No matter what decor you select inside, rest assured your Excursion will look equally good on the outside. Three exterior graphic designs are color coordinated to match a specific travel destination interior, including Neutral, Fern and Charcoal.

Fleetwood's new Excursion is aerodynamic looking with front and rear fiberglass caps. Large dinette living room windows, aluminum wheels and heated remote rear view mirrors are also especially worth noting.

EXCURSION 38 U EXOTIC NATURE

Exotic interiors fit for a king.

Giraffe, zebra and leopard patterned fabrics and carpeting leave little doubt where you are headed in this interior. So don your pith helmet and go on safari through Excursion's new Exotic Nature interior.

Explore the plush wall to wall carpeting and rich walnut finished cabinetry and trim. Excursion's Ultraleather™ upholstered furniture features specially inlaid fabric accents, residential-like legs and optional love seat with comfortable slide out foot stool (38 U only).

Excursion offers two spacious 39 foot floorplans featuring a free standing dinette with a unique round table and two wrap around upholstered chairs. Optional dinette table with four upholstered chairs is also available in Excursion's 38 foot floorplan. To enhance your exotic dining experience, Excursion comes with a standard overhead chandelier that's designed to enhance each interior's decor.

Tropicana

Tropical Bahama

Tropical Bahama adds a touch of paradise.

You can almost feel the tropical breezes gently drifting through your very own seaside getaway. Tropical Bahama, however, is a far cry from a stereotypical little grass shack. It is the “Grand Hotel” of the islands with a cozy queen size bed slide-out that opens up to your bath area with glass enclosed shower.

Deep, dark cherry finished cabinets, palatial window treatments, color coordinated bed spread and fern patterned throw pillows all set the tone for your tropical escape.

From umbrella capped fruit drinks to seafood delicacies, your Excursion galley is fully equipped to handle your very own private luau. Including a Magic Chef® cook top with optional oven, standard GE® convection microwave, Dometic® 12 cubic foot side-by-side refrigerator and convenient single lever faucet with retractable wand.

While enjoying your ocean side view through large dinette area windows, may we recommend a little steel drum background music? Your optional DVD and home theatre entertainment center, including a standard 27" Panasonic® TV, would definitely fill the bill.

Your Excursion always begins up front in the comforts of a wrap around driver's cockpit area featuring a heated Ultraleather™ captain's chair and telescoping steering wheel. Heating, air conditioning, radio, wipers, cruise and energy management controls are all positioned within a convenient reaching distance.

No matter where your Excursion takes you

there's always plenty of room for your luggage and recreational play toys in durable and easy to clean rotocast storage compartments. You're also sure to appreciate having a fuel fill on both sides of Excursion, and easy access to its 2000-watt power inverter. All batteries on board Excursion are centrally located in a single basement compartment.

Excursion interiors are destinations all in themselves.

Fleetwood designers have made the new Excursion a showcase for creative interiors. From fabric and carpet selection to furniture design, Excursion is a classic example of why a motor home interior doesn't have to look like a motor home interior.

Three distinctive styles make it easy for you to select an environment that's just right for your travel adventures. And no matter which one you choose, you can't go wrong. They're all equally attractive. Exotic Nature, Tropical Bahama or City Scape. Your dream destination awaits you at your nearest Fleetwood dealer.
