Ultrasport

Ultrasport Class A • By Damon Corporation

The pride of the line:
the all-new Damon
Ultrasport diesel pusher.

How Damon's new Easy
Glider™ system levels your
slide-out room floor.

Heeding the call of the highway.

Class A Motorhomes

Ultrasport

is the
ultimate!

You've lived and loved the RV lifestyle. Now is the time to enjoy the ultimate recreational vehicle ... the Damon Ultrasport Class A. From the extra-sturdy construction to the smallest interior details and amenities, the Ultrasport has been designed to deliver the ultimate in value, comfort, and enjoyment.

Don't just ride, glide down the highway.

Our new Gentle Ride System™ promotes a much smoother, more comfortable ride than you probably ever expected in an RV. Our super-strong chassis features a tough, ladder-type frame with deep, full-length steel side rails and welded crossmembers. Plus the rubberized, shock-absorbing body mounts which make up our exclusive Gentle Ride System™, ensure that you, your family and friends will feel far less vibration from the road.

The superior chassis and our super-sturdy extruded aluminum, welded frame are covered with highest quality Mende Board exterior sidewalls imported from Germany. These give you a smooth, clean exterior finished in Damon's own Ice White™ that's scratch resistant and easy to clean. Everything in your Ultrasport Class A Motorhome has been constructed for superior performance and value over the long haul.

Ultrasport takes you to a new dimension in comfort and space.

Construction details continue inside the Ultrasport with superior insulation engineering and our Comfort Control Center™ temperature system. The domed roof of the Ultrasport features a unique, molded waffle design for outstanding insulation, acoustical enhancement and more efficient delivery of the super-cool air conditioning through Ultrasport's improved ductwork system. This system makes use of fundamental thermodynamics by delivering warm air from the floor, where it

(Above) (Model 3611) You'll enjoy the view and the drive from the comfortable and convenient Ultrasport cockpit with all the amenities you could ever want.

naturally rises, and cool air from the ceiling, so it naturally falls. And you'll never be too warm or too cold with thermostatically controlled heating.

Space is no problem either, especially with our Easy Glider™ slide-out room. This exclusive Damon feature levels the floor automatically as you slide out the additional room. There's no extra step to trip anyone up. And like its name implies, the Easy Glider moves smoothly and quickly at the touch of a button.

All the comforts of home.

Fine appliances and luxurious furniture complete your home away from home. Our StepSaver™ kitchen, carefully laid out for maximum efficiency, includes a three-burner, high-output range;

flush-mounted, double-door refrigerator; and super-sized, double-bowl porcelain sink. The microwave is at elbow level, so there's no reaching over your

head for hot food. Kitchen features even include a single-lever faucet with sprayer hose and beautiful, optional solid surface countertops. And of course, the beautifully crafted cabinetry provides homelike beauty and plenty of durable storage space.

In the bedroom, a queen-size bed is complemented with coordinating bedspread and mirrored headboard. The bathroom is lit by a skylight for a fresh, spacious feeling. And throughout the interior you'll find the extra-special touches we call

DAMON: Ultrasport Class A Motorhomes

Damon Designer Details™. Like an extra-big drawer under the sink. Wall clock and mirror. Pin-up lights. Fluorescent lighting throughout. And solid brass hardware on all doors and drawers.

Easy maintenance and plenty of storage.

Vehicle maintenance has been greatly improved with our Easy Access Battery Box™, which puts the electrical system of the vehicle at your fingertips. Our new One Flush System™ greatly simplifies the process of emptying your waste tanks and provides a sprayer hose for convenient clean up.

Easy Access
BATTERY BOX

Basement storage has become a popular feature on many Class A motorhomes including Ultrasport. Most competitive models, however, have small doors so the benefits of basement storage are minimized. By contrast, your Ultrasport is equipped with extra-large doors so there's room for everything you need to make your trip absolutely perfect. You, your family and friends deserve nothing less.

Every Ultrasport passes our inspection before it passes yours.

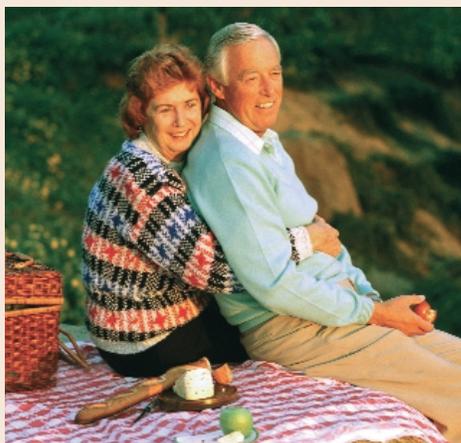

Damon's own StartRight Quality Assurance™ program is our promise to our customers that their Ultrasport is in top-notch condition. Unlike many other manufacturers, Damon conducts a rigorous 80-point inspection test on every model before it ever goes to your dealer. This procedure helps ensure that every system in your RV is up to par for your enjoyment and satisfaction — and ours.

Damon Corporation has built a superior reputation on the quality, dependability and absolute value of every RV we manufacture. If you're considering a Class A motorhome, you owe it to yourself to check out the new Ultrasport. Visit your nearest Damon dealer today and feel at home in your new Ultrasport tomorrow.

(Left) (Model 3520) Damon Designer Details including features such as an oak drop-leaf coffee table, coordinating window treatments and beautifully crafted cabinetry. The Imperial Jade decor is featured here.

DAMON: Ultrasport Class A Motorhomes

Ease on down the road.

Whether you have a house full of kids or your nest is empty, cruisin' the countryside in an Ultrasport Class A Motorhome is a pretty great way to get more out of life. Our customers tell us regularly how much enjoyment their motorhomes have added to their lives. How they've discovered more about themselves, their spouses, their families and their country by heeding the call of the highways. Are you listening? It could be calling you, too.

The best of all worlds — Ultrasport Diesel.

In 1997, the Ultrasport Class A is the pride of the Damon line as never before. Virtually every area of the new Ultrasport has been upgraded to deliver still more value to you. And when you combine these new upgrades with the power of a diesel pusher chassis, it simply doesn't get any better than this.

You might say Ultrasport diesel models are the best of all possible worlds. Mounted on the popular Freightliner chassis, the Ultrasport pusher can take you where you want to go with style, comfort, conveniences and pure driving power. Dollar for dollar, mile for mile, you cannot buy a better motorhome than the all-new Damon Ultrasport Class A.

(Upper left) (Model 3520) Cooking is never a chore in the well-equipped Ultrasport kitchen with oak-edged countertops and solid-oak cabinet doors.

(Lower left) (Model 3520) Ultrasport kitchen also features efficient oak pantry and large, oak-panel refrigerator.

(Center) (Model 3520) A convenient cutting board sink cover and porcelain sink are just a few of the many amenities built into your Ultrasport kitchen. The space-saving coffee maker shown here is a popular option.

(Left) (Model 3520) The Ultrasport bathroom is a model of efficiency with contemporary styling of vanity, mirrored oak medicine cabinet and large shower.

(Lower left) (Model 3520) The day will end cozily and comfortably in the luxurious master bedroom with coordinating bedspread, valances and curtains, and ample space for your belongings.

(Upper right) (Model 3611) The kitchen in this Ultrasport floorplan highlights a double-bowl porcelain sink with single-lever faucet and optional solid-surface countertop. This unit features the SE package upgrade decor, Rose Quartz.

DAMON: Ultrasport Class A Motorhomes

Radius entry door with white anodized frame provides luxury and extended use.

Block foam insulation for superior energy efficiency integrates with extruded aluminum framework and Lauan decking to create a super-solid, crowned-roof assembly.

Fully integrated front fiberglass cap displays luxury and style.

Aluminum framing prevents leakage and increases strength.

Your tinted front windshield provides a barrier from solar heat as well as reduces glare for added safety.

Pantographic, dual-arm windshield wipers offer greater visibility in adverse weather.

Front-mounted, convex exterior mirror for superior visibility and the user-friendly remote control offer precision adjustments at your fingertips.

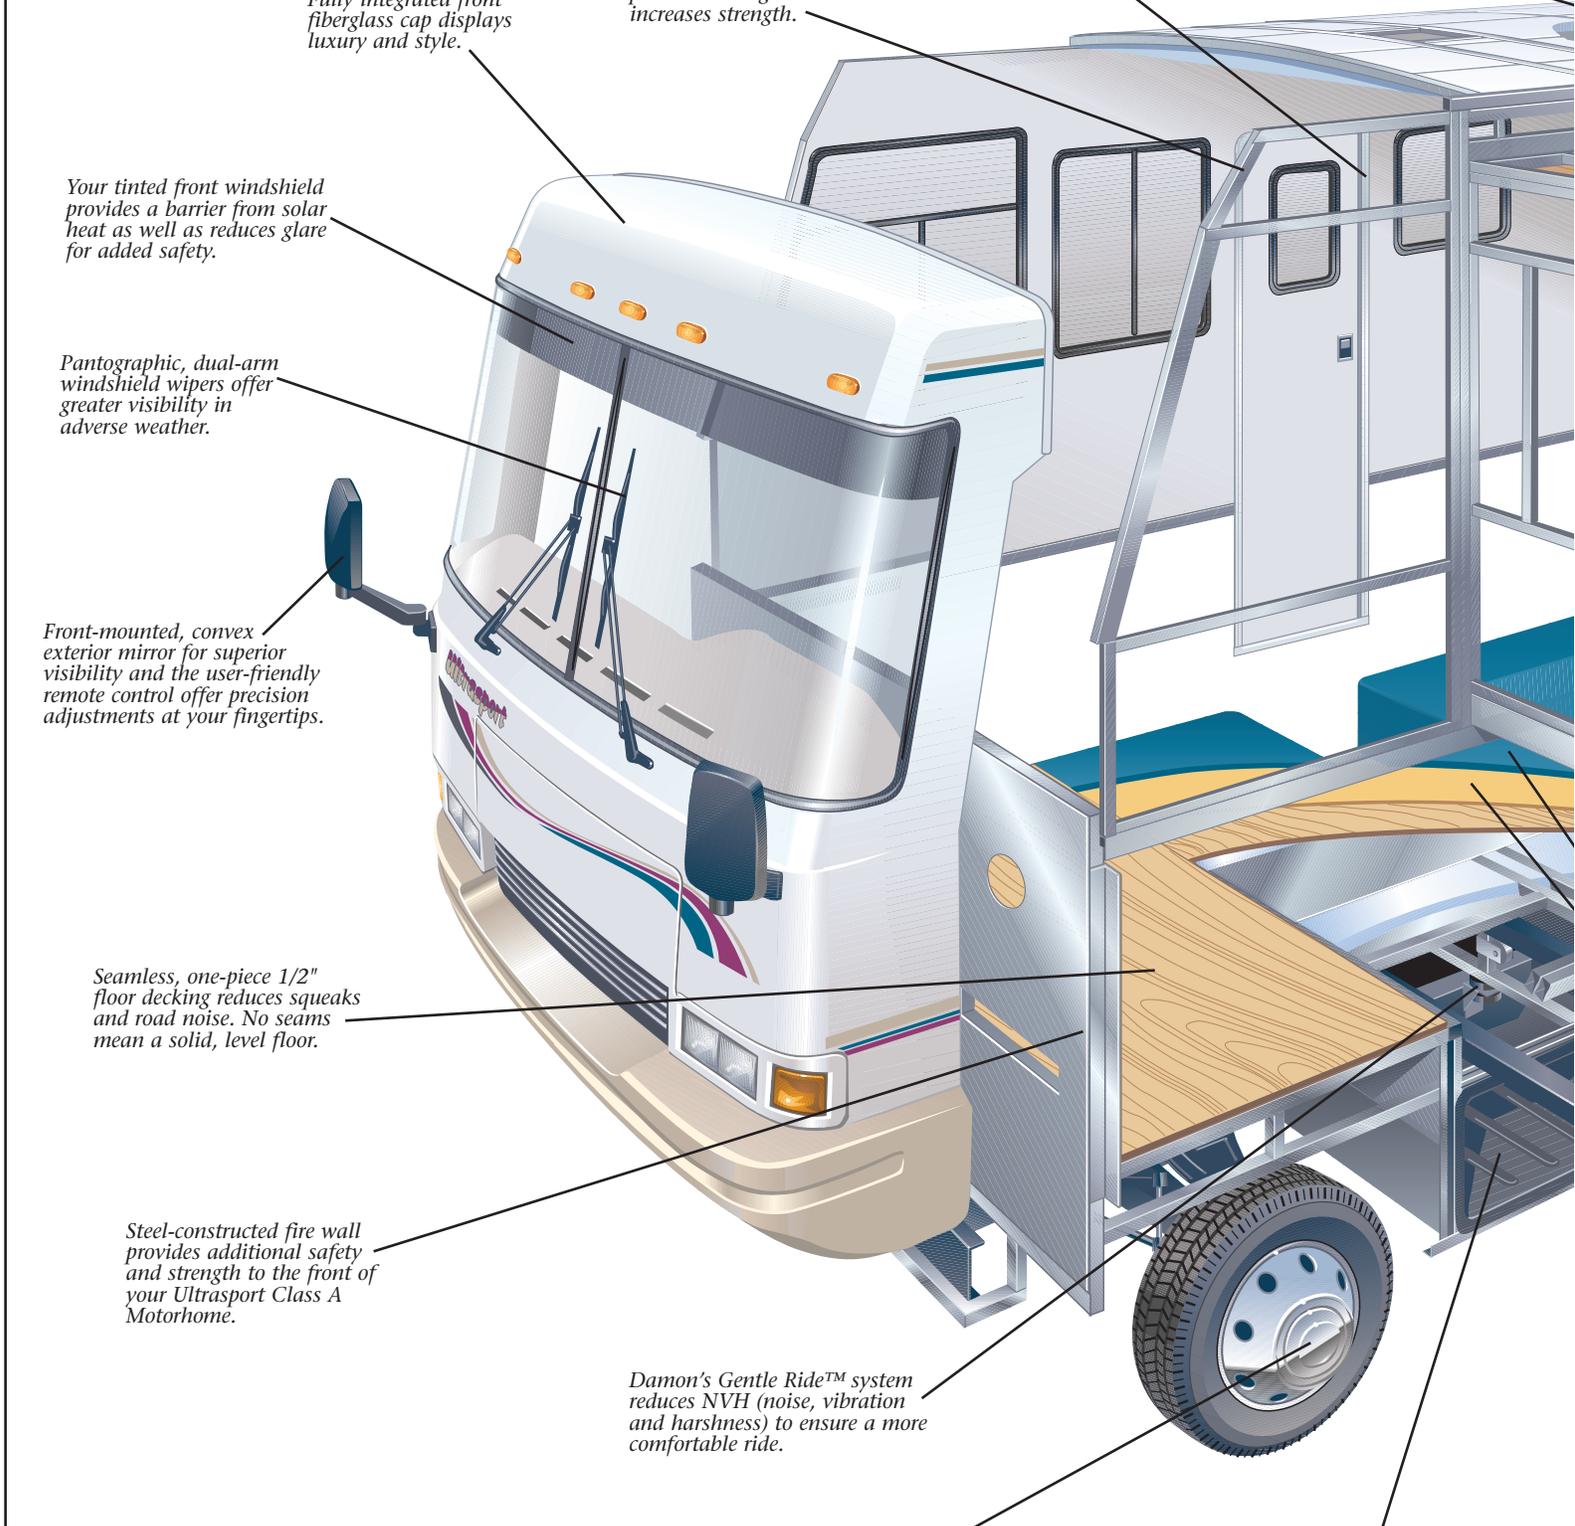

Seamless, one-piece 1/2" floor decking reduces squeaks and road noise. No seams mean a solid, level floor.

Steel-constructed fire wall provides additional safety and strength to the front of your Ultrasport Class A Motorhome.

Damon's Gentle Ride™ system reduces NVH (noise, vibration and harshness) to ensure a more comfortable ride.

As part of Damon's 80-point StartRight Quality Assurance™ program, each Ultrasport Class A Motorhome undergoes a computerized wheel alignment to help ensure a safe, trouble-free ride.

Lighted, cross-linked, seamless rotocast storage compartments provide a strong and water-tight seal for valuable exterior storage.

DAMON: Ultrasport Class A Motorhomes

Standard 13.5 BTU ducted roof air conditioning, part of Damon's Comfort Control Center™, offers efficient distribution of cool air.

Standard ceiling vents provide ventilation throughout the coach.

Painted, aluminum roof ladder for convenient access to roof storage. (Optional)

One-piece E.P.D.M. seamless rubber roof offers a full 12-year warranty and is specifically formulated for exposure to the sun and natural elements.

Fully, integrated rear fiberglass cap features a large-capacity rear trunk for your bulky storage needs.

Ultrasport Class A's Ice White™ exterior is constructed of durable, easy-to-maintain, one-piece fiberglass.

Black anodized radius aluminum window frames with large, sliding glass windows (jalousie in bedroom) tinted to offer solar heat reflection.

Totally enclosed, the heated, **106-gallon**, increased-capacity waste water holding tank compartments provide worry-free, extended seasonal use.

Damon's exclusive One Flush System™ allows you to empty all your waste water tanks from one convenient location. We even provide a sprayer hose for easy clean-up!

Every Ultrasport Class A has undercoating and a foam seal to provide an added barrier from the elements.

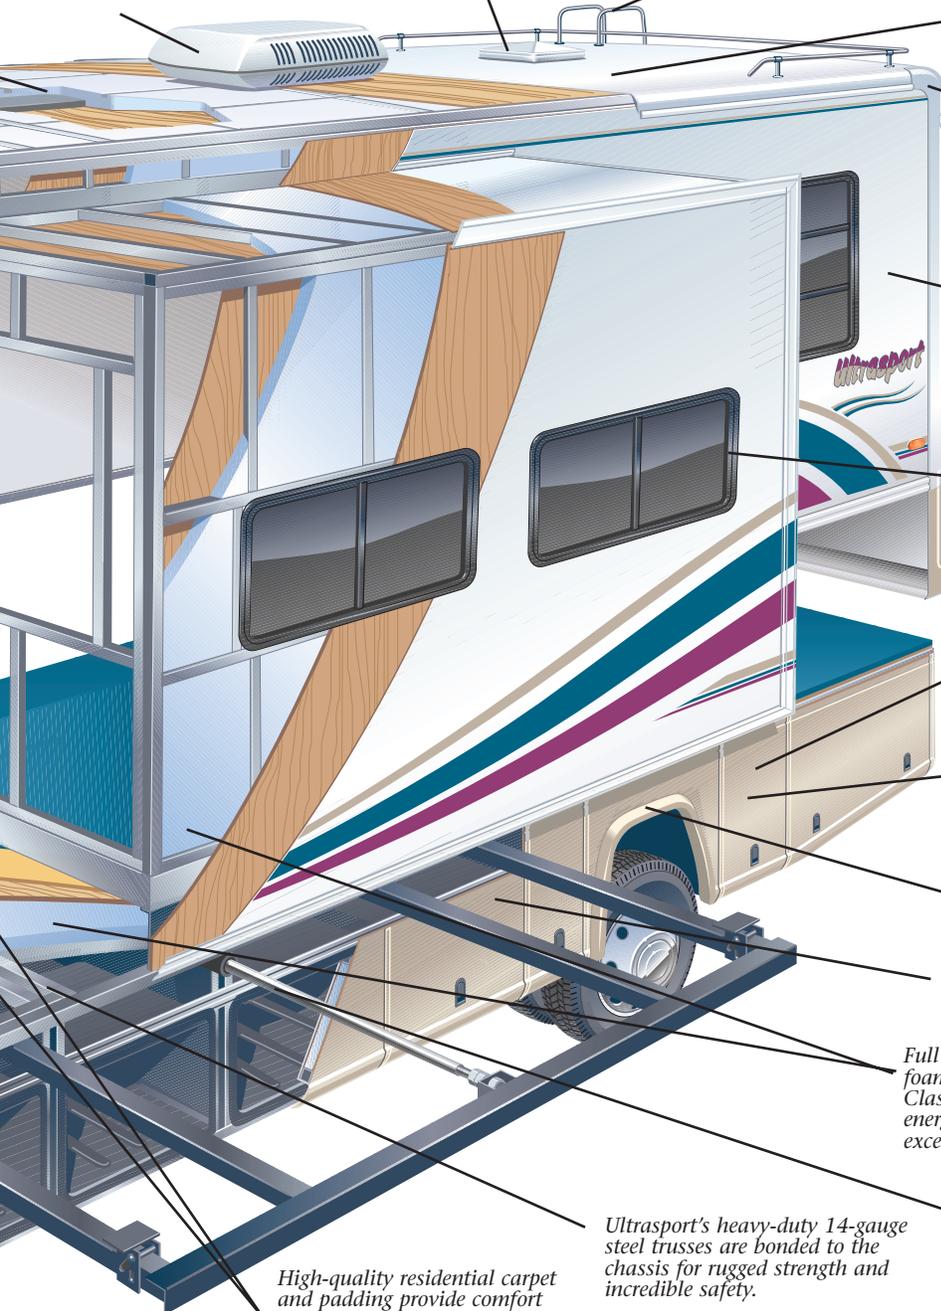

Extra-large, **98-gallon** capacity, fully heated, enclosed freshwater tank offers extended use and reduces frequent stops during travel.

Full 1-1/2" expanded polystyrene block foam insulation in your Ultrasport Class A sidewall and floor increases energy efficiency and helps provide an excellent acoustical barrier.

Damon's exclusive Easy Glider™ hydraulic slide-out system provides additional head room and gives you a smooth, flat floor offering you and your guests additional safety.

High-quality residential carpet and padding provide comfort and insulation on top of your seamless, one-piece floor deck.

Ultrasport's heavy-duty 14-gauge steel trusses are bonded to the chassis for rugged strength and incredible safety.
