

SOLANTA

2005 TRAILERS, SIGNS & VALUES.

PULL UP A TRAILER AND STAY AWHILE.

They may be light weight and less costly, but Solantas are big when it comes to pleasure. You get more for your money, starting at the Lite Aluminum Superstructure. Each travel and fifth wheel trailer comes with a standard screwed and bonded, all-aluminum frame,

HERE'S BIG STORAGE
Large storage compartments (select models) are plentiful. Now you can take everything along on the next trip!

SLIDING TRAY STORAGE
This lockable, sliding storage tray is unique and functional. It's available on select Solanta models.

FIFTH WHEEL QUAD STEPS
They are easy to pull out and put away, but best of all, they make entering and exiting your RV a simple task.

similar to Titan models. And when you consider how we've added luxurious appointments inside and out, you don't have to travel too far down the dusty road to realize you're pulling the best deal around. Your adventures may now begin!

THE VALUE-PACKED SOLANTA IS OUTSTANDING IN ITS FIELD.

For affordable family luxury, the Solanta stands alone. We overbuild these trailers and pack them full of amenities that make this house on wheels feel like home. The quality materials we use assure that your Solanta will keep towing well and looking good. And with new upgrades in this year's models, your money goes even further, making it an ideal choice for first-time buyers looking for affordable RV adventures. Get the best attention to detailing and quality materials in this price category.

3310 model has plenty of living room.

Beds are large and comfortable.

Spacious interiors mean your favorite armchair will be the one in this 2750 model.

RESIDENTIAL-STYLE SINK
Here is Solanta's standard and large lavatory sink. Notice the conveniently placed switch and receptacle.

DAY/NIGHT SHADES
Optional Day/Night shades are now available for Solantas. They add class and convenience to your trailer's interior.

AFFORDABLE LUXURY
The standard dinette area converts to a bed. Noticed the extra storage under seating. We give you a lot for the money!

BUNK BEDS
Quad bunks, actually. They're standard on select models and allow you to sleep up to ten! See details on pages 9 and 10.

EVEN MORE STORAGE
Select models come with this large outside storage door and fold-up bunk. See floorplans on pages 8 and 9 for details.

ACTUALLY, OUR LITE ALUMINUM SUPERSTRUCTURE CAME FIRST.

We set our standards high, and so should you. That's why we created and developed the famous Lite Aluminum Superstructure. This ultra-light structure means a smoother ride, less gas consumption, and a stronger body. By the looks of other brands, it's clear that they thought our idea was pretty good, too. Of course, if you look closer, you'll see they use far less aluminum and structural support. We pioneered the Superstructure over 10 years ago because we care about quality. And the first is still the best.

Hand built by our team in Middlebury, Indiana.

New aerodynamic fifth wheel front cap design shown here.

MIST GREEN

ALL ALUMINUM
Like Titan models, Solantas feature our famous, sturdy Lite Aluminum Superstructure construction.

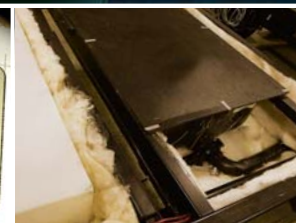

BUILT BETTER
Floors, sidewalls and roofs come standard with R-7 insulation. Stay warm during the fall and cooler in summer.

CABINET CONSTRUCTION
We use screws to secure cabinet door faces versus staples like other brands. Just another example of hidden differences!

OUR WARRANTY
A 2-year limited warranty covers trailer's workmanship and parts. OEM items come with their own warranties and coverage periods.

INSULATED TANKS
We insulate holding tanks down to the details—that means we even heat the valves! Available on select models.
