Ultrasport Mini Motorhomes • By Damon Corporation

How to achieve the
ultimate vacation.

Quality time. Are you
and your family getting
enough of it?

New Damon features like
Gentle Ride System™
can take you a long
way in comfort.

Ultrasport Mini Motorhomes

Fun and Sun on the run.

Your ultimate vacation awaits with an Ultrasport Mini Motorhome by Damon Corporation. If you'd like to try planning your vacation around you and your favorite activities instead of travel and hotel reservations for a change, look at all the Ultrasport has to offer you!

Glide as you ride, it can't be beat!

Our new Gentle Ride System™ promotes a much smoother, more comfortable ride than you probably ever expected in an RV. Our super-strong chassis features a tough, ladder-type frame with deep, full-length steel side rails and welded crossmembers. Plus the rubberized, shock-absorbing body mounts which make up our exclusive Gentle Ride System, so you, your family and friends feel far less vibration from the road. The superior chassis and our super-sturdy welded extruded aluminum frame are covered with highest-

G ntl Syst m

quality fiberglass exterior sidewalls. These give you a smooth, clean exterior finished in Damon's own Ice White™ so it's scratch-resistant and

easy to clean. Everything in your Ultrasport Mini has been constructed for superior performance and value over the long haul.

(Model 3001B) Damon's StepSaver kitchen puts a full complement of quality appliances within reach including large microwave, single-lever faucet and optional sink cover/cutting board. (Notice the super-sized, double-bowl porcelain sink.)

The family that plays together

Quality time with family and friends. Everyone could use more of it. But few pastimes lend themselves to enhancing these relationships more than the time spent camping or enjoying the lifestyle provided by a mini motorhome. Many Damon owners tell us that the time they've spent this way is the most precious they've ever known.

Exceptional engineering for consistent comfort.

Construction details continue inside the Ultrasport with superior insulation engineering and our Comfort Control Center™ temperature system. The domed roof features a unique molded waffle design for outstanding insulation, acoustical enhancement and super-cool air conditioning through the Ultrasport's improved ductwork. The system makes use of fundamental thermodynamics by delivering warm air from the floor, where it naturally rises, and cool air from the ceiling, so it naturally falls. And with our thermostatically controlled heating, you should never be too warm or too cold.

Cook and eat with no reservations.

You won't need to eat out when you see the fully equipped StepSaver™ kitchen. It comes with all the conveniences of a three-burner, high-output cooktop, carousel-style microwave, large flush-mount double-door refrigerator, and super-sized, double-bowl porcelain kitchen sink. Cabinetry crafted beautifully in native American wood provides homelike beauty and plenty of durable storage space.

All the luxuries of home ... on the road.

Even a mini motorhome can have a walk-around bed with full ceiling height when it's an Ultrasport. And the big bath tub or garden shower and skylight come with plenty of hot water. The Ultrasport really becomes your own home away from home when you customize it with your favorite options. Choose from four beautiful interior decor packages, including high-quality fabrics from such designers as Karl Miller. And throughout you'll find exceptional bonus features we call Damon Designer Details™, like a wall clock and mirror, coordinated trim, pin-up lights, extra-large drawers and more.

Model 3001B

And speaking of extra storage, the Ultrasport base-ment models come with enough room for a folding boat or cross-country skis. Storage compartments are rotocast for a seamless seal to keep water out, plus a drain for easy washing. There's even a rod box to store your fishing poles. Ultrasport has it all — and so can you.

Every Ultrasport passes our inspection before it passes yours.

Damon's own StartRight Quality Assurance™ program is our promise to every customer that their Ultrasport is in top-notch condition. Unlike many other manufacturers, Damon conducts a rigorous 80-point inspection test on every model before it ever goes to your dealer.

This procedure helps ensure that every system in your RV is up to par for your enjoyment and satisfaction — and ours.

Damon Corporation has built a superior reputation on the quality, dependability and absolute value of every RV we manufacture. So whether your idea of the ideal getaway is the beach, the lake, the mountains, or even your own driveway, you'll be glad you chose a Damon Ultrasport Mini Motorhome. Visit your nearest Damon dealer today and get going on a great vacation tomorrow. Because you're always at home in your Ultrasport Mini Motorhome.

(Center) Spacious interior of Ultrasport with Tropicana Teal decor package. (Note all of the interior lighting and extra-large vista bay windows.) (Upper right) Extra-large pantry available on selected models for all of your favorite treats. (Above) (Model 3001B) Stylish wardrobe and super-sized drawers crafted in beautiful native American wood give you plenty of storage.

**Tropicana
Teal**

(Left) (Model 3001B) Beautifully appointed bedroom with queen-size bed and Tropicana Teal decor package plus extra overhead cabinets. (Above) (Model 3001B) You'll love the extra-large shower with skylight (where available).

One-piece E.P.D.M. seamless rubber roof offers a full 12-year warranty and is specifically formulated for exposure to the sun and natural elements. Also provides thermal and acoustical insulation.

Standard aluminum roof ladder for convenient access to roof storage.

Ultrasport's smooth Ice White™ exterior is constructed of durable, easy-to-maintain, high-gloss fiberglass.

Black anodized, radius aluminum window frames with large, sliding glass windows tinted to offer solar heat reflection.

Spacious aluminum-framed radius baggage doors with all the sharp corners eliminated for your safety.

Residential-style carpet for extended use and wear.

Ultrasport's rear bumper provides heated sewer hose storage and has a beautiful Brite-dipped aluminum cover.

High quality, residential carpet padding provides comfort and insulation on top of your seamless, one-piece floor deck.

Cross-linked, seamless rotocast storage compartments provide a strong and water-tight seal for valuable exterior storage.

Super-strong, laminated roof decking provides strength and stability.

3-piece ABS trim provides a high-line appearance.

Full pass-through heated basement storage with rear access gives you outstanding storage capabilities.

Seamless, one-piece 1/2" floor decking reduces squeaks and road noise. No seams means a solid, level floor.

Full 4-piece exterior vacuum bonded sidewall provides lightweight durability and structural integrity.

Tubular steel floor trusses bolted to the chassis for rugged strength.

Totally enclosed, heated waste water holding tank compartments are standard on all basement models and provide worry-free, extended seasonal use.

Standard domed roof is designed to provide optimum water drainage.

Standard ceiling vents provide ventilation throughout the coach.

Steel double-entry step for easy access into your Ultrasport.

Full 1 1/2" expanded poly-styrene block foam insulation increases energy efficiency and helps provide an excellent acoustical barrier.

1 1/2" x 1 1/2" welded tubular steel strategically engineered into the floor to provide superior strength. All welds have been specially painted to help prevent rust and corrosion.

Standard 13.5 BTU roof air (optional on LE).

Welded, extruded aluminum construction is strong and lightweight.

Block foam insulation for superior energy efficiency integrates with extruded aluminum framework and decking to create a super-solid roof assembly.

Perimeter framing prevents leakage and increases strength.

In-floor ducted heat system is part of Damon's exclusive Comfort Control Center™ providing efficient distribution of heat and leaving plenty of room for additional storage.

Standard break-away exterior safety mirrors provide European styling and outstanding visibility.

As part of Damon's 80 point StartRight Quality Assurance Program™, each Ultrasport mini motorhome undergoes a computerized wheel alignment to help ensure a safe, trouble-free ride.

Brite-dipped aluminum running boards for easy access to your Ultrasport cockpit.

Damon's Gentle Ride™ system reduces NVH (noise, vibration and harshness) to ensure a more comfortable ride.
