

FACTS & FIGURES
"We chose SunnyBrook because of quality"

Model year 2000 travel and fifth wheel trailer floorplans, specifications, standards and options

"We love everything about it"

"From the way it's put together, to the wide selection of roomy floor-plans and name brand appliances, we think SunnyBrook gave us the best deal for the dollar. You won't find this kind of quality anywhere else. And we have to brag about your SunnyTravelers camper club—thanks for showing us a wonderful time!"

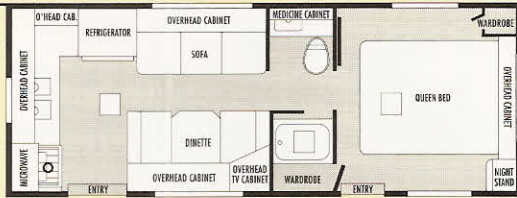

Art and Joyce Marohn, Sparta, Michigan

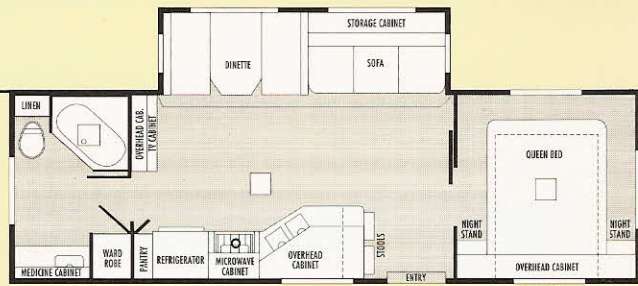

Pictured above you'll see examples of SunnyBrook luxury and quality. Full-wrap Fome-Cor® insulation surrounds our light-aluminum Superstructure framing. And cabinetry is framed with solid poplar hardwood, not cheap pine.

SUNNYBROOK "We'll pass this trailer on to our grandkids"

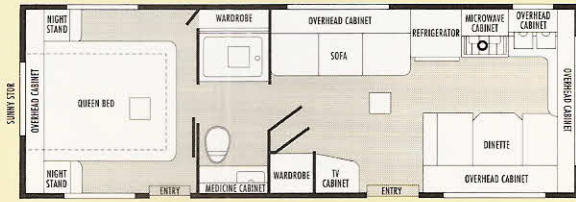

At SunnyBrook, we've always given our customers what they expect for the money—and then some. Quality-built trailers with spacious, well-appointed interiors along with a wide selection of floorplans please even the pickiest. We engineer in the best materials, components and amenities asked for by seasoned RV buyers. And when it comes to our lightweight all-aluminum Superstructure trailer design, no one has been able to copy the original—SunnyBrook! Compare feature for feature and all the value-added benefits and you'll understand why a SunnyBrook travel or fifth wheel trailer is built for generations to come. But don't just take our word for it. Ask one of the thousands of satisfied owners.

EXPERIENCE

"Details made the difference"

SunnyBrook craftsmen and women know their trade. Our unique, light-aluminum Superstructure includes sidewalls, floor framing, and roofs that resemble bridge-truss style construction. SunnyBrook engineers have also pioneered the use of integrated ducting systems, electrical wiring harness design, and better insulation including thick R-11 roof fiberglass and full-wrap Fome-Cor®. A purpose-built 140,000 Sq/Ft manufacturing facility with an

innovative production line concept provides a highly-professional environment for our builders. When you compare our philosophy of manufacturing, our lighter trailer weights, and fine quality detailing—we know you'll agree with the many SunnyBrook owners who "love the difference".

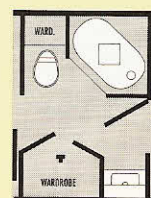

"Our home on wheels"

"We've logged thousands of miles traveling the west coast and even Alaska. Every SunnyBrook owner we met said they loved their trailer. We now have family members and friends who, after seeing our trailer, have purchased SunnyBrooks."

Jim and Ruth Strohmer (on right)
Grand Rapids, Michigan

Take along more of your favorite belongings with SunnyBrook's innovative and exclusive Sunny-Stor™ storage compartment system. It's easily accessible from inside or out.

Enclosed heated holding tanks are standard on many models (see Systems). They give you easy access to dump valves and have a functional, quality design.

Large bathrooms feature plenty of shower space and standard one-piece lavatory top design. This is yet another example of attention-to-detail.

When you choose one of our floorplans you'll be surrounded by quality items like Flexsteel® brand furniture, real oak cabinetry, spacious slide rooms and more.

"Compare feature-for-feature and you'll see, too"

"My wife and I used to camp in another brand. Isn't everyone entitled to one mistake?"

Fome-Cor, Congoleum, Flexsteel, Dometic, Piezo, Atwood, A&E and Dexter are all registered trade names of their respective companies. If the brand name products listed here are not available, they will be substituted during production with items of similar quality. Some photographs may show optional equipment available at an additional cost.

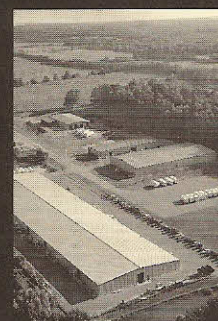

Here's the most innovative trailer design in the industry. You'll enjoy owning the original light-aluminum Superstructure that made Sunnybrook famous. Instead of welding, we screw and bond each aluminum frame member together in a similar fashion to aircraft construction to give you a much more durable unit.
