GM S-Series

If you like the looks and economy of the new GM Series S-15 or Chevy S-10 trucks, you’ll love the handling and performance of a Dolphin Motorhome built on this chassis. This fuel-efficient new vehicle from GM features a 110 horsepower V-6 engine and a smooth riding automatic transmission.
Introducing the Motorhome of the 80's

Dolphin, a premier manufacturer of fine quality RV's for 18 years, has recognized the need for a motorhome that will offer the consumer good gas mileage and all the conveniences of the larger motorhomes, but in a smaller, more manageable package. With the new GM S-Series we have combined all these desirable features and at an affordable price.
