JAMBOREE

Thick Tuff-Coat® Exterior Fiberglass Sidewalls are Vacu-bonded® into a strong composite structure, as opposed to competitors' cheaper thin fiberglass laminate.

Drip Rail Moldings channel excess water through spouts to the rear and front of the unit. This helps to prevent sidewall streaking.

Our Tuffply Roof is UV resistant, durable, easy to clean, and doesn't scratch like many competitors' fiberglass or aluminum roofs.

Powder Coated Steel Running Boards are sleek, stylish and add to Jamboree's curb appeal.

JAMBOREE GT (All the Jamboree offers plus more.)

Exterior Awning is standard on the GT and provides great protection from the weather, so you can enjoy your surroundings rain or shine.

One-Piece Fiberglass Front Cap is stylish and aerodynamic.

Alcoa® Aluminum Wheels are standard, which give the vehicle a stylish look.

Basement Storage features aluminum doors with struts and paddle latches for easy access to all your travel gear.
