

COMMANDER2005

# COMMANDER2005

# WHEREVER YOU ARE, YOU'RE HOME.

Go ahead. Give into your wanderlust. With Commander you can take on your most ambitious adventures, confident in the knowledge that the comforts of home travel are with you. We've loaded Commander with features designed to make the road less taxing and more enjoyable than ever before. But, perhaps, the most comforting thing about Commander is that it has been built with the same commitment to quality and attention to detail that you've come to expect from Triple E; something that is sure to bring you peace of mind on your next adventure.

## New Commander Features For 2005 Include:

- Wood look laminate floors to the entrance door (most models)
- Convertible cockpit – easily converts into expanded living space
- Porcelain sinks (except A3202FB) and china toilets in lavatory
- Domed Kemlite FRP Flexroof

*Shown with Brazilian Spice Decor*

*Brazilian Spice Decor*

*Commander's new cockpit area features swiveling captain chairs, which allows you to quickly convert the cockpit into an expanded living room, complete with 20" flat screen TV.*

*Enjoy your showers in the natural light provided by the shower's skylight. Selected models also feature a spacious neo angle shower stall.*

*Commander's spacious cockpit provides an excellent view of all instruments and easy access to all controls.*

Sleep soundly in Commander's spacious bedroom that combines a soothing décor with a luxurious queen sized bed. Shown: Model A3711FWB featuring comfortable occasional chairs with matching ottoman, opposing windows for improved airflow and halogen reading lights.

Sturdy aluminum doors protect the exterior baggage compartment. Access is made easy thanks to gas-powered struts.

The A3711FWB bedroom features beautiful french doors and large wardrobes. This wardrobe slide out has more than ample storage drawers and is completed with a 20" flat screen TV.

Everything about Commander's living space has been carefully thought out. From the elegant and spacious dinette area to the full featured lavatory carefully designed with privacy in mind. You'll enjoy the bedroom's plush wall-to-wall carpeting, rich bedding and stylish accents, all helping to make it the perfect refuge from a day of travel.

Golden Maple Cabinetry

Among the smart details of the bedroom is a convenient make-up table with optional stool, and day/night shades with blackout to insure privacy.

Commander's galley features wear resistant solid surface counter tops and high-pressure laminate flooring with natural wood grain appearance. Golden Maple cabinetry is available as an option to the standard Autumn Oak.

Other notable features of Commander's cockpit include adjustable armrests on the captain chairs, an optional pull-out laptop tray (perfect for snacking on the go or reading a map) and an optional power sun visor.

Storage space has been optimized through smart design, and includes conveniently placed trash receptacle.

The large laundry hamper (select models only) can accommodate many days of clothing, helping to keep your living area neat and tidy until a convenient laundry day.

The pull-out pantry (selected models only) stores your food and non perishable groceries.

# COLOUR OPTIONS

You can personalize both Commander's interior and exterior schemes. First select either Misty Meadow or Sahara Sunset for your exterior (both are available in standard and full paint options). Then select your interior design scheme from the four available. While we've provided two recommended interior design options for each exterior motif, any of the four interior designs can be selected for your vehicle. Each interior motif has been artfully created by Triple E's professional interior designers to skillfully coordinate upholstery, carpeting and window treatments for an overall effect that is both warm and inviting.

Visit [www.tripleerv.com](http://www.tripleerv.com) for more information on available options.

## Wall Mount Table and Chairs Option

Two solid wood chairs and two folding chairs

- CARPET
- LAMINATE
- LINOLEUM

INTERIOR COMFORT AND EXTERIOR PROTECTION

Born of our northern heritage, Triple E's exclusive Climate Guard® system is quite simply the best interior comfort and exterior protection package available in the recreational vehicle industry today. The Climate Guard® system has been developed with today's motorhome enthusiast in mind. It provides year round climate controlled comfort for passengers as well as built in protection for the motorhome itself, ensuring years of trouble free operation and enjoyment.

INTERIOR COMFORT

- Dometic® roof air conditioners, ducted front to rear, control the temperature throughout the coach.
- High output chassis air conditioner provides travelling comfort.
- Electronic ignition furnace designed to maintain requested interior temperatures through extreme exterior temperatures.
- High output chassis heater for quick windshield defrost.
- A rear auxiliary automotive heater – complete with electric coolant valve – makes travel comfortable while heating the fresh water and holding tank compartments.
- Vacuum bonded, aluminium framed, insulated sidewall and roof construction provides structural strength and maintained warmth throughout the coach.
- Coach windows are designed with a dual pane construction – impeding the transfer of cold to make the interior of the window warmer and less subject to condensation.
- Optional insulated vent covers provide superior insulation for the fantastic fans and roof vents.

EXTERIOR PROTECTION

- Scratch and hail resistant gel coat fibreglass sidewalls with all weather exterior finish are easy to maintain and will not rust, pit, or fade.
- A domed, seamless, insulated, one piece FRP Flexroof promotes quick water run off and minimizes exterior maintenance.
- Urethane undercoating protects against dust and moisture and reduces stone and road noise.
- Steel enclosed, fibreglass insulated and heated fresh water and holding tanks assure extreme cold climate performance for your plumbing system. Tanks are heated from two different sources – the motorhome's ducted furnace while parked and the rear auxiliary automotive heater when travelling.
- Winterization system complete with potable antifreeze pickup kit allows you to easily drain tanks and fill water lines with potable antifreeze.
- Steel, insulated, and sealed firewall protects the driver and passengers from the outside elements.
- Additional 1/2" thermal break insulation beyond the standard 1" Styrofoam block insulation separates the climate controlled interior from the outside elements.

*Includes A/C    **Includes Water Heater					

**GVWR (GROSS VEHICLE WEIGHT RATING)** – The maximum permissible weight of this motorhome. The GVWR is equal to or greater than the sum of the unloaded vehicle weight (UVW) plus the net carrying capacity (NCC).

**UVW (UNLOADED VEHICLE WEIGHT)** – The weight of the motorhome as built at the factory with full fuel, engine oil, and coolants. The UVW does not include cargo, fresh water, LP gas, occupants, factory or dealer installed accessories.

**NCC (NET CARRYING CAPACITY)** – The maximum weight of all occupants, including the driver, personal belongings, food, fresh water, LP gas, tools, tongue weight of towed vehicle, factory and dealer installed accessories, etc., that can be carried by this motorhome. (NCC is equal to or less than GVWR minus UVW.)

Please see your dealer for weights of factory installed options.

The major considerations in building a top quality motorhome are long lasting beauty coupled with the ability to stand up to all weather conditions. The coach is an aluminium and steel framed structure with vacuum bonded gel coat fibreglass sidewalls and a domed roof finished with a seamless FRP Flexroof.

FLOOR

- 1 One Piece Woven Poly-Propylene Underbelly
- 2 3/8" Plywood
- 3 Tubular Steel Framing (Welded)
- 4 Styrofoam Filled Wall Support Plates
- 5 1" Block Styrofoam Insulation
- 6 1/2" Styrofoam Thermal Break Insulation
- 7 Carpet Underlay
- 8 Carpeting (Floor covering)

SIDEWALLS

- 1 Seamless Fibreglass Exterior
- 2 Luan Structural Backer
- 3 Aluminium Framing (Welded)
- 4 Styrofoam Filled Floor and Roof Plate
- 5 1" Block Styrofoam Insulation
- 6 1/2" Styrofoam Thermal Break Insulation
- 7 Interior Decorative Luan Wall Panels

ROOF

- 1 One Piece FRP Flexroof
- 2 Luan Backer
- 3 Aluminium Roof Truss
- 4 Styrofoam Filled Roof Truss Supports
- 5 1 1/2" Block Styrofoam Insulation
- 6 Enclosed/Insulated Climate Control Ducting
- 7 2" Block Styrofoam Thermal Break Insulation
- 8 3/8" Plywood
- 9 Padded Vinyl Headliner

## Coach Net

Triple E is a proud partner of Coach Net, an extensive support program providing complete and fully paid roadside assistance, emergency road service, and special warranty support benefits that follow you throughout Canada and the U.S. Service is free for the first year of ownership and available at a nominal fee for subsequent years.

### COACH NET'S 24-HOUR CUSTOMER CARE INCLUDES

- Emergency roadside assistance – including tow vehicle
- Toll free technician hotline for operation and service support
- Toll free nationwide service appointment assistance
- Free custom trip routing and colour maps
- Warranty service at over 6,800 locations throughout North America
- Benefits such as free jump starts, tire changes, fuel delivery and lock out service

## 2 Year Limited Warranty

Triple E is proud to offer a 2 year limited warranty on structure as well as most major components. Please see your dealer for further details.

## A reputation for excellence since 1965

For forty years Triple E has produced style, comfort, durability and uncompromising quality in recreation vehicles. We've built our reputation by maintaining full control of the manufacturing process, and almost everything you see in the finished product has been built on site to our renowned high standards, plus those of the Canadian Standards Association or Recreational Vehicle Industry Association. Triple E was also one of the first RV manufacturers to achieve ISO 9001 certification. If you demand the best in your RV, you've found it in Triple E.

*Founder P.W. Enns

13' travel trailer  
manufactured  
in 1965.*

RECREATIONAL VEHICLES

[www.tripleerv.com](http://www.tripleerv.com)

Triple E Recreational Vehicles P.O. Box 1230, Winkler, Manitoba, Canada R6W 4C4 Telephone: (204) 325-4361 Fax: (204) 325-5241

Triple E Recreational Vehicles meet or surpass CSA-CRVA-RVIA standards covering electrical services, gas services, plumbing services and vehicular safety. Commander Motorhomes exceed 96" in width. In some states, 96" is the maximum width of vehicles travelling some or all state roads. It is the responsibility of the owner to be familiar with the road usage laws of the states in which you travel. Product improvement is a continuing process at Triple E Recreational Vehicles. Thus, we reserve the right to change specifications on any or all products without prior notice; errors and omissions excepted. Triple E Recreational Vehicles is under no obligation to undertake modification to units manufactured prior to changes on specifications. Brochure pictures may be shown with optional equipment. Colours may not be exactly as shown due to the printing process. Please see your dealer for specific colours.
