## PIONEER INTERIOR DÉCOR CHOICES

## PIONEER CONSTRUCTION

- ENGINEERED RADIUSED CEILING TRUSS**  
– Helps to ensure strength and water runoff.
- ARCTIC WHITE SEAMLESS, ONE-PIECE RUBBER ROOF**  
– Provides the ideal weather seal.
- INTERIOR WALL PANEL**  
– Features a durable, easy-to-clean, decorative vinyl.
- STEEL CHASSIS**  
– Provides optimal strength, durability and performance.
- WOOD DECKING**  
– Provides a solid backbone for the roof construction.
- WOOD FRAMED SIDEWALL**  
– Provides a solid foundation for the sidewall construction.
- R-7 FIBERGLASS INSULATION**  
– Helps to ensure interior comfort in every season.
- .024"- ALUMINUM SIDING** – Complete with a baked on enamel paint, this aluminum siding offers rigidity while still being affordable.
- 5/8" TONGUE AND GROOVE DECKING**  
– Provides structural strength floor construction.
- STUDS 16" ON CENTER** – Utilizing residential framing methods, this is the structural component of our front section.
- FLOOR JOISTS** – Provides the foundation for the underbelly.
- UNDERBELLY**  
– Is a lightweight, seamless, durable weather barrier (available).

Drawing is for illustrative purposes only to highlight aspects of Pioneer construction. Actual RV design depends on model and is subject to change.

- Exterior Speakers
- Ladder (Excludes Spirit Models)
- 7-Gallon Propane Cylinders w/ Regulator and Auto-Changeover (Spirit Models)
- Easy Winterization Kit
- Electric Awning (Excludes Spirit Models)

1. GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this trailer when fully loaded. It includes all weight at the trailer axle(s) and tongue or pin.  
2. All dry weights are based on the standard model and do not include optional features or equipment.  
3. Cargo Carrying Capacity is determined by subtracting Gross Dry Weight from GVWR. Cargo includes all fluids, optional features, equipment, and personal cargo.  
4. Length is measured from hitch or pin box to rear bumper (excludes accessories). Trailer length includes hitch; fifth wheel includes standard pin box.  
5. Actual height may be lower, based on option offerings. Consult with your dealer to obtain actual height for the unit you are interested in.  
6. Approximate.  
7. Water weight equals 8.3 lbs per gallon. Propane weight equals 4.2 lbs per gallon.  
8. Add 10" if equipped with optional spare tire and carrier.  
9. Hitch weights are dependant upon how the trailer is equipped with options, on-board cargo, and tank fluid levels. Actual hitch weights may be higher or lower than shown. It is recommended that the tow vehicle and hitch for your trailer have sufficient capacity to accommodate the Gross Vehicle Weight Rating of the selected trailer.
