Announcing the return of Tropi-Cal, now as a powerful diesel pusher motorhome.

- 330 HP Caterpillar® Diesel Engine
- Freightliner® Raised Rail Chassis
- Spacious Tripe-Slide Floorplans
Tropi-Cal is back with diesel power, thoughtful new interiors and more living space than ever. And with loads of standard features, Tropi-Cal is the best buy going in diesel motorhomes!

Spacious triple-slide floorplans provide plenty of room to stretch out, and tropical-themed fabrics complement hand-crafted oak or walnut cabinetry. Tropi-Cal’s abundant entertainment opportunities include two large TVs (27” lounge & 19” bedroom) with front A/V jacks, a hi-fi VCR, multi-speaker sound and optional patio entertainment system.

The Onan® 7.5 kW diesel generator, 50 amp shore power and optional 2,000 watt inverter keep the coach powered up and the good times rolling, whether in a nice campground or far from civilization. Whatever the weather conditions are, Tropi-Cal remains comfortable inside with dual low profile air conditioners, dual furnaces and a cocoon of block foam insulation vacuum-bonded into the steel-framed coach body.

Tropi-Cal boasts many “residential” features to make you feel right at home, including National RV’s exclusive “Sandpiper Deluxe” pillow top mattress and floors covered with patterned plush carpeting and hand-laid ceramic tile. Each floorplan also features two wash basins for extra convenience.
With a 330 HP Caterpillar® turbo diesel engine, Tropi-Cal outperforms other motorhomes in its class and makes getting there half the fun. The brawny Freightliner® raised rail chassis features a tuned air-ride suspension for stable, responsive handling and a smooth, safe ride.

See your nearest National RV dealer today to experience the wide open spaces, power and value of the new Tropi-Cal.
