Live out loud.
For 2005, we’re celebrating the return of the Simba. This value-packed motorhome combines all the convenience of gas power with many stylish features. You’ll enjoy an outstanding interior decor package, including beautiful cabinets with woven raffia inserts, decorative wall art, sculptured headboard, a flatscreen TV and many more residential details. And most importantly, the 2005 Simba has a 32 percent increase in storage space from last year’s edition, including new pass-through storage bays with easy-to-clean rotocast boxes and convenient new side-hinged baggage doors. In short, if you’re ready for adventure Safari-style, this is a great place to start.

Manufactured in, not added on. For added protection against stains, Dupont Teflon® soil repellant is applied to virtually all upholstery fabric during the finishing process for superior coverage.*

* Brand and application of upholstery fabric protection may vary depending on date recreational vehicle was manufactured.

Carpet Bedspread Dinette Sofa
**Safari craftsmanship.** At Safari, we’re always giving you more of what you want in a coach — and less of last year’s thinking. Take our floorplans. They come straight to you from the drawing board — they’re livable, up-to-date and loaded with options. The 2005 Simba offers six imaginative floorplans from which to choose, including double and triple slide-outs, as well as a bath-and-a-half model.
### Body Construction

**Standard Features**
- Alumaframe® Superstructure
- Steel Cage Cockpit Construction
- Peaked Aluminum Roof with Fiberglass Insulation
- Smooth Aluminum Exterior Walls
- Front and Rear Molded Fiberglass Caps
- Chrome Insert around Taillight Area
- Aluminum Framed Floor on Steel Trusses

www.safarimotorcoaches.com
Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Safari provides a weight sticker on each unit we produce which includes that unit’s tank capacities and approximate weight. Consult your local Safari dealer for unit availability and further information. The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name, which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard equipment on Safari models. Safari, the Safari logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders. While the color of the motorhome’s exterior and the interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order. The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated.

* Towing capacity is limited by GCWR; your vehicle’s towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your Owner’s Manual for further towing information.

** All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual “usable capacity” may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

*** Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.
