

Step into a Southwind and discover over 100 exciting new changes for 2002.

New. Refreshing. Sophisticated. From its contemporary headlamp configuration to three new interior decors, this year we've made over 100 distinct changes to one of the most exciting motor homes on the road today. Beautiful new front and rear cap styling, flush floor slide technology, cherry and maple wood choices, and four spacious new floor plans are only a fraction of the highlights. Everywhere you look you'll discover new features and options that make travel for a few days or a few months more enjoyable, comfortable and convenient.

From the initial design stage through final construction, we paid strict attention to each and every detail. Enjoy the power of a Ford® or Workhorse® chassis with 5,000 lb. towing capacity, the durability of a Royal Tuff-Ply™ roof and the convenience of improved storage, featuring tough rotocast construction and aluminum skin luggage doors. We've also added a 10-gallon gas/electric water heater. Inside, the flush floor slide-out expands the living area. Southwind's galley features solid surface countertops, a sealed burner range, stainless steel sink and an abundance of storage. And throughout, lavish and luxurious appointments are everywhere, from the redesigned dash to beautiful flooring and cabinetry.

FLEETWOOD RV — WE MAKE DREAMS COME TRUE

For over 50 years, we at Fleetwood have understood that people love the freedom and independence an RV provides. As a pioneer in the RV industry, Fleetwood is synonymous with outdoor recreation, and over the last half-century, we've grown to become the largest manufacturer of recreational vehicles in the world. This growth was inspired by the simple credo of Fleetwood's founder—to build great value into practical products that work hard for the consumer—a philosophy fully embraced by every Fleetwood associate to this day.

Go to any campground, state park or auto race and chances are that there will be more Fleetwood RVs present than units from any other manufacturer. Over two million vacations a year are taken in Fleetwood RVs, vacations that represent the dreams of RV owners. That's a great number of dreams to live up to. Yet, year after year, Fleetwood comes through.

That's why we remain the number one RV manufacturer in the world—we make the dreams of our customers come true.
