INTRODUCING DOLPHIN'S
New CLASS A MOTORHOME

In the tradition of Dolphin excellence, we are proud to introduce our new luxury CLASS A Motorhome for 1986. For over 22 years, Dolphin has been setting the trends in the industry with its very popular micro-mini motorhomes.

Now you can get the same Dolphin quality in a beautiful and spacious Class A unit. This new motorhome is loaded with the same luxury features as larger high-line models, such as color TV mounted in the dash with optional rear TV camera, oak raised panel doors with deluxe oak trimmed hardware and luxurious designer fabrics. Other extras include docking lights and extra large water and waste holding capacities.

We invite you to see our latest success story.
