

TRAVEL TRAILERS AND FIFTH WHEELS

Terry

**IT'S THAT FEELING A PUPPY GETS WHEN
SOMEBODY ACCIDENTALLY LEAVES THE
GATE OPEN.**

Appealing Décors | Functional Floor Plans | Smooth Fiberglass Sidewalls | Aluminum Construction | Stylish Exterior Graphics

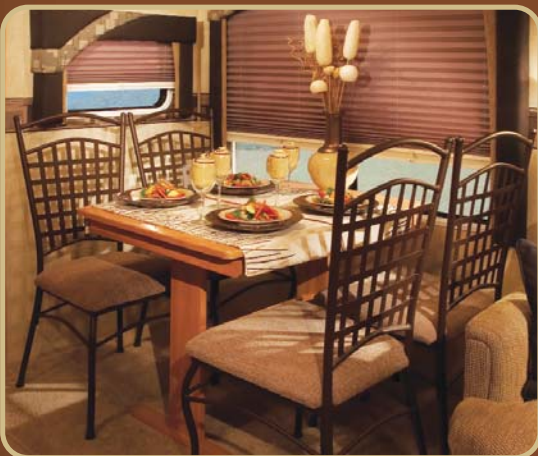

The Pantry holds canned goods, cereal and more. That means you can pack enough food to feed your family, and anyone else you meet on the way.

The Galley has everything you need to create a home-cooked meal. A pots and pans drawer with full extension roller bearing drawer guides, a double door refrigerator, a microwave, and a 3-burner range with 22" oven are standard.

The Free-Standing Dinette (optional) provides a cozy place for a romantic dinner or family pasta night.

**FEEL FREE TO WANDER THROUGH THE MEADOW, SMELL THE WILDFLOWERS
AND EXPLORE TO YOUR HEART'S CONTENT. TERRY IS WAITING.**

The Overhead Cabinets in the galley provide easy access to kitchen essentials like your favorite full-size plates and pasta bowls.

The Full Extension Drawers smoothly glide out all the way so you can easily reach items at the back.

Terry 295BHDS shown in Storm Gray interior décor with Clear Oak wood finish.

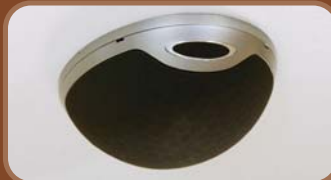

The Living Room is made for relaxation. The residential-styled couch is the perfect place to enjoy the entertainment center with available LCD TV and DVD player.

Out in the great outdoors, you don't want to be cramped indoors. So we've designed Terry with functional floor plans that are comfortable and livable, offering a variety of configurations to suit up to twelve people. And of course, a few pets, too.

Under Dinette Storage with aluminum framing keeps the ever-multiplying pile of souvenirs, games and treasures safe until playtime.

Dome Speakers in the living room give your camping trip a soundtrack. They're connected to the standard AM/FM/CD stereo and available DVD and MP3 player.

The **Master Bedroom** feels just as relaxing as yours at home. After a long day at the river, you can float away on the Queen bed with innerspring mattress.

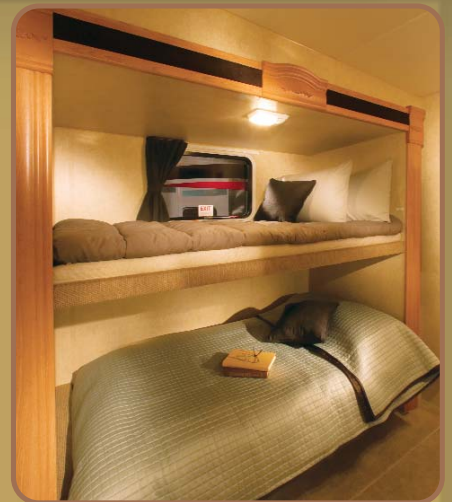

Under-Bed Storage is a convenient place to hide bulkier items that you just can't leave home without.

You've got stuff? We've got space. From the inside storage compartments to the pass-through storage, Terry has the room to store lots of stuff families need (or want) when camping.

The **Wardrobe** is designed to hold full-size hangers and keeps your clothes neat and clean.

The **Fold-Down Bunk Bed and Sofa Bed Combination** (optional on select models) gives kids their own place for rest and play. By day, a private lounge. By night, slumber party central!

The **Bathroom** includes a mirrored medicine cabinet that makes it easy to check your pearly whites.

FIBERGLASS CONSTRUCTION SETS TERRY APART.

Competitors just can't match the quality of Terry's construction. Terry is built with strong, aluminum-framed, laminated fiberglass exterior sidewalls. Not usually found at this price, they provide insulation and rigidity. The quality continues inside, where we use solid hardwood cabinet doors, and seamless vinyl flooring covering the entire floor (not just the parts you can see). This attention to detail creates superior construction, a polished look and an unbeatable value for the money.

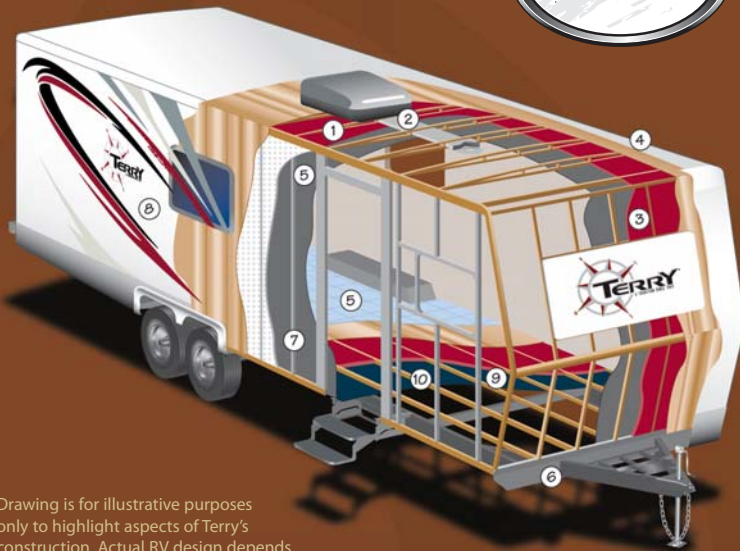

Pass-Through Storage is perfect for oversized items like your fishing poles, lawn chairs and cooler.

The Equa-Flex™ Rubberized Suspension provides a smooth ride and ensures all of your camping gear arrives in style.

The Enclosed Chassis (optional) allows heating the holding tanks to prevent freezing in cold weather. No need to migrate to warmer climates.

Drawing is for illustrative purposes only to highlight aspects of Terry's construction. Actual RV design depends on model and is subject to change.

1. **ENGINEERED RADIUSED CEILING TRUSS** - Helps to ensure strength, water runoff and reduced weight.
2. **IN-CEILING AIR CONDITIONING DUCT** - Better distributes cool air.
3. **R7 FIBERGLASS INSULATION** - As in your home, helps to ensure interior comfort in every season.
4. **ONE-PIECE SEAMLESS SYNTHETIC RUBBER ROOF MEMBRANE** - Provides the ideal weather seal and is warranted for 12 years.
5. **DURABLE VINYL FLOORING** - Easy to clean, this wall to wall flooring holds up to heavy foot traffic.
6. **REINFORCED CAMBERED STEEL CHASSIS** - Provides optimal strength, durability and towing-performance.
7. **1 1/2" ALUMINUM TUBING** - Lightweight, structural studs blend proven framing methods with technologically superior materials.
8. **SMOOTH GLOSS FIBERGLASS EXTERIOR SIDING** - This glossy surface is easy-to-clean and adds beauty and structural integrity.
9. **ENCLOSED CHASSIS** - Is a durable weather barrier.
10. **2" X 3" FLOOR JOIST** - Allows for the placement of in-floor furnace ducting without compromising structural integrity.

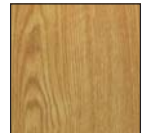

No matter what direction you go, you'll always have your sense of style. Terry has a polished, contemporary look that's been created by professional interior designers. Who says camping can't be elegant and fun?

- GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this trailer when fully loaded. It includes all weight at the trailer axle(s) and tongue or pin.
- All dry weights are based on the standard model and do not include optional features or equipment.
- Cargo Carrying Capacity is determined by subtracting Gross Dry Weight from GVWR. Cargo includes all fluids, optional features, equipment, and personal cargo.
- Length measured from hitch or pin box to rear bumper (excludes accessories). Trailer length includes hitch; fifth wheel includes standard pin box.
- Actual height may be lower, based on option offerings. Consult with your dealer to obtain actual height for the unit you are interested in.
- Approximate.
- Water weight equals 8.3 lbs per gallon. Propane weight equals 4.2 lbs per gallon.
- Add 10" if equipped with optional spare tire and carrier.

- Hitch weights are dependent upon how the trailer is equipped with options, on-board cargo and tank fluid levels. Actual hitch weights may be higher or lower than shown. It is recommended that the tow vehicle and hitch for your trailer have sufficient capacity to accommodate the GVWR of the selected trailer.

Your Local Fleetwood Dealer Is:

TO OUR CUSTOMERS...

To make sure that you get the maximum satisfaction out of your recreational vehicle purchase, there are several things you should know:

1. Learn all you can about the travel trailer or fifth wheel you're planning to buy. Don't rely on word of mouth. Get the facts about the actual trailer length, width, unloaded weight with options, Gross Vehicle Weight Rating, and cargo carrying capacity. These are usually available in the manufacturer's sales literature or from the Cargo Carrying Capacity Label located in each trailer. Be sure to check this information **before** you decide which unit to buy.

2. Verify the towing capacity of your tow vehicle. If you don't know, or aren't sure, you can ask at your automotive dealership. Be sure to match its tow rating to the loaded (not dry) weight of your trailer. Include the weight of water, additional accessories, clothing, food, and gear. To help Fleetwood travel trailer customers estimate this total weight, our Gross Vehicle Weight Ratings reflect the maximum weight of the trailer when fully loaded for camping. Be sure the weight of the tow vehicle plus the weight of your trailer do not exceed the Gross Combined Weight Rating of the tow vehicle.

Taking these simple steps before you buy will help ensure that your trailer and tow vehicle combination is just what you wanted.

See you on the trail!

treadlightly!
