EXPERIENCE THE NATIONAL RV ADVANTAGE!

We build every National RV to far surpass the competition in every aspect. Look for this banner throughout the following pages for more information on important items that help make up The National RV Advantage.
Tropi-Cal makes highline styling and comfort available in an affordable diesel motor home. Richly appointed interiors feature a choice of three fabulous décors: Nairobi (shown here), Mediterranean or Vienna. Complementing Tropi-Cal’s interiors are a choice of natural maple, natural cherry or stained cherry wood finishes. A variety of comfortable floorplans provide maximum livability in a surprisingly maneuverable package. See the back page of this brochure for fabric samples from each décor.
Campfires are great for evening socializing. But when it comes to cooking, nothing beats Tropi-Cal’s fully equipped, spacious kitchens. An expansive kitchen counter topped with color-coordinated genuine Corian® provides the perfect workspace for your culinary creativity. The versatile convection microwave can pop corn or bake a ham with equal ease. The only thing better than the spacious 8 cubic foot standard refrigerator is the huge, optional 12 cubic foot side-by-side refrigerator with ice maker. Residential quality cabinetry features solid wood cabinet doors and drawer fronts as well as stainless steel ball bearing drawer guides and premium hardware. The full-floor vinyl tiling makes it easy to keep high traffic areas clean and beautiful.
National RV insists on using only genuine Corian® solid surface materials on all of our kitchen countertops. Other manufacturers cut costs by using imitation materials or laminates cleverly disguised with solid edge moldings. But we insist on the real thing. Nothing is as durable, impervious to stains and resistant to scratching than genuine Corian®.
ONE-PIECE FIBERGLASS SHOWER
Manufactured "in-house" at National RV to ensure quality, this shower is crafted of thick fiberglass with plenty of reinforcement for a sturdy, rigid feel. Step into a competitor's shower and you'll feel the difference as the plastic or lower quality fiberglass shower pan gives under your weight. One-piece construction means there are no seams in the shower enclosure where leaks can develop or mold and mildew can thrive. Built for years of trouble-free use, our one-piece reinforced fiberglass shower is truly a National RV Advantage!
Tastefully appointed bedroom suites provide a comfortable rest after a day of adventure. Tropi-Cal features National RV’s exclusive *Sandpiper Deluxe* true queen sized pillow top comfort mattress. Slide-out wardrobes, overhead cabinets and under-bed compartments provide plenty of storage space. A 20” flat screen or 20” LCD TV (depending on floorplan) is fully integrated with the coach’s extensive entertainment system. Bathrooms feature National RV’s coveted one-piece, reinforced fiberglass shower. Both split and enclosed bathroom configurations are spacious and thoughtfully arranged. Gone are the cramped water closets of yesterday’s recreational vehicles.

**A Rejuvenating Retreat**
Tropi-Cal’s exterior displays as much style and intrigue as its interior. Huge basement storage bays provide plenty of room for the treasures you’ll find along the way. Easy-to-use utilities systems such as electrical and plumbing systems keep your home away from home running smoothly. And of course, Tropi-Cal will turn heads on the road and at your favorite campsite with its bold exterior styling, including sumptuous full body paint and distinctive black exterior hardware.
National RV’s exclusive DuraSlide™ flush wall slide-out system provides more than just great looks. It is a testament to the engineering and quality manufacturing that go into every National RV motorhome.

With the slide-out fully retracted, the side of the coach has a smooth, flush surface at the slide-out seal. Double wipers with integrated bulb seals provide a positive seal even when the slide-out is in motion, keeping the weather outside and your cozy climate inside.

Why don’t all motorhomes come with flush slide-out seals?

National RV’s careful engineering and tight manufacturing tolerances are what make the flush slide-out seal possible. The system depends on the rigid coach framework that National RV’s DuraFrame and tubular steel coach body framework provides.

Manufacturers who cut costs by building cheaper, less rigid motorhomes need to hide the resulting gaps and poorer fit by using a wide, protruding cover along the slide-out seams.

Made with the same materials and methods as our laminated sidewalls, the storage compartment floor panels and door inserts of every National RV motorhome are laminated with highly efficient EPS block foam insulation to keep your valuables safe from temperature extremes.

ANOTHER NATIONAL RV ADVANTAGE!
**Construction**

Every great home needs a solid foundation, and that’s exactly what National RV’s DuraFrame® Chassis System and all-steel tubular coach body construction provide. The DuraFrame® is specifically engineered to provide the strength that today’s multiple slide-out motor homes require—all within the chassis system itself. DuraFrame®’s all steel, full welded system of tubular steel risers, plate steel outriggers and truss-like engineering provide an abundance of coach strength while enabling cavernous basement storage spaces. Other manufacturers rely on the coach sidewalls to absorb much of the stresses of travelling and bearing the coach’s weight. DuraFrame® provides all of the strength necessary to support the coach within the structure itself—below the floor line and below the slide-outs.

**Cold Hard Steel**

ANOTHER NATIONAL RV ADVANTAGE!

SUPERIOR COACH BODY CONSTRUCTION
National RV uses an advanced vacuum lamination process and the highest quality materials in the construction of the fully insulated roof, walls, and floor.

TUBULAR STEEL FRAME
Stronger and less susceptible to work fatigue than aluminum and won’t decay like wood.

CROWNED ROOF
The best RV roof in the business is built with arched tubular steel roof trusses. The crowned roof has radius edges for superior runoff.

FIBERGLASS ROOF SKIN
A seamless barrier against moisture; more durable and easier to maintain and repair than rubber or aluminum.

¼” STRUCTURE-WOOD®
This oriented strand board (OSB) from Weyerhaeuser carries a 25 year warranty and is used for both the roof deck and interior ceiling panel.

EPS BLOCK FOAM INSULATION
Used throughout the coach in every laminated coach body component. This foam won’t settle or sag like spun fiberglass insulation. Insulation is up to 5½” thick in the roof, and completely surrounds the coach living areas. It’s even in the floor!

¼” THICK MAHOGANY INTERIOR WALL PANEL
A thick, firm interior wall surface that’s tough enough to anchor our cabinetry—and whatever pictures or fixtures you care to hang, wherever you want to hang them. Competitors’ thin interior wall surfaces “give” when you push them, revealing their weakness beneath the surface, with reinforcements built in only where necessary to attach cabinets. Our interior wall surfaces are ¼” thick and rigid throughout!

HIGH GLOSS GELCOAT EXTERIOR
The exterior sidewall surface is made of a thick, resilient fiberglass gelcoat sheet that is vacuum laminated to the sidewall structure. The result is excellent resistance to delamination and long-lasting great looks.

NOTE: Some components and their locations as shown in the photo above may differ slightly from the actual components of the chassis used in the Tropi-Cal motorhome. This photo is intended only as a general representation of the Duraframe® Chassis System and is not intended to represent actual components and their locations.
**SPECIFICATIONS**

**COACH BODY CONSTRUCTION**
- Duraframe® patented steel sub floor construction
- Steel framed laminated floor
- Steel framed crowned laminated fiberglass roof
- Steel framed laminated fiberglass high gloss sidewalls
- Custom painted three color full body exterior graphics with choice of (3) color packages
- Front and rear molded high gloss fiberglass caps and integrated bumper assembly
- Protective film front mask
- Full width mud flap with logo
- Padded vinyl ceiling material
- Electric slide-out rooms
- Insulated fiberglass exterior storage compartment doors with integrated paddle latches and gas struts
- Slide-out storage tray, single direction (one or two)
- Black aluminum rear ladder
- Automotive undercoating
- Steel insulated front bulkhead

**FURNITURE**
- Kustom Fit® soft touch Ultra-Leather® recliner cockpit seats with swivel base, 6-way power driver seat, manually adjusted passenger seat
- 6-way power adjustment and power footrest on passenger seat
- Kustom Fit® Wonderbed fabric sleeper sofa
- Kustom Fit® freestanding soft touch Ultra-Leather® lounge recliner with footrest (T340 only)

**APPLIANCES & ACCESSORIES**
- 27” flat screen TV in living area
- 20” flat screen TV with front A/V jacks in bedroom (T340 only)
- 20” LCD TV in bedroom (T330 only)
- Home theater entertainment package: Includes DVD/VCR, digital receiver and speaker/subwoofer system
- DVD/VCR combo
- 8 cu. ft refrigerator
- 12 cu. ft refrigerator with ice maker (delete pantry)
- High output 3-burner cook top with flush mount Corian® range cover
- 21” conventional oven
- Convection microwave oven with carousel, built-in light and fan
- Cable TV hook-up and multiple telephone jacks
- TV antenna
- Kingdome® automatic stationary satellite dish

**COCKPIT FEATURES**
- Big button AM/FM cassette stereo and CD with four speakers
- Multidisc CD changer
- Sirius® satellite radio module with 6 month subscription
- Motorized black & white rear vision system with microphone
- Color rear vision system with 3 cameras (rear and 2 side view)
- GPS navigation system
- Pantographic windshield wipers
- Two 2-speed dash fans
- Power steering
- Electronic cruise control
- Douglas® tilt and telescoping steering wheel
- Roof mounted dual chrome trumpet air horns
- Power controlled heated exterior mirrors (black)
- Hydraulic leveling jacks with dash mounted controls
- 12V/120V receptacle and phone jack
- Manual driver and passenger sun visors
- Electric sunvisors
- Manual driver side sun shade
- Electric stepwell cover
- Wraparound privacy curtain with easy reach wand
- Illuminated stepwell
- Floormats

**ELECTRICAL SYSTEMS**
- 50 Amp shore power cord
- 120V distribution panel
- 12V push button circuit breaker distribution panel
- Solar panel ready (pre-wired)
- Onan® 8.0 KW Quiet Diesel generator
- 2,000 watt inverter/converter with remote on/off switch
- (4) 6V deep cycle house batteries
- (2) 760 CCA 12V maintenance-free chassis batteries
- Systems monitor panel
- Battery disconnect switch
- Porch light
- 120V patio receptacle and telephone jack
- Three water pump switches [kitchen, bathroom and exterior plumbing service station]
- Courtesy light at entry-door switch panel
- Fluorescent lights in ceiling with wall mounted switches
- Pre-wired for trailer brake controller
- Lights in exterior storage compartments
WINDOWS, DOORS & AWNINGS
- Insulated and tinted dual pane windows
- Power double entrance step with light and anti-skid surface
- Entrance door with clear glass and screen door
- Tinted skylight in bathroom
- Ventilated windows on sides of slide-out rooms (lounge slides only)
- Manual patio awning with black metal cover and hardware (pre-wired for electric)
- Electric patio awning with black metal cover and hardware
- Slide-out topper awnings
- Exterior windshield sun screens

PLUMBING SYSTEMS
Coach Exterior
- Heated systems compartment with easy access to hook-ups
- Manual dump valves
- Pressurized water fill with regulator
- On demand water system and water pump
- Water heater bypass valve
- Winterization antifreeze inlet to pump
- Holding tank rinsing system (black tank only)
- Outside shower

Kitchen Area
- Water filter/faucet in kitchen
- Single lever faucet with detachable gooseneck sprayer

Bath Area
- Porcelain toilet with sprayer
- Designer glass shower enclosure
- One piece fiberglass shower
- Single lever lavy faucet
- 10 gallon, quick-recovery water heater with direct spark ignition (gas/electric)

SAFETY FEATURES
- Fire extinguisher
- Deadbolt lock on entrance door
- 120V GFI protected circuits (kitchen, bath and exterior)
- Smoke, carbon monoxide (CO) and LPG detectors
- Driver and passenger three point seatbelts
- Emergency exit window
- Deluxe acrylic exterior assist handle
- Full height interior entry assist handle
- Hand activated ICC flasher switch (momentary) on side console

CLIMATE CONTROL
- Dual 13,500 BTU Duo-Therm® low profile Penguin® air conditioners
- Heat pumps integrated into A/C units
- Dual in-ceiling insulated A/C ducts
- 35,000 BTU furnace
- 12V Fan-Tastic® vent in living area with thermostat & rain sensor
- 12V roof exhaust fan in rear
- 12V Fan-Tastic® vent in rear with thermostat & rain sensor
- Dash automotive heating and air conditioner system with defroster

NOTE: Colors, equipment and specifications depicted in this brochure are subject to change without notice. Please verify the actual equipment installed on any specific motorhome prior to purchase.
Built especially for National RV, this cockpit and living area seating exceeds the comfort and quality of furniture in much more expensive “highline” motorhomes. The foam of each seat cushion is cold-poured as a single piece, molded in the correct shape. Competitors' seats are pieced together from blocks of foam which can come unglued and fall apart. This seat foam is so durable it carries a 10 year warranty. The rugged seat frame is constructed of welded tubular steel for superior strength and carries a lifetime warranty.
