From sea to shining sea.
You’ve sung it, now see it.
Tour The Country. Relax At Home. All At The Same Time.

While the countryside offers lovely surroundings, the Expedition gives Mother Nature some serious competition. The upscale décor showcases a contemporary, polished style, and there’s plenty of room to enjoy it, with 7-foot ceilings, a full-wall slide-out, and triple and quad slide-outs too.
**The Wrap-Around Dash** features large, easy-to-read gauges and easy-to-reach controls. An AM/FM radio with a CD player and SIRIUS® satellite radio entertains your ears.

**The Entertainment System** sports a 26” LCD TV and a 5.1 Dolby® home theater system with surround sound and DVD player. Boredom takes a holiday!

**The Keyless Remote** (optional) locks and unlocks your Expedition with the push of a button. No more fumbling for keys.

**The Passenger’s Seat** is covered in Ultraleather® for comfort and beauty. Electric foot rest and power adjustments are optional, allowing you to customize the position and height of the chair.

**The Rear View Camera** has a changeable angle that comes in handy whether you’re hooking up a tow vehicle, backing up, or watching traffic on the road behind you. See it all on the hidden flip-out color monitor on the dashboard.
**The Pantry** keeps your snacks nice and neat, easy to see, ready to eat.

**Overhead Storage** provides ample space to keep those things you can't live without, but might not use every day.

**Under-the-Sink Storage** holds everything you need to keep your kitchen tidy. There's even a space specially designed to store your sink and range covers when you're not using them.

**The Dinette** has ample elbow room for four to play a spirited game of cards. Just be careful nobody is cheating while you’re gazing out that great big picture window.

**PULL-OUT GALLEY EXTENSION** (standard on select models) rolls out to give you even more countertop space, and locks into place during transit. Think of it as a slide-out for your galley!

**Central Vacuum** (optional) makes dust and dirt disappear off your floor – without pushing a heavy vacuum around. And the bag is in an exterior compartment, so all the dirt stays outside.

**Full-Extension Drawers** pull out all the way, so you can store things in the very back of the drawer.
The Gorgeous Galley Is Food For The Soul.

Your elegantly designed galley features all the latest appliances, along with a view of the natural beauty outdoors. It features a 3-burner stove, convection microwave, double bowl sink, and a big 12 cu. foot Norcold® refrigerator. An oven is also available.
**Decorated For Tranquility. Created For Comfort.**

With all this beauty and convenience, it's easy to relax. The Restonic® innerspring mattress provides acres of sleeping area, while the extra space provided by the slide-out lets you really stretch out in the bedroom. Sweet dreams.

**THE BED** is topped with an elegant bedspread and coordinated pillow shams.
The Bathroom makes you feel right at home, with a large sink with solid-surface countertop and a full-size medicine cabinet with vanity lights.

The Mirrored Wardrobe gives you plenty of cedar-lined space, with handy wire shelving to hang your clothes, and a tall mirror to see how they hang on you.

The Bedroom Dresser has a long solid surface top that’s the perfect place for her jewelry box. And she can shop for more jewelry with the 20” LCD TV overhead tuned to the shopping channel.

The Bedside Remote Control allows you to customize the firmness on each side of the mattress independently with the optional Select Comfort® Sleep Number Air Mattress.

The Washer/Dryer (optional) lets you spin your clothes clean and dry while you roll down the road.

Pull-Out Baskets are a handy place to keep things like extra towels, socks and such.
INSIDE THIS COOL EXTERIOR LIES A MIGHTY 300 HORSEPOWER ENGINE JUST WAITING FOR YOUR FOOT.

Go ahead, put the pedal to the metal. You’ll feel the 300 horsepower Caterpillar® diesel engine kick in, with 860 foot pounds of torque for climbing hills and towing heavy loads. Along with this power, you’ll enjoy better suspension and a smoother ride than a gas engine-powered coach.

- **Stylish Heated Mirrors**: look cool, but stay warm to prevent dew or frost build-up.
- **High Mounted Tailights**: are easy to see, even over towed vehicles.
- **Dual Air Conditioning Units**: are mounted on top to improve cooling and create more room for storage below.
- **Stylish Fiberglass Front Cap**: adds a nice finishing touch to the Expedition’s profile.
- **Full-Body Paint**: covers the coach to ensure maximum durability and easy upkeep. And a clear mask is available for the front cap that adds further protection from rocks and gravel.
- **4-Point Automatic Leveling System**: levels your coach at the push of a button.
- **Awnings**: for the patio and entry door provide a covered spot to sit and chat, come rain or shine. (Electric awnings optional.)
- **Illuminated Entry Handle**: glows from within, so you can get a grip when it gets dark.

Vehicle shown in Silver Leaf with full-body paint.
TALK ABOUT INNER STRENGTH. THAT’S OUR POWER PLATFORM.

Fleetwood’s patented Power Platform is as strong as they come. It begins with two 10-inch steel I-beams welded to the chassis. Together with the steel outriggers, they create a basement for the fluid tanks and storage, while supporting the floor, walls and roof with a rigid steel frame.

**HOLDING TANKS** are enclosed between the upper and lower basement floors so they can be heated in cold weather to help prevent freezing.

**VEHICLE STABILITY** is enhanced because the holding tanks are positioned in the bottom center of the platform.

**LARGE TOWING CAPACITY?** lets you tow most vehicles with ease.

**BASEMENT STORAGE** features aluminum doors, constructed of heavy-duty molded polyethylene so you can hose the compartments out. They are also individually lit for after sunset.

**INTERLOCKING CEILING-TO-SIDEWALL EXTRUSIONS** help keep the box square. This assures a proper cabinet fit.

**INTERLOCKING FLOOR-TO-SIDEWALL CONNECTION** locks tightly to keep out water, dust, and noise, and helps eliminate squeaks and rattling.

**VACU-BOND® SIDEWALL CONSTRUCTION** creates a strong, weather-resistant structure. All sidewalls, floors and ceilings are Vacu-bonded to a durable aluminum or steel frame.

**INTERLOCKING FLOOR-TO-SIDEWALL CONNECTION** locks tightly to keep out water, dust, and noise, and helps eliminate squeaks and rattling.

**HOLDING TANKS** are enclosed between the upper and lower basement floors so they can be heated in cold weather to help prevent freezing.

**VEHICLE STABILITY** is enhanced because the holding tanks are positioned in the bottom center of the platform.

**LARGE TOWING CAPACITY?** lets you tow most vehicles with ease.

**BASEMENT STORAGE** features aluminum doors, constructed of heavy-duty molded polyethylene so you can hose the compartments out. They are also individually lit for after sunset.

†The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing. Hitch receiver ratings expressed are maximum for the hitch receiver installed and may require the purchase of additional equipment that is dependent on the weight of the towed load. Consult with hitch receiver manufacturer for further information. Drawings are for illustrative purposes only to highlight aspects of motor home construction. Actual motor home design depends on model and is subject to change.

WE COVERED OUR CANVAS WITH PAINT.

Expedition has been carefully painted with DuPont® paint in a meticulous two-step process. That not only protects the coach, but it also makes Expedition one of the best-looking coaches on the road.
**Why Fleetwood?**

**Passion**
We’re truly passionate about the RV lifestyle. Fleetwood was founded by RV enthusiasts, and that tradition continues today.

**Quality**
There’s no cutting corners. Skilled craftsmen build every Fleetwood RV for maximum durability and longevity.

**Service**
Help is nearby. When you need an upgrade or repair, you’ll find facilities all across North America and more than 1,100 dealers ready to assist you.

**Warranty**
Breathe easier with RV Ownercare, one of the best warranties in the industry. See your Fleetwood dealer for details.

**Trust**
More people trust Fleetwood. After all, we’ve spent over 50 years perfecting RVs, earning the loyalty of generations of RVers.

EXPLORE OUR BIG COUNTRY IN ROOMY QUARTERS.

One of Expedition’s greatest features is the spacious feeling it delivers. That’s because we used large windows to let light and air in, and tall 7-foot ceilings provide plenty of head room. And of course, the floor plans include triple or quad slide-outs, and a full-wall slide-out where the entire driver’s side wall moves out. Because you need room to roam inside the coach, too.
INTERIOR

INTERIOR – THROUGHOUT

- 10-Gallon Quick-Recovery Water Heater w/Direct Spark Ignition (Gas/Electric)
- 20,000/25,000 BTU Dual Furnaces
- 84” Interior Ceiling Height

**Liquid Weight Reference:** Water (gal) = (8.3 lbs/3.8kgs) Fuel (gal) = (7.1 lbs/3.2 kgs) Propane (gal) = (4.2 lbs/1.9 kgs)

**Metric Conversion:** Multiply pounds x 0.453 to obtain kilograms. Multiply gallons x 3.785 to obtain liters. Multiply liters x 61 to obtain cubic inches.

### Chassis

**Model:** Freightliner® XC-Series  
**Engine:** Cat® C7 300 HP  
**Torque:** 860 lb-ft @ 1440 RPM

**Alternator Amps:** 170 Amp Leece Neville®  
**Transmission:** Allison® 3000 MH, 6-Speed w/Electronic Shifter

---

1. GWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this fully loaded motor home. The GWR is equal to or greater than the sum of the (UW) unloaded vehicle weight plus the (CCC) cargo carrying capacity*.
2. GAWR (Gross Axle Weight Rating) is the maximum permissible loaded weight a specific axle is designed to carry.
3. Base Weight is the estimated weight of the motor home without fuel, options, water, cargo or passengers.
4. GCWR (Gross Combined Weight Rating) is the value specified by the motor home manufacturer as the maximum allowable loaded weight of this motor home with its towed vehicle. Towing and braking capacities may be different. Refer to Fleetwood and chassis manufacturer’s manuals for complete information.
5. Length taken from front bumper to rear bumper (excludes accessories).
6. Excludes safety equipment and awnings.
7. Motor homes feature a body-width over 96” which will restrict your access to certain roads. Before purchasing, you should research any state and/or province road laws which may affect your usage.
8. Tank manufacturer’s listed water capacity (WC). Actual propane capacity is 80% of water listing as required by the safety code.

† The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing. Hitch receiver ratings expressed are maximum for the hitch receiver installed and may require the purchase of additional equipment that is dependent on the weight of the towed load. Consult with hitch receiver manufacturer for further information.

N/A = Not available at time of printing.

*UW and CCC are found on the cargo carrying capacity label in each RV.

**IMPORTANT— PLEASE READ:** Product information, photography and illustrations included in this publication were as accurate as possible at the time of printing. For further product information and changes, please visit our website at www.fleetwoodrv.com or contact your local Fleetwood dealer.

Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. Fleetwood has designed its recreational vehicles to provide a variety of uses for its customers. Each vehicle features optimal seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e. occupants, equipment, fluids, cargo, etc.) to ensure that the vehicle’s capacities are not exceeded.
RV OWNERCARE*
Limited one-year/15,000-mile coach warranty and three-year/50,000-mile structural warranty, whichever occurs first, and it is fully transferable for the first 12 months. RV OWNERCARE is one of the RV industry’s most comprehensive programs and includes systems, appliances, components and construction, with no deductible and no service charge. RV OWNERCARE coverage is provided from a company that will be around in the future to service your needs. See your nearest Fleetwood dealer for a full explanation of benefits and restrictions.
