

EXPEDITION

Explore in Luxury.

FLEETWOOD RV

The only way
to explore this
great big world
we live in is to
do it the right
way -
in luxury -
in an
Expedition.

The Expedition is packed with rich new luxurious features to help you explore at your leisure and in total comfort. From the now standard door awning, new painted graphics and chrome air horns outside, to the Double Dyne® CD radio included in the entertainment center and an easy-to-access, centralized fuse box for simple maintenance inside – this coach is the right way to travel.

A gorgeous upgraded linoleum floor and extra deep cabinet space help make Expedition the great value that it is.

This year you'll get a magnificent galley complete with an 8 cubic foot Dometic® refrigerator; a spacious pantry; fresh, natural interior décor and padded vinyl ceiling panels.

The Expedition options include a washer/dryer combo, computer work station, electric awning, DVD home theater, Ultra-Leather® swivel recliner, hide-a-bed sofa and dash fans.

The Expedition options include a washer/dryer combo, computer work station, electric awning, DVD home theater, Ultra-Leather® swivel recliner, hide-a-bed sofa and dash fans.

Expedition is set up for excursion convenience, efficiency and durability. Standard features now include a Freightliner® 300 hp Cummins diesel engine, a 7.5 Onan® quiet diesel generator and a DSS® manual dish and lift. Inside, you can really move around because of the multiple slide-outs, and there's plenty of storage room for trip essentials. To add to ruggedness, the Expedition includes such things as a locking bed strut and Roto-cast® lug boxes; to provide comfort, we've added a roomy galley with solid-surfaced countertops, a stylish dining room, as well as an elegant and luxurious bedroom.

Now you're ready to explore and with all the great features loaded into Expedition, you will explore in luxury.

Expedition Interior & Exterior Color Choices -

Gold Rush

Everglade

Cherry

EXPEDITION

The Diesel Power Platform Makes The Difference

A Steel I-beams are welded the length of the chassis for increased weight-bearing ability.

B Water tanks run horizontally down the center of the frame for balance.

C Beefy steel outriggers firmly cradle all exterior compartments.

D A neoprene rubber gasket isolates the living area from the chassis for a quieter ride.

Drawings are for illustrative purpose only to highlight aspects of Motor Home construction. Actual motor home design depends on model and is subject to change.

SIZE + SERVICE + QUALITY = VALUE.

SSQV- Size, Service, Quality, and Value.

Together they equate to the very best RV you can buy.

Size- The world's #1 RV manufacturer... **Service-** Listening to our customers...
Quality- Using only the best materials... **Value-** Priced right with style...
