Sea Breeze - Low Profile, High Value

Since 1963, National RV has earned a reputation for quality, innovation, and value. Sea Breeze shows why. Superbly appointed, quality built, and priced well under the competition, the new Sea Breeze is the best thing going. Designed for carefree touring, this easy maneuvering, long wheel base narrow-body is 96" wide and under 11' high, so it slips under tree branches, negotiates narrow roads and nestles into tight camping spots.

Bumper to bumper, the Sea Breeze is boldly distinctive with clean lines and a list of most-wanted features found only in higher priced motorhomes. Standard items like Corian counters (Models 1310, 1330), 5.5 KW generator, ducted roof air conditioning, 19" color TV, stereo, microwave, the list goes on. On the inside, there are color-coordinated interiors with designer fabrics and carpeting with mini-blinds and sound-deadening fabric ceilings. On the outside, a unique semi-basement design provides plenty of storage. Equally impressive is Sea Breeze's high power-to-weight ratio, a must for towing.

It's no wonder Sea Breeze has a better resale value down the road. Visit your dealer today to see why Sea Breeze is the finest motorhome in its class.

Quality Built, From Roof To Road

National RV has a long-standing tradition of superior products, insisting on the most thorough engineering, the best materials, and the finest craftsmanship. Such uncompromising dedication to quality is a key characteristic of Sea Breeze.

Building upon a solid Ford or Chevrolet chassis, National RV engineers utilize an all-steel frame and truss system to construct an enduring foundation. Incorporating a laminated steel framed floor, exterior walls and roof, each Sea Breeze is literally surrounded in steel.

A feature found on only the finest motorhomes, high gloss gel coat is used on the molded front and rear fiberglass caps and exterior walls. The floor is insulated and undercoated for exceptional weather protection. A steel framed rubber crowned roof protects from above, and each Sea Breeze is thoroughly insulated - even the lower compartment doors.

Leaving nothing to chance, National RV quality control experts thoroughly inspect and test every coach many times before it leaves the factory. This rigorous formal program encompasses water testing, front end alignment, wheel balancing, undercoating and quality control checks, concluding with a thorough test drive.

In addition to generous storage areas, there is a dump/fill station that's easy to access and use. It includes a city water hookup, waste hose storage, and an outside shower for easy cleanup.

24 gallon LPG tank is conveniently located for easy filling.

Large storage compartments provide a safe, secure place to stow all manner of items, large and small.

Whenever You're On The Road, National RV Is On Call...

Enjoy Sea Breeze's Inviting Interiors

Wherever your journeys take you, you'll always travel in complete comfort with your Sea Breeze motorhome. Stretch out in the spacious master suite, replete with an island queen bed. Each Sea Breeze bedroom is attractively decorated with color-coordinated deluxe bedspreads and shams with pillows - even the headboard and valances pick up the tasteful motif. We've also built in an abundance of storage space that includes wardrobes in the dressing areas.

Gourmet Galleys

Complete food preparation facilities, expansive storage, and easy care have long been Sea Breeze hallmarks. So is innovation. For example, the Corian counter tops in Models 1310 and 1330 feature a folding Corian cover that's flush to the counter and conceals the range when not in use. Standard features include a microwave oven, pantry, coffee maker, and even a water filter. Handsome oak trim is utilized throughout the entire Sea Breeze line. Models 1310 and 1330 also have dramatic oak plank flooring.

Garden Bath

You're sure to enjoy Sea Breeze's elegant garden bath, an exclusive highlight of Model 1330. The domed skylight really opens up the room, contributing to the overall lighting and that feeling of spaciousness. For your convenience, we've installed a beautiful glass enclosed garden shower along one side of the hall and lavatory and a separate toilet room on the other. Goldtone fixtures and trim provide elegant accents at every turn. Standard features include a full length beveled glass mirror, cosmetic light and powered ceiling vent.
