STOP BECAUSE YOU WANT TO... NOT BECAUSE YOU HAVE TO.

Built on the fuel-efficient Dodge® Sprinter chassis, Pulse boasts both beauty and brains. Its head-turning style is enhanced by DuPont® full-body paint, while its spacious interiors and innovative storage options enhance its practical side. However, Pulse’s top trait may be its unparalleled drivability.
WHY BUY PULSE...

- Fuel Efficiency
- Extraordinary Driving Experience
- Contemporary Interior Styling
- Bold Exterior Styling
- Full-Body Paint

Anywhere you drive, a restful bed awaits you. Take a break watching the optional 19" LCD TV (shown) or the standard 19" LCD TV in the living area. (Standard TV location varies by model.)

The galley features a Dometic® cooktop and sink built from premium stainless steel. Both come with tempered glass lids that provide additional countertop space when not in use. Coupled with an Apollo Half Time Convection Oven and refrigerator/freezer, you’d think you were in a chic urban condo.

The modern cabinetry design carries over to the dinette, which transforms into a comfortable bed with a sleek headboard and footboard.

The bath is fully equipped, from the china bowl toilet to the brushed nickel towel robe hook. You’ll even have ample space for toiletries in the curved vanity and medicine cabinet. And to provide more elbow room while showering, the brushed stainless steel curtain rod bows outward.

The curvaceous overhead doors offer a storage solution that’s practical and stylish. Its design allows you to store longer items behind the compartment dividers.
**Pulse. Not just amazing. Amazing in so many ways.**

The full body paint exterior is unmistakably bold.

From the front cap to the tattle-tails, every detail of the exterior has been designed to be distinctive, the front cap shows Pulse’s automotive heritage, with a sleek grill and headlights.

**In the drivers cockpit, you can personalize your touring and further enhance your driving position. Driver’s position is designed to reduce your fatigue on long-distance trips.**

**Sea Glass is unmistakably bold.**

**Luggage Weight Reference**

**6. To determine the maximum allowable loaded weight of this motor home, the DODGE Class B Motorhome must be used as the maximum allowable loaded weight of this motor home with its towed vehicle. Towing and braking capacities may be different. Refer to Fleetwood and chassis manufacturer’s manuals for complete information.**

**7. Tank manufacturer’s listed water capacity (WC). Actual propane capacity is 80% of water listing as required by the safety code.**

**With a vehicle this innovative, the décor had to be just as original.**

We innovated every inch of Pulse, and the interior décor received the same extensive consideration. We chose fabrics that are both luscious wearing and full of character. The color palette highlights the cherry cabinetry and stainless steel used throughout.
