Imagine a travel trailer that offers all the room you need, but is still light enough so it can be towed with a properly equipped minivan, crossover, or SUV. That’s the idea behind TrailManor, a unique hardwall trailer that’s specially designed to provide the easy towing of a fold-down camper along with the luxury and comfort of a traditional car trunk. Unlike many folding trailers, you don’t have to crank or wrestle with wet canvas or bed supports. You can even open a TrailManor in the rain without everything inside getting wet. And with TrailManor, you can have a full kitchen with a stove and three-way refrigerator, a private hardwall bath with shower, and your choice of floorplans to select the perfect fit for you and your family.

With our folding swing hitch, you can store most TrailManors in a normal-sized home garage, with the door closed. It only takes about one extra gallon of gas to tow a TrailManor 100 miles.

**Setup:**
- **Electro Power LIFT™ Technology** makes opening a TrailManor as easy to open as a car trunk. Complete setup takes about 2 minutes, as easily as opening a car trunk. You don’t even have to unhitch.
- **Torsion Power Lift™ Technology** shortens the trailer by two feet. With the swing hitch, you can store most TrailManor models in a normal-sized home garage, with the door closed.
