- Dinette
- Roomy Cabover Bed
- Lounge Chair
- Queen Bed
- Plenty of Wardrobe Storage
- Fully Enclosed Bathroom
- Large Exterior Storage Bay

Model 29V
- Sofa Bed and Dinette
- Roomy Cabover Bed
- Split Bathroom
- Choice of 3 Bedroom Configurations
1. GVWR (Gross Vehicle Weight Rating): Means the maximum permissible loaded weight of the motor home. The GVWR is equal to or greater than the sum of the unloaded vehicle weight plus the net carrying capacity.

2. GAWR (Gross Axle Weight Rating): Means the maximum permissible loaded weight a specific axle is designed to carry.

3. Base Weight: Means the estimated weight of the motor home without fuel, options, water, cargo or passengers.

4. GCWR (Gross Combined Weight Rating): Means the value specified by the motor home manufacturer as the maximum allowable loaded weight of this motor home with its towed vehicle. Towing and braking capacities may differ. Refer to Fleetwood and chassis manufacturer manuals for complete information.

5. Length taken from front bumper to rear bumper (excludes accessories).

6. Hitch Rating Weight (lbs)* 5,000 5,000 5,000 5,000

7. Tongue Weight (lbs)* 500 500 500 500

8. Fuel Capacity (gal) 55 55 55 55

9. Anti-wicking process, on all of Jamboree’s openings and windows, includes multiple seals for prevention of leaks and moisture buildup.

10. Velvac® breakaway exterior mirrors are mounted on pivoting arms for safe rotation if impacted. They are also available with optional remote electric adjustment and heated defrost features. (Selected Models)

11. The optional skirt paint adds a classic touch to Jamboree’s exterior.

**Features**

- A 5,000 lb. trailer hitch* is available on selected models to bring along your boat, ATVs or other toys.
- Jamboree’s high-gloss “Tuff Coat™” fiberglass walls are enhanced with color-coordinated graphics for lasting style.
- Jamboree has a 4 3/8” crowned roof with a one-piece, quality Tuff-Ply™ cover to protect your motor home from the elements.
- Convenient and spacious storage compartments are easy to open and made of non-corrosive polyethylene or galvanized sheet metal liners.
- An optional electric powered entry step provides convenient automatic step extension when the door is opened and retraction when the door is shut.
- Automotive style undercoating protects vital components and chassis from rust and corrosion.
- A drip rail molding on both sides of your Jamboree guides roof water run-off to the front and rear of your coach, away from openings and patio area.
- Optional steel running boards with sturdy formed steel construction, and a protective powder-coated finish, are available for the first step into the cab of your new Jamboree.
- Anti-wicking process, on all of Jamboree’s openings and windows, includes multiple seals for prevention of leaks and moisture buildup.
- Velvac® breakaway exterior mirrors are mounted on pivoting arms for safe rotation if impacted. They are also available with optional remote electric adjustment and heated defrost features. (Selected Models)
- The optional skirt paint adds a classic touch to Jamboree’s exterior.

**Liquid Weight Reference**

- Water (gal) = (8.3 lbs/3.8 kgs)
- Fuel (gal) = (6.1 lbs/2.8 kgs)
- LPG (gal) = (4.2 lbs/1.9 kgs)

**Metric Conversion**

Multiply pounds x 0.453 to obtain kilograms

Multiply gallons x 3.785 to obtain liters

1. GVWR (Gross Vehicle Weight Rating): Means the maximum permissible loaded weight of the motor home. The GVWR is equal to or greater than the sum of the unloaded vehicle weight plus the net carrying capacity.

2. GAWR (Gross Axle Weight Rating): Means the maximum permissible loaded weight a specific axle is designed to carry.

3. Base Weight: Means the estimated weight of the motor home without fuel, options, water, cargo or passengers.

4. GCWR (Gross Combined Weight Rating): Means the value specified by the motor home manufacturer as the maximum allowable loaded weight of this motor home with its towed vehicle. Towing and braking capacities may differ. Refer to Fleetwood and chassis manufacturer manuals for complete information.

5. Length taken from front bumper to rear bumper (excludes accessories).

6. Excludes safety equipment and awnings.

7. Tank Manufacturer’s listed water capacity (WC). Actual LPG capacity is 80% of water listing as required by the safety code.

N/A: Information not available at the time of publication.

* The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing.

**IMPORTANT—PLEASE READ:** Product information, photography and illustrations included in this publication were as accurate as possible at the time of printing. For further product information and changes, please visit our website at www.fleetwoodrv.com or contact your local Fleetwood dealer. Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. Fleetwood has designed its recreational vehicles to provide a variety of uses for its customers. Each vehicle features optimal seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e. occupants, equipment, fluids, cargo, etc.) to ensure that the vehicle’s capacities are not exceeded.
**Exterior Automotive**
Chassis—Ford® E450, 6.8L Triton™ V10 w/305 hp, Dual Airbags, 4W Anti-Lock Brakes, Automatic 4-Speed Transmission w/Overdrive
Trailer Hitch - Class III (5,000 lbs. Rating)
7-Pin Hitch Plug
Stainless Steel Wheel Liners

**Interior Automotive**
Power Windows & Door Locks
Flexsteel® Adjustable/Reclining Bucket Seats w/Armrest (Ford)

**Coach Support Systems**
Air Conditioner—13,500 BTU/Ducted (23E, 24D and 26Q Models Only)
Air Conditioner—15,000 BTU/Ducted (29V Only)
Dual Auxiliary Batteries—Dual 6V (24D, 26Q and 29V Models Only)
For every road you travel, Fleetwood has the RV to fit your high standards and lifestyle. We build the recreational vehicles America wants, accounting for nearly one out of every three RVs on the road today. How do we do it? We call it the Fleetwood Equation.

Size + Service + Quality = Value!

**Size**  The world’s #1 RV manufacturer

Over the past half-century Fleetwood has grown to become the largest manufacturer of recreational vehicles in the world. Fleetwood remains, year after year, the largest, most influential, innovative and recognized leader in the RV industry.

**Service**  Listening to our customers

With over 1,100 service dealers in the US and Canada, Fleetwood has the largest network in the RV industry. No other RV company comes close to equaling this vital customer support system. Fleetwood RV service dealers have instant, real-time electronic access to your service records as well as parts inventory and warranty repair authorization inquiries. We also provide a customer call center for service and product information so no matter where you travel in North America, professional support and fast answers are always nearby. Call toll free: 1-800-322-8216.

**Quality**  Using only the best materials

At Fleetwood, quality begins at the design stage so every coach is built right, right from the start. Subsequent to design approval, full-functioning prototypes are built, then punished on a test track and subjected to accelerated life cycle tests where a few weeks can equal years of normal use. At the same time, components and systems are test-cycled thousands of times assuring years of problem-free use. Once approved for production, each unit is built by skilled technicians using quality materials and components, many of which are sourced through, or manufactured by, our subsidiary companies such as Gold Shield Fiberglass and Continental Lumber Products.

Fleetwood engineers specify the very best products and appliances from companies such as Coleman®, Dometic®, Flexsteel®, Ford®, Freightliner®, Magic Chef®, Panasonic®, and Workhorse®. These companies are experts in their respective fields and play a significant role as partners, not just suppliers.

All this assures that every Fleetwood RV has the fit, finish and details required by our high standards—as well as yours.

**Value**  Priced right with style

At Fleetwood RV, we look at value as the sum of everything we offer.

- **Value** is our design, engineering expertise, and innovative manufacturing methods.
- **Value** is structures and components that are the best in the industry, that meet or exceed government and industry safety standards.
- **Value** is Ownercare—a one-year/three-year warranty with coverage from a company that will be around in the future to service your needs. Ownercare is one of the RV industry’s most comprehensive programs and includes systems and applications, construction, no deductible and no service charge. And it is fully transferable for the first 12 months. See your nearest Fleetwood dealer for a full explanation of benefits and restrictions.
- **Value** is customer satisfaction. When asked, more experienced RV owners would recommend Fleetwood to a friend than any other brand. Fleetwood RVs consistently hold their value better than most RVs at trade-in time.

**Value is peace of mind.**

SSQV—Size, Service, Quality, and Value. Together they equate to the very best RV you can buy, and the reason you should purchase a Fleetwood over any other brand. Fleetwood does! See you on the road!
