The motor home that works extra hard.
So you can take it easy.
Bounder rewrote the rules. And kept on rolling.

The trailblazing Bounder is one of the top-selling motor homes on the road – even though it was introduced more than 20 years ago. Then, as now, we designed Bounder to be exceptionally practical and value-oriented. For example, it comes standard with long-wearing full-body paint, a feature usually found in higher-priced diesel motor homes. It’s no wonder owners continue to be wild about Bounder – functionality never goes out of style.
A computer workstation is easy to set up. Just plug your laptop (not included) into the power and phone jacks, and e-mail friends and family. And with GPS software (not included), your laptop can help you navigate your way around this great country.

A pull-out tray holds everything the co-pilot needs on the road – sunglasses, computer supplies, pens, even earplugs for those long drives when the pilot tests out his karaoke skills.

The entertainment center features a 27” flat screen TV and a place to store the DVD player. Just pop some popcorn and it’s show time wherever you are camping.

The flexsteel lounge recliner with optional ultraleather is the perfect, comfy place to lose yourself in a good book. Shown with optional Ultraleather™ covering that’s softer and easier to clean than leather.

Entry assist handrails are placed on the inside and outside of the coach to help you enter and exit easily.
THE FREE-STANDING DINETTE (optional) sits by a large picture window. Every night, you’ve got the best table in town for dinner by sunset.

CONVECTION MICROWAVE (optional) cooks fast like a microwave, and also bakes and broils like a convection oven.

DOUBLE BOWL SINK, made of scratch-resistant stainless steel, is recessed into the countertop so you can wipe the crumbs into the sink. The single-lever faucet with a separate pull-out sprayer makes dishwashing a bit easier.

FULL EXTENSION DRAWERS roll all the way out, so you can store things in the very back of the drawer.

PULL-OUT CUTTING BOARD makes the perfect place to trim those juicy steaks before you put them on the grill. A removable sink cover gives you even more space for slicing and dicing.

NORCOLD® REFRIGERATOR (optional) with a whopping 12 cubic feet of space to store your favorite foods and drinks. On a hot day, sip a cold glass of iced tea and you’ll appreciate the icemaker. A Dometic® side-by-side 8 cu. ft. refrigerator is standard.
Nuts and bolts. Not bells and whistles.

If you’re looking for frivolous frills, stop right here. Because Bounder provides exactly what you need – no more and no less. Our designers included dozens of big and little features that make your life more comfortable. Things like a folding range cover to give you more countertop space for party trays. Overhead cabinets deep enough for full-size dinnerware, so you don’t have to eat off salad plates. And handy hooks for all your keys. In short, things many competitors just didn’t consider.

**Countertop Extension** flips up when you need a little extra space – it’s ideal for washing dishes. Once the dishes are done, flip it back down.
Function never felt so good.

Because function is ultimately about comfort, we’ve designed Bounder to be super-comfortable. You’ll enjoy tall 7-foot ceilings and plenty of space, even in traditionally small areas like the galley and bathroom. And it’s comforting to pack a lot of your favorite things, so we’ve converted every spare inch into usable storage space. Why not take your Elvis collectibles to Graceland?
THE SPACIOUS WARDROBE is lined with cedar and has an automatic light when opened. Also comes with a mirror on the door to check your outfit.

STORAGE SPACE under the bed is ideal for large boxes, extra linens or seasonal items – like your Christmas decorations!

THE SHOWER has a skylight overhead, and a low-step threshold so it’s easy to enter. The water saver valve helps you conserve water when you’re dry camping.

THE BATHROOM is delightfully spacious, especially in the E model (shown). With generous storage for your toiletries and beauty supplies, you’ll have plenty of room to groom.

A WINDOW NOOK WITH 20” TV overhead is standard in every Bounder. The nook works perfectly as a vanity area or desk.
Tanks a lot, Bounder.

With its extra-large tank capacity, Bounder can hold up to 85 gallons of fresh water, 58 gallons of grey water and 42 gallons of black water. That means you can camp without hookups for extended periods of time. Bounder gives you the freedom to go where you want.

Power Platform Construction for Strength

Fleetwood’s patented Power Platform begins with two 10-inch steel I-beams welded to the chassis, with steel outriggers. Together, they create a basement for the fluid tanks and storage, while supporting the floor, walls and roof with a rigid metal frame. This complements the chassis to make it even stronger.

HOLDING TANKS are enclosed between the upper and lower basement floors so they can be heated in cold weather to help prevent freezing.

BASEMENT STORAGE features aluminum doors, lined with molded plastic so you can hose the compartments out. They are also individually lit for after sunset.

VEHICLE STABILITY is enhanced because the holding tanks are positioned in the bottom center of the platform.

EZ STORE COMPARTMENT is the perfect place for very long items such as fishing poles or ladders. It moves with the slide-out so you don’t have to crawl underneath.

LARGE TOWING CAPACITY lets you tow most vehicles with ease.

Strength and even More Storage. That’s our Power Platform Plus.

Our Power Platform Plus construction delivers the best of both worlds — an ultra-strong chassis along with a ton of storage space. We carved out every available space for extra storage, and reinforced the framing around the storage areas. Each storage area is lined with molded plastic so it can be hosed out easily, and individually lit so you can retrieve your gear after dark. The Power Platform Plus (available on select models) delivers all the benefits of the Power Platform, plus:

PASS-THROUGH STORAGE COMPARTMENT maximizes every inch of space so you can store large bulky items, such as folding tables. The pass-through design allows you to take your gear out from either side.

STORAGE MAXIMIZER is another great place to store bulky items such as folding chairs or portable fire pits.

Why Fleetwood?

Passion
We’re truly passionate about the RV lifestyle. Fleetwood was founded by RV enthusiasts, and that tradition continues today.

Quality
There’s no cutting corners. Skilled craftsmen build every Fleetwood RV for maximum durability and longevity.

Service
Help is nearby. When you need an upgrade or repair, you’ll find facilities all across North America and more than 1,100 dealers ready to assist you.

Warranty
Breathe easier with RV Ownercare, one of the best warranties in the industry. See your Fleetwood dealer for details.

Trust
More people trust Fleetwood. After all, we’ve spent over 50 years perfecting RVs, earning the loyalty of generations of RVers.

† The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing. Hitch receiver ratings expressed are maximum for the hitch receiver installed and may require the purchase of additional equipment that is dependent on the weight of the towed load. Consult with hitch receiver manufacturer for further information.

Drawings are for illustrative purposes only to highlight aspects of motor home construction. Actual motor home design depends on model and is subject to change.
Bounder’s better on the outside.

There are so many great features on the outside of Bounder, we don’t have enough photos to show you all of them. Things like the 4-point automatic leveling system, the heated mirrors, and Bounder’s nifty wipers that don’t block your view when you’re parked. Best of all is the tall windshield that gives you an expansive view of the majestic scenery. But you’ll have to experience that in person.
Bounder is covered from top to bottom.

While many competitors only paint a portion of the coach, Fleetwood uses full body paint on the Bounder. And we use DuPont® paint, usually reserved for high-end coaches. It not only protects the coach, it gives the Bounder its well-known handsome look. Choose your favorite color scheme.

Setting The Standard In Motor Home Quality

Fleetwood® prototypes are exposed to thousands of miles of durability testing. Those components that don’t survive are redesigned until they do. This sets our standard in safety and durability.

Fleetwood’s patented Power Platform supports the body with a rigid frame that reinforces the chassis to make it even stronger. This allows Fleetwood to offer quad slide-outs.

For each outer wall, Fleetwood uses one seamless, solid piece of its exclusive Tuff-Coat® fiberglass composite. It resists UV rays, cracks and impacts. Our products look newer longer and that’s a big plus at resale time.

To assure a strong, weather-resistant structure, Fleetwood Vacu-bonds® the sidewalls, floor and ceiling to a durable aluminum or steel frame. The Vacu-bond® process is unmatched by many competitors.

Fleetwood’s sinks and shelves are designed to handle full-size kitchenware. Few competitors can say the same.

*Beige Bounty interior is available with either the Beige Bounty or Beige Bounty II exteriors.

**FORD/WORKHORSE CHASSIS**

- **Model**: Ford®/Workhorse™
- **Engine**: 6.8L Triton® V10/8.1L Vortec® V8
- **Torque**: 457 lb-ft at 4750 RPM/455 lb-ft at 3200 RPM
- **Alternator Amps**: 130 Amp/145 Amp
- **Horsepower**: 362 HP/340 HP
- **Transmission**: 5-Speed Automatic with Overdrive/6-Speed Automatic with Overdrive

1. GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this fully loaded motor home. The GVWR is equal to or greater than the sum of the (UVW) unloaded vehicle weight plus the (CCC) cargo carrying capacity.
2. GAWR (Gross Axle Weight Rating) is the maximum permissible loaded weight of a specific axle is designed to carry.
3. Base Weight is the estimated weight of the motor home without fuel, options, water, cargo or passengers.
4. GCWR (Gross Combined Weight Rating) is the value specified by the motor home manufacturer as the maximum allowable loaded weight of this motor home with its towed vehicle. Towing and braking capacities may differ. Refer to Fleetwood and chassis manufacturer’s manuals for complete information.
5. Length taken from front bumper to rear bumper (includes accessories).
6. Excludes safety equipment and awnings.
7. Motor homes feature a body-width over 96” which will restrict your access to certain roads. Before purchasing, you should research any state and/or province road laws which may affect your usage.
8. Tank manufacturer’s listed water capacity (WC). Actual propane capacity is 80% of water listing as required by the safety code.

**Liquid Weight Reference**

| Water (gal) | 8.3 lbs/3.8 kgs |
| Fuel (gal) | 6.1 lbs/2.8 kgs |
| Propane (gal) | 4.2 lbs/1.9 kgs |

**Metric Conversion**

Multiply pounds x 0.453 to obtain kilograms. Multiply gallons x 3.785 to obtain liters. Multiply liters x 61 to obtain cubic inches.

**IMPORTANT— PLEASE READ:**

- Product information, photography and illustrations included in this publication were accurate as possible at the time of printing. For further product information and changes, please visit our website at www.fleetwood.com or contact your local Fleetwood dealer. Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. Fleetwood has designed its recreational vehicles to provide a variety of uses for its customers. Each vehicle features optional seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e. occupants, equipment, fluids, cargo, etc.) to ensure that the vehicle’s capacities are not exceeded.

- The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing. Hitch receiver ratings expressed are maximum for the hitch receiver installed and may require the purchase of additional equipment that is dependent on the weight of the towed load. Consult with hitch receiver manufacturer for further information.

- N/A = Not Available at time of printing.

- UVW and CCC are found on the cargo carrying capacity label in each RV.
RV OWNERCARE*
Limited one-year/15,000-mile coach warranty and three-year/50,000-mile structural warranty, whichever occurs first, and it is fully transferable for the first 12 months. RV OWNERCARE is one of the RV industry’s most comprehensive programs and includes systems, appliances, components and construction, with no deductible and no service charge. RV OWNERCARE coverage is provided from a company that will be around in the future to service your needs. See your nearest Fleetwood dealer for a full explanation of benefits and restrictions.

CONTACT US
To locate a dealer near you, visit our website at www.fleetwoodrv.com or call 1-800-444-4905. We can also be contacted at Fleetwood Customer Relations, P.O. Box 1007, Decatur, IN 46733.

FLEETWOOD TRAVELCADE CLUB
As a Fleetwood owner, you’re eligible to become a member of the Fleetwood Travelcade Club. It’s a perfect way to meet other Fleetwood owners who love to travel across America and share in the RV lifestyle.
