Everything but ordinary.
Every Safari comes with the ability to roam free.

There’s a spirit in the air. One that whispers freedom — gently urging you to break out and go exploring on your own terms. At Safari, our coaches are bred with a passion for adventure. Whether it takes you to remote mountain hideaways, winding coastal roads or simply across the Midwest to visit your kids. We’ve combined the very best in engineering and innovation to give you feature-packed coaches at some of the best values in the industry. But in the end, don’t just take our word for it. Visit a Safari dealer near you, and get a real taste of the adventure that lies ahead.
Adventures as colorful as the people you meet.
You hear it. Maybe it started from far away at first, but now it’s getting louder, more persistent. It’s the voice that’s nudging you toward new experiences — daring you to rekindle your spirit of adventure — telling you that now’s the time to live the life you’ve always dreamed about. And for all who hear it, Safari has a motorcoach just for you.

You see, the passion for adventure is at the heart of every coach we build. You feel it in the powerful performance of our big Caterpillar® engine and exclusive Roadmaster chassis. You find it in dozens of high-tech features and innovations. And you experience it in the unmatched livability of our plush, stylish interiors.

Yes, these are just some of the things that make adventures in a Safari so alluring. And once you’ve heard the call, you’ll know it’s time to take a closer look.

Welcome to the 2004 Panther by Safari.
There’s more to owning a Safari motorcoach than just driving. There’s also the fun and camaraderie that comes from sharing your adventures with other Safari owners. Because, like you, they know life is to enjoy. And best of all, no matter where you go, you’re part of the Safari family. So, sit back and let the good times roll.
You’re not afraid to bend our ear.
We’re not afraid to listen.

Take all the room you want.

The 2004 Panther is a product of years of listening to our owners, taking their suggestions, and understanding the things that contribute to a superior RV experience. Above, you can see a few of the things that make the coach special, including laminated gel coat fiberglass sidewalls, insulated aluminum baggage doors with power locks, and deluxe full-body paint.
You’ll love the security and convenience of this new keyless entry system with pocket remote control. And this doorbell is a standard feature we’ve included for the convenience of you and your guests.
This monitor displays both the color rear vision system and the Aladdin video coach system, allowing you to easily check fluid levels and tank capacities and track important trip information.

Slip behind the wheel and you’ll be comfortably in control, thanks to the automotive style dash and lighted VIP Smartwheel®. A few of the exciting optional features this year include a GPS system, an in-dash 6-disc CD player, and the Sirius satellite radio system (requires subscription). The exciting OnStar® mobile assistance system is also an option, giving you access to driving directions, emergency roadside assistance, and a wide range of personalized information — 24 hours a day, 365 days a year.

- It’s easy to find the switch you need, because they’re all conveniently grouped to the left of the steering wheel.
- The air dump switch aids in leveling and helps you get the coach closer to the ground for easier entry and exit.
- The Panther features ICC flasher lights, located topside.
- Heated side mirrors offer full visibility in all weather conditions.
- Stopping to enjoy the scenery is never a problem with Safari’s automatic power gear, a 3-point hydraulic leveling system that keeps your coach level, no matter what the terrain.
It's all about you.
COME ON IN.
Pure luxury.

From end to end, the Panther will astound you with its luxurious comfort and stylish attention to detail. This year, you have your choice of four beautiful interior color schemes, each with exquisite color-coordinated fabrics, carpeting and window treatments. The cabinetry comes in alder finish as well as six optional styles and features solid wood square raised panel doors with hidden hinges. Crown molding, sculptured carpet and wallpaper add elegant touches, and you’ll enjoy meals at our adjustable legless solid surface dinette.
Enhance the luxury of your coach with this optional Euro recliner and ottoman in our amazing Ultraleather™ covering. Plush Ultraleather™ is specially designed to stand up to all the wear and tear of life on the road.
Panther 4213 shown with Natural Cherry cabinetry.
Whether you’re the chef or just the dishwasher, this galley is a dream come true. You’ll love the style and convenience of the solid surface countertop with backsplash and integrated sink. Top-of-the-line appliances include a versatile convection microwave with a recessed high-output cooktop on the counter below, complete with flush-mount covers. A four-door refrigerator with ice maker and raised panel doors is also standard. And the optional Insta-Hot® system makes an excellent choice, providing hot water on demand and helping to conserve water.

You’ll find a roomy storage area under the sink, with a built-in space for the sink and range covers.
In the bedroom, you’re greeted by plenty of charm as well as ample storage space — all in the same beautiful hardwood cabinetry found throughout the rest of the coach. A queen bed comes standard with beautiful bedspread as well as coordinated pillows, and you may choose the option of a king bed. Another standard feature is the oversized rear wardrobe closet with mirrors. Other highlights include solid surface tops, decorative lighting and blackout shades. And the 20” flat screen stereo TV is tucked neatly into a built-in cabinet.

The vanity features the sleek styling of a solid surface countertop with integrated sink, as well as a mirrored medicine cabinet for all your essentials.
You’ll be amazed at all the extra space added by Panther’s two slide-outs — one for the bed and the one shown here, with dresser, cabinets and TV. And you’ll love the elegant sophistication provided by the beautiful detailing of the hardwood slide-out fascia.
Showing our colors.

Our designers have created exquisite color combinations for your 2004 Panther. Now you get to choose the one that's right for you.

- **ANTIQUE TREASURE**
- **SATINWOOD BEIGE**
- **SILVER SPRUCE**
- **TAUPESTONE**
Manufactured in, not added on. 3M Scotchgard™ Carpet Stain Release is applied during the carpet manufacturing process for a higher level of protection. Dupont Teflon® soil repellant is applied to virtually all upholstery fabric during the finishing process for superior coverage.*

*Brand and application of carpet or upholstery fabric protection may vary depending on date recreational vehicle was manufactured.
• 10,000 lb. hitch receiver offers powerful towing capacity.
• Unique six-degree rear axle tilt perfectly aligns the engine, transmission and differential, minimizing stress on the drive-train and reducing noise in the coach.
• Two stage Jake brake system assures you of safely traveling steep grades while 6-wheel anti-lock brakes with disc brakes in front help you maintain control in severe road conditions.
• Automatic Traction Control (ATC) eliminates wheel slippage in slick conditions and heightens control.
• P295/80R Goodyear steel belted all season tires ensure a safe and quiet ride.

**Engine mounting:**
The chassis features a three-point engine mounting system, reducing vibrations in the coach and allowing for easier servicing by simply lowering the engine through the bottom of the coach.

• The semi-monocoque design, with trussed superstructure, distributes stress evenly throughout the entire chassis and adds strength to sidewalls and bays.
• Full length frame rails fabricated of 3” by 8” by 1/4” 60,000 PSI structural steel; rails are spaced 44” on center for a wider stance and unmatched strength.
• The power steering box allows for a 50-degree front wheel turn angle in both directions for better maneuverability and returns the steering wheel back to its center position to eliminate driver fatigue.
• All chassis are equipped with steel cage construction and steel firewall for added safety.

**Basement structure rust inhibitor:**
For greater strength, and to prevent corrosion, the basement storage area is constructed with pre-primed steel and coated with rust-inhibiting paint.
Air bags and shocks:
The coach’s cushion air glide suspension system features 10 air bags and 10 shock absorbers, providing superior stability and handling and the smoothest ride you’ll find anywhere.

You’ll have plenty of power to spare, thanks to the Caterpillar® 505 HP engine with Allison® 4000 MH 6-speed electronic transmission.

The perfect finish.
Safari coaches are painted in our own state-of-the-art facility using a multi-step paint process to help lengthen the life of your motorhome’s exterior. The process includes sanding, application of sealer and base coat, hand-applied graphics, spray painting, and three applications of clear coat.
This cat makes a powerful impression.

On the road, there’s no mistaking the Panther with its striking exterior and eye-catching details, including molded fiberglass cap with integrated bumper, one-piece windshield, halogen fog lamps, and roof-mounted dual-trumpet air horns.

From coast to coast, Safari coaches are recognized by our distinctive optional wildlife murals. Each mural is hand-painted by Dame family craftsmen, and you have your choice of hundreds of designs. Or if you prefer, custom designs are also available.
Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Safari provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your local Safari dealer for unit availability and further information. The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name, which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard equipment on Safari models. Safari, the Safari logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders.

While the color of the motorhome's exterior and the interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than indicated.

With the 2004 Panther, you can choose from two great floorplans. Both offer innovative design features and plenty of space, as well as many attractive options. Like our king-size bed, wrap-around computer table, and fully automatic digital satellite system. All you have to do is decide which floorplan and options best suit your needs.
**Panther Features and Options**

### Standard Features

- **Body Construction**
  - Heavy Duty Steel Superstructure
  - Steel Cage Cockpit Construction
  - Seamless One-Piece Molded Crowns Fiberglass Roof
  - All Season Foam Insulated Roof
  - Laminted Gel Coat Fiberglass Sidewalls
  - One-Piece Front and Rear Molded Fiberglass Caps
  - Integrated Fiberglass Front and Rear Bumpers
  - One-Piece Windshield
  - Triple-Head Power Controlled Heated Exterior Mirrors with Turn Indicator Lights

- 10,000 Lb. Hitch Receiver* and 7-Way Hitch Plug
- Undercoating
### Options
- Hydraulic Leveling System
- Dual Leveling Systems (Air/Hydraulic)

* Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed load exceeds 1,000 lbs.
Over 1,800 combinations to map out your dream adventure.

As a Safari owner, you’re entitled to join us throughout the year for rallies designed just for you. You’ll meet freedom-loving folks from across the country, all celebrating the adventure of the open road. In addition, you’ll enjoy sharing travel information and tips about your coach in our Safari Adventures magazine, published six times per year. And at www.safarimotorcoaches.com, you’ll find a world of information online, right at your fingertips.

Safari’s “Women’s Only” seminars provide the opportunity for us to get the feminine perspective, which helps us continue designing great motorcoaches.
When you purchase a coach from Safari, you become part of an industry-leading family of companies called Monaco Coach Corporation. What does that mean for you? It means you have access to a wider array of benefits. To begin with, your coach is built by a level of expertise that could only be achieved through the teamwork and combined experience of all our companies. Like, for example, such exclusive innovations as the Roadmaster chassis — designed specifically for each individual model of our diesel coaches. You also get the benefit of our White Glove factory inspection program, for a higher level of quality assurance and added peace of mind. And your dealer will be happy to tell you about our other innovative programs, including our Extended Care service agreements. Of course, once you’re on the road, you’ll have access to our nationwide network of more than 350 service facilities, meaning wherever you travel, you’re never far from a friend. Ready to roll? In a 2004 Safari, the strength of our entire family is behind you every mile of the way.
