxury to a higher level, while the state-of-the-art technologies, Roadmaster S-Series chassis and Caterpillar® engine combine to deliver unbeatable performance. In short, this coach will take your breath away.

EVERY DETAIL IS A GIFT TO YOU.

Only an expertly handcrafted coach like the Patriot can confidently invite you to inspect every detail. From the uniquely beautiful cabinetry, to the decorative hardwood slide-out fascia, to the crown molding — you’ll discover the extraordinary care that goes into making this a home.

HERE, IT’S ALL ABOUT CONVENIENCE.

At first glance, the Patriot will wow you with its beauty and craftsmanship. But we think you’ll also appreciate its countless conveniences and thoughtful extras. The solid surface countertop, integrated sink and newly styled backsplash are all designed to be easily cared for, and you’ll enjoy built-in storage for the countertop covers, a large pot and pan drawer, roomy pantry storage and lined cabinet shelves, to name just a few.

MULTIPLEX SYSTEM.

An exciting new feature this year is the Multiplex wiring system. Lighted switch panels like the one shown here are located throughout the coach, giving you more convenient access to the controls for the slide-outs, the lighting, including the dimmers, and more. Multiplexing also reduces the amount of wiring in the coach, reducing overall weight and making servicing easier.

Other highlights include the legless solid surface dinette table with a side-slide adjustment for added convenience, as well as ceramic tile flooring, optional sculptured carpeting and the stylish OptimaLeather™ Euro-recliner with ottoman.
A PERFECT MATCH FOR EVERY PERSONALITY.

Whether your tastes run from the traditional to the adventurous, our expert designers have assembled a color scheme that’s right for you. No matter which one you choose, you’ll enjoy a distinctive decor with plush fabrics, carpet and upholstery, as well as a uniquely durable exterior finish, featuring the rich luster of our deluxe full-body paint.

The 2006 Patriot is a marvel of innovation, with a long list of state-of-the-art features, including a 2,800 watt pure sine wave inverter, the Aladdin™ video coach system, automatic traction control, and optional GPS and OnStar® mobile assistance systems — to name just a few. But here, in the Patriot's cabinet shop, it's all about Old World craftsmanship.

The hardwoods for our cabinets and the exotic burls used in our one-of-a-kind inlays come from all over the world — from South America to Northern Africa to Central Europe. Not only do we travel the globe in search of the best wood sources, but we also hand select our choice of trees to achieve greater consistency in grain, texture and color. A single coach may typically include an astounding 45 cabinets, 60 doors, two pocket doors, 40 drawer faces and literally hundreds of other pieces of wood.

Naturally, we wouldn’t entrust these valuable resources to just anyone. In fact, our cabinet shop is comprised of highly skilled craftspeople with a combined total of more than 350 years of cabinetmaking and woodworking experience.

**FROM START TO FINISH.**

The Patriot’s woodwork features a gloss finish. Stain is never used — what you see is the natural grain and tones of the wood. A multi-layer finishing process achieves a magnificent luster. And as you can see here, nothing leaves the cabinet shop until it’s been thoroughly inspected.

HERE ARE SOME THINGS YOU CAN COUNT ON.

Talk to Beaver owners, and they'll tell you the day you drive away in your new coach is the beginning of a lasting relationship. That's because personalized owner care is something we stake our reputation on, year after year. Wherever your travels lead, you can count on us to be only a phone call away. Our staff is available 24/7/365 to help you with virtually any situation that may arise — with troubleshooting, operational instruction or facilitating repairs at the nearest of our 350 nationwide service centers. In addition, you’ll be enrolled in our Owner Advantage Roadside Assistance Program free of charge for your first year of ownership — providing additional emergency assistance, including towing, tire repairs and many more services around the clock. In short, when you purchase an RV from Monaco Coach Corporation, you get a wider array of benefits than any other manufacturer can offer. From our industry-leading Roadmaster chassis to the remarkable White Glove factory inspection program. Want to see it all for yourself? Simply call 1-800-634-0855 or 1-800-650-7337 to arrange a tour of one of our state-of-the-art production facilities in Oregon or Indiana.

1. Towing capacity is limited by GCWR; your vehicle’s towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your Owner’s Manual for further towing information.

2. Height measurements include roof satellite.

3. Actual filled LP capacity is 80% of listing due to safety shut-off required on tank. All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual "usable capacity" may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

The overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated.

Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit may differ. Beaver Motor Coaches provides a weight sticker on each unit we produce, which includes that unit’s tank capacities and approximate weight. Consult your local Beaver Motor Coaches dealer for unit availability and further information.

Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. WHEN A COMPANY TREATS YOU THIS WELL, YOU CAN’T HELP BEING LOYAL.

Meet long-time RV owners, Jack and Sheron Brown. They spent three years researching diesel motorhomes before the day they stepped into a 2003 Patriot with the Thunder Package and were sold on the spot. They were both wowed by the stunning interior that made other motorhomes look “plain vanilla.” Jack fell in love with the big Caterpillar® engine that he says “has yet to meet a mountain it couldn’t climb,” while Sheron appreciates the livable layout and plentiful storage space.

Together, they insist that the highlight of owning a Patriot is the personal treatment they receive from Beaver’s customer service and tech support teams. “They’re totally committed to resolving issues and making things right,” says Jack. “And that’s the way I believe in doing business.”

In fact, the Browns are taking possession of a brand new 2005 Patriot Thunder with quad slide-outs and a 525 HP engine. They know they’ll continue to turn heads wherever they go, and that’s fine with them. Because, like they both said, “We’re Beaver owners for life.”
