Your brass ring. Your oyster. Your Shangri-la. All rolled into one.
There's no cutting corners. Skilled craftsmen build every Fleetwood RV for maximum durability and longevity.

The Revolution LE is so much more than a wildly luxurious coach – it's a high-water mark in your life. It’s a bold sign of success, independence and innovative style. There’s simply no other coach that can match its potent combination of knock-out good looks, masterful technology and tactile opulence. As a Revolution LE owner, you’ll enjoy the freedom to travel as the wind blows, and the means to get there in extravagant comfort. In other words, you don’t just own the road... you conquer it with cachet.

Quality

There's no cutting corners. Skilled craftsmen build every Fleetwood RV for maximum durability and longevity.

REVOLUTION

Why Buy Revolution?

Revolution LE 42N
shown in After Midnight interior décor with Rich Mahogany wood cabinetry.
Thanks to non-traditional styling and sleek design, Revolution LE stands out from the crowd. But it's likely to attract one.

Feeling right at home? That's no accident. The name-brand furnishings, appliances and electronics represent the absolute best.

Owning a Revolution LE shows you've arrived... before you've even left the curb. You're part of a select group who appreciates the finest things in life.

Our exclusive Liberty Chassis makes Revolution LE arguably one of the best-riding diesel coaches on the market. “Smooth as silk” is a fitting description.

The mighty 400HP Cummins® ISL 8.9L engine puts mighty power underfoot. So you can put the pedal to the luxuriously carpeted flooring.
A few steps inside the coach, guests are sometimes taken aback by the luxury around them. Surveying the sparkling mirrors, the gleam of the stainless steel appliances and the designer fabrics, it’s understandable. Just set your friends down in a supple UltraLeather™ sofa with a cool drink, and they'll adjust quickly. Then they may note designer touches like the rich hardwood cabinetry and the ceramic tile flooring set on the diagonal. Most likely, they’ll want to stay for dinner.

Trust

More people trust Fleetwood. After all, we’ve spent over 50 years perfecting RVs, earning the loyalty of generations of RVers.

The Home Theater System in the living room combines a Samsung 32” LCD HDTV, DVD player and domed TracVision® digital satellite system for a high-quality entertainment experience.

The Facing Dinette (optional) is romantic for two, or merry with a few more. With plush seats that invite lingering and a hardwood tabletop, it feels like a private table at your favorite bistro.
The Overhead Cabinetry features new side-swinging doors for easier access. Deep enough to store full-size plates, the shelves are adjustable and lined to protect your dishes in transit.

The Galley features stainless steel appliances, including a roomy Norcold® refrigerator with an ice maker. Offering 12 cu. ft. of space, it includes a water dispenser in the door. There’s also a recessed 3-burner stove with oven (optional) and a GE® convection microwave that cooks faster than a traditional microwave.

The Pantry has smooth gliding, pull-out shelves (select models) to help you find those midnight snacks easily.

The Faucet includes a handy pull-out sprayer to make dishwashing a breeze. The faucet’s high-rise design makes it easier to fill tall pots. A separate faucet dispenses fresh drinking water.

The Pantry has smooth gliding, pull-out shelves (select models) to help you find those midnight snacks easily.

The Flip-Down LCD TV (optional) offers a 10” screen that swivels 270 degrees so you’ll never miss your favorite show while you’re whipping up a meal. Includes a DVD player, CD player and AM/FM radio for extra entertainment options.

Solid Surface Countertops look beautiful, but work hard. The material resists stains and scratches, and its high-gloss finish reflects your good taste.
Purple mountains don’t have the majesty market cornered. This bedroom suite is so majestic, you’ll be singing its praises. With a new 30” bedroom slide-out, it’s a wide-open space. Acres of cushy queen-size mattress beckon under stately coffered ceilings, adorned with a cooling ceiling fan (optional on select models). Sparkling halogen lighting with dimmers sets off the glow of rich hardwood cabinetry. With a retreat this grand, you’ll be finding excuses to hit the hay early.

**Passion**

We’re truly passionate about the RV lifestyle. Fleetwood was founded by RV enthusiasts, and that tradition continues today.

---

**“Majestic” may be an understatement.**

---

**The Bathroom**

provides a lavish setting to prepare for the day. The shower features a Moen® hand-held showerhead for total relaxation, obscured glass for privacy, and a skylight for natural lighting. The sink offers fashionable high-gloss countertops, mirrored cabinetry to hold your grooming supplies, and vanity lighting to help you look your best.

---

**The Mirrored Wardrobe**

gives you a full-length view before stepping out. It also features roomy storage for seasonal clothing, smooth gliding full-extension drawers, and protective cedar lining to keep your garments moth-free.
THE SECOND SINK AREA (optional on 42N model only) provides a perfect make-up center or shaving station when the main bathroom is in use. That way, you can both get ready for a big night out. Under-the-sink storage stows your essentials out of sight.

THE WASHER/DRYER is an option you may not want to travel without. Hidden inside a hardwood cabinet, it's the perfect way to keep clothes clean for your entire journey.

THE BEDROOM SUITE is even sweeter at night, when you're slumbering on the restful queen-size pillowtop innerspring mattress. For those who prefer dual comfort zones, the dual control mattress is a tempting option.

BEDROOM ENTERTAINMENT CENTER lets you laze in bed and catch some TV or a movie. The 19" Samsung® LCD HDTV swivels for best viewing, and the home theater system with DVD player delivers incredible sound and clarity. Below, a handsome dresser offers storage for linens and such.
Ah, it's good to be king of the road. That's how you'll feel settled into Revolution LE's jet-plane-like cockpit, every control within your reach. Our highly skilled engineers spent countless hours refining the design for your comfort, convenience and safety. So you'll feel just as great at mile 2,000 as you did at mile 20. Strap in, captain.

The **400HP CUMMINS® 8.9L ENGINE** with 1,200 pounds of torque, keeps things humming right along. Powerful enough to get you through every curve and hill climb, it's also got the gusto to tow a full-size vehicle for touring the town.

The **PIONEER® MULTIMEDIA NAVIGATION SYSTEM** gives you a ton of data and some entertainment, too. The color back-up monitor helps you reverse safely, thanks to a rear vision camera. To get you where you're going, a touch-screen GPS system is included. There's also an AM/FM radio with CD player, and it's **Sirius Satellite Radio® ready**.

The **Keyless Remote Entry** system allows you to lock and unlock your coach with the push of a button.
The Power Visors cut the sun's glare with the touch of a button, allowing you to make adjustments with precision.

The Cockpit Area lets you take in the scenery – and stay in control. The instrument panel is integrated with the steering column, so it can tilt and telescope to many positions for maximum visibility and comfort. The oversized, padded Smart Wheel puts essential controls at your fingertips, and is soft to the touch for long-driving comfort.

The UltraLeather™ Driver and Passenger Seats are much more than meets the eye. Inside the buttery soft UltraLeather™ upholstery is a Flexsteel® frame, ergonomically engineered so you can sit for hours without becoming fatigued. Both seats are heated for those frosty winter mornings and include integrated seatbelts for comfort. The passenger even gets a footrest.

The Dash Storage is a wonder of innovative design. Within that stylishly rounded dash, you're able to keep those items you need on the drive, from eyeglasses to pencils, maps to mints. All neatly organized and nearby.
Choose your favorite flavor of eye candy.

Explore our range of stunning exteriors, with seven colors available in Standard, Aero or Shock Wave graphics. Bold, bolder or boldest - the choice is yours.

Sometimes, what’s on the outside really does count.

Revolution LE’s exterior boasts more than good looks. You’ll enjoy dozens of features that are helpful, comfortable, or just plain cool. Here are a few.

1. **DUAL Pane WINDOWS** offer insulation from the summer heat and reduce noise inside the coach. They also work in tandem with the Revolution LE’s Energy Management System to save energy.

2. **IN-MOTION TRACVISION® SATELLITE SYSTEM** (optional) tracks as you drive, so it delivers a continuous TV signal.

3. **SIDE-HINGED LUGGAGE DOORS** (select doors) open sideways and lock into place for added convenience and safety when loading up.

4. **8.0 KW DIESEL GENERATOR** is powerful and extremely quiet so you won’t be disturbed when docked.

5. **DUAL AIR CONDITIONERS** are mounted on the roof to improve cooling and free up additional basement storage (3 on 42K and 42N models).

---

1. **FIBERGLASS ROOF** is one solid piece for leak-free living. Just as importantly, its dome shape and radius corners give a sleek architectural look.

2. **DUPONT® PAINT** is carefully applied in two stages for maximum durability and lasting beauty. A final clear coat protects and beautifies the ultra-glossy exterior.

3. **WINDOW AWNINGS** protect your interior fabrics from fading, and keep the inside cooler.

4. **REAR CAP** features high-mounted taillights for better visibility and a sophisticated look. A two-piece ladder easily stows away when not in use.

5. **CHROME LOGOS** gleam in the sunlight, proclaiming the prestige of Revolution LE for all to see.
While technology marches on, ours clips down the road.

The technology engineered into Revolution LE is the most advanced, so it matches the rest of the package. We’ve found innovative ways to help you drive safer, see more clearly, and even enjoy yourself a little more. That’s better living through technology.

**The Exterior Entertainment Center** (optional) lets you enjoy entertainment under the stars. Featuring an AM/FM radio with built-in CD player and a Samsung® 19" LCD HDTV, this all-in-one solution is a breath of fresh air.

**The Side View Cameras** (optional), mounted on the left and right sidewalls, transmit to the driver’s area monitor. The cameras are activated by the turn signal to help you see blind spots in adjacent lanes, but they can also be manually controlled by the driver. Once you’re docked, they’re a handy security tool to help you see what’s going on outside the coach.

**Chrome Side Mirrors** are heated to remove dew or frost to give you a better view. The “bus style” design increases your safety, thanks to turn signal indicators to notify other drivers that you’re changing lanes.

**The Front Cap** has been newly redesigned, with a contemporary edge. The curvy windshield is Revolution LE’s stylish calling card, with a one-piece design to enhance your panoramic view. **Diamond Shield** (optional) is a transparent, 8 mil. urethane film designed to preserve your coach’s beauty for years to come. It protects your paint finish on the lower front cap from chipping and wards off damage from road debris, bug tar and harsh weather.

**The Spotlight** (optional) is perfect for those twilight barbecues or open-air card games. A wireless remote helps you put the light right where you need it.
Our exclusive Liberty Chassis makes the Revolution LE arguably one of the best riding diesel coaches on the market. In fact, we placed a nickel on one of the frame rails while the engine was running – and the nickel did not move. That’s how little vibration was created. The secret is the strong, rigid frame that strengthens the integrity of the driving platform to create an extremely smooth driving experience.

A 15,000 POUND TOWING CAPACITY†
tows your vehicle, or toys, without breaking a sweat.

ELECTRO-COATING over the steel protects against corrosion.

ALL-STEEL STRUCTURE creates a strong and rigid frame that resists flexing. This is the foundation for a superior chassis that can overcome the structural challenges of floor plans with triple and quad slide-outs.

STORAGE COMPARTMENTS provide durable storage space for gear, golf clubs, or coolers, and they hose out for easy cleaning.

CENTER-MOUNTED FUEL TANK distributes weight evenly for improved handling.

INTERLOCKING Ceiling-To-Sidewall Construction helps keep the box square. This assures a proper cabinet fit.

INTERLOCKING Floor-To-Sidewall Construction locks tightly to keep out water, dust and noise, and helps eliminate squeaks and rattles.

Vacu-bond® Sidewall Construction creates a strong, weather-resistant structure. All sidewalls, floors and ceilings are Vacu-bonded to a durable metal frame, far superior to the pinch roll method our competitors often use.

† The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing. Hitch receiver ratings expressed are maximum for the hitch receiver installed and may require the purchase of additional equipment that is dependent on the weight of the towed load. Consult with hitch receiver manufacturer for further information.
The Pass-Through Storage Compartments allow you to grab your gear from either side of the coach. Optional slide-out trays provide easy access to items in the back of the compartment. These compartments are insulated and vacu-bonded to ensure your stored items are kept safe.

The Utility Compartment allows you to empty your tanks and wash your hands afterwards with the soap and paper towel dispenser. The pull-out sprayer is handy for keeping everything neat and clean.

The Service Center is a central location for all your important coach systems. You can check and maintain fuel filters, air dryer, injector primer pump, water fuel separator and your leveling system simply and efficiently.

Peace of mind. The very best benefit of a Revolution LE.

While our engineers delight in creating innovative floor plans and storage solutions, we’re proudest of our commitment to safety. We’ve integrated dozens of safety features into Revolution LE to protect you and your precious cargo. From bus-style turn signals to four-wheel ABS brakes to integrated safety belts, we’ve got you covered. You can depend on us for superior construction and safety that goes the distance... no matter how far your journey.

Safety

You’ve got precious cargo. So we’ve engineered dozens of innovative safety features into our motor homes to give you more peace of mind.
- Luxurious bedroom and private bathroom suite
- Opposing living room slide-outs for cavernous space
- Available Options: 115, 126, 128, 160, 200, 830, 832

- Unique quadruple slide floor plan under 41 feet in length
- Seating for up to 11 people
- Available Options: 115, 126, 128, 160, 200, 830, 832

- Industry leading full-wall slide plus two more slides
- Enormous galley with entertainment-friendly counter space
- Available Options: 115, 126, 160, 200, 830, 832

Seatbelt configuration may vary depending on options chosen.
Help is nearby. When you need an upgrade or repair, you'll find facilities all across North America and more than 1,000 dealers ready to assist you.
**STANDARD FEATURES**

Liquid Weight Reference: Water (gal) = (8.3 lbs/3.8 kgs) Fuel (gal) = (7.1 lbs/3.2 kgs) Propane (gal) = (4.2 lbs/1.9 kgs)
Metric Conversion: Multiply pounds x 0.453 to obtain kilograms. Multiply gallons x 3.785 to obtain liters. Multiply liters x 61 to obtain cubic inches.

1. GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this fully loaded motor home. The GVWR is equal to or greater than the sum of the (UVW) unloaded vehicle weight plus the (CCC) cargo carrying capacity.*
2. GAWR (Gross Axle Weight Rating) is the maximum permissible loaded weight a specific axle is designed to carry.
3. GCWR (Gross Combined Weight Rating) is the value specified by the motor home manufacturer as the maximum allowable loaded weight of this motor home with its towed vehicle. Towing and braking capacities may be different. Refer to Freightwood and chassis manufacturer’s manuals for complete information.
4. Length measured from front bumper to rear bumper (excludes accessories).
5. Excludes safety equipment and awnings.
6. Motor homes feature a body-width over 96” which will restrict your access to certain roads. Before purchasing, you should research any state and/or province road laws which may affect your usage.
7. Tank manufacturer’s listed water capacity (MC). Actual propane capacity is 80% of water listing as required by the safety code.

† The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing. Hitch receiver ratings expressed are maximum for the hitch receiver installed and may require the purchase of additional equipment that is dependent on the weight of the towed load. Consult with hitch receiver manufacturer for further information.

N/A = Not Applicable.
*UVW and CCC are found on the cargo carrying capacity label in each RV.

IMPORTANT—PLEASE READ: Product information, photography and illustrations included in this publication were as accurate as possible at the time of printing. For further product information and changes, please visit our website at www.fleetwoodrv.com or contact your local Fleetwood dealer. Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. Freightwood has designed its recreational vehicles to provide a variety of uses for its customers. Each vehicle features optimal seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e. occupants, equipment, fluids, cargo, etc.) to ensure that the vehicle’s capacities are not exceeded.

Warranty

Exclusive RV ownercare warranty. See your Fleetwood dealer for details.
RV OWNERCARE*
Limited one-year/15,000-mile coach warranty and three-year/50,000-mile structural warranty, whichever occurs first, and it is fully transferable for the first 12 months. RV OWNERCARE is one of the RV industry’s most comprehensive programs and includes systems, appliances, components and construction, with no deductible and no service charge. RV OWNERCARE coverage is provided from a company that will be around in the future to service your needs. See your nearest Fleetwood dealer for a full explanation of benefits and restrictions.
