Bounder Diesel

Holding tanks are positioned in the bottom center of the platform to enhance vehicle stability.

Holding tanks are enclosed between the upper and lower basement floors. This allows them to be heated to prevent freezing in cold weather.

Platform design creates lots of storage area and supports the sturdy Vacu-Bonded® walls.

POWER PLATFORM CONSTRUCTION

Fleetwood's patented Power Platform begins with two 10-in. steel I-beams welded lengthwise to the chassis. From the beams, steel outriggers extend outward. Together, they create a basement for fluid tanks and storage while supporting the floor, walls and roof with a rigid metal frame. This complements the chassis to make it even stronger.

* Drawings are for illustrative purpose only to highlight aspects of motor home construction. Actual motor home design depends on model and is subject to change.

AWNINGS
Patio and entry door awnings (electric optional) provide shade from the sun.

DUAL AIR CONDITIONING UNITS
Bounder Diesel has maximum cooling capabilities and plenty of storage because its A/C units are mounted on the roof and not in the basement.

A REDESIGNED FIBERGLASS FRONT CAP
looks fantastic, adding to Bounder Diesel's curb appeal.

A 2 STAGE DUPONT® PAINT PROCESS
(full-paint optional) is carefully applied for maximum durability and a sleek exterior look. This process ensures only the best in quality and appearance.

4 POINT AUTOMATIC LEVELING SYSTEM
levels your Bounder Diesel with a one-button push.

*Vehicle shown in Beige Bounty optional full-body paint.

EZ STORE COMPARTMENT
is illuminated and has gas-lift strut supports and stainless-steel hinges. For '06, a wider door allows for storage of larger items.

A PULL-OUT STORAGE BASKET
makes for easy loading and unloading, while keeping small items together (select models).

THE UTILITY COMPARTMENT
provides a central place to empty your holding tanks and includes a water sprayer for quick clean up. For your convenience the compartment is lighted and all components are clearly marked.

A STYLISH WRAP-AROUND DASH
features read-at-a-glance gauges and easy-to-reach controls. Power sun visors and 6 Disc CD player with Sirius® satellite radio are optional (6 month subscription is included).

A REDESIGNED FIBERGLASS REAR CAP
