## MATCH YOUR TRUCK WITH A PALOMINO BRONCO

Palomino pop-up truck campers—one of the industry's lightest weight lines—are the ideal match for today's trucks. The B-500 fits virtually all mini trucks—both imported and domestic—while the B-1000 is perfectly suited for most half-ton trucks.

Both models are well-equipped for maximum comfort. Standards include a full-height entrance door, complete kitchen, port-a-potti storage, a comfortable innerspring mattress and underbed storage. Vinyl tent fabric with tinted windows, an ice chest and combination sliding/jalousie glass windows are also standard equipment.

When closed, Palomino truck campers have a low profile for greater fuel efficiency. A smooth-operating crank-up system raises and lowers the roof quickly and easily.

## PALOMINO THOROUGHbred—THE NAME TO REMEMBER

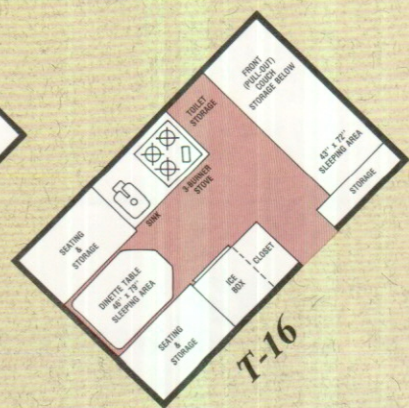

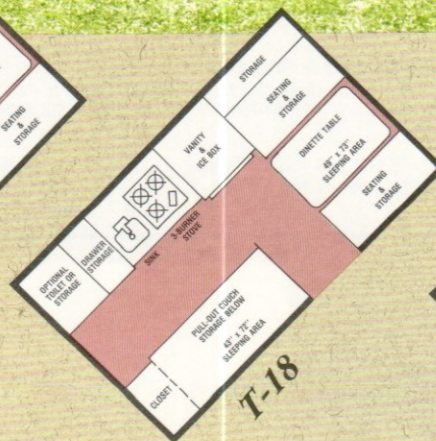

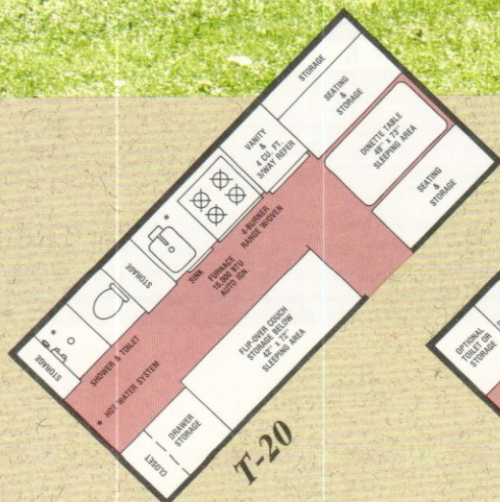

Palomino's travel trailers fold down to provide a low profile for easy, fuel efficient towing and raises in just a few seconds for full-size, full-height camping comfort.

Choose a 16- or 18-footer, or the fully loaded luxury 20-foot model. Well-equipped for total enjoyment, all Thoroughbred models offer an innovative full-height, easy access side entrance door.

Included on the long list of standard features applicable to all models are 13-inch tires, a three burner stove, radius windows with shades and a side-loading ice box. The 18-footer has an optional toilet with holding tank; this feature is standard on the 20-footer. All three models have a comfortable pull-out couch to provide additional sleeping space.
