A FUNCTIONAL DESK AREA beneath the bedroom TV comes equipped with phone and power jacks to easily set up your laptop.

A LARGE WARDROBE WITH MIRRORRED DOORS can hold plenty of clothing, shoes or accessories.

STORM'S BEDROOM features a comfortable innerspring queen-size mattress, night pleated shades, convenient bedside tables, reading lights, and plenty of storage for clothing and extras.

POWER PLATFORM CONSTRUCTION

Fleetwood's patented Power Platform begins with two 10-in. steel I-beams welded lengthwise to the chassis. From the beams, steel outriggers extend outward. Together, they create a basement for fluid tanks and storage while supporting the floor, walls and roof with a rigid metal frame. This complements the chassis to make it even stronger.

*Drawings are for illustrative purpose only to highlight aspects of motor home construction. Actual motor home design depends on model and is subject to change.

An Exterior Awning is standard and provides great protection from the weather, so you can enjoy your surroundings rain or shine.

Tuff-Ply Roof is UV resistant, durable, easy to clean, and doesn't scratch like many competitors' fiberglass or aluminum roofs.

The Rear Fuel Fill allows you to fill up no matter what side of the pump you're on.

Tuff-Coat® Exterior Fiberglass Sidewalls are Vacu-bonded® into a strong composite structure, as opposed to competitors' thin fiberglass laminate.

Storage Compartments are lighted and include single paddle latches, gas-lift strut supports, stainless-steel hinges and insulated aluminum doors.

Vehicle shown in Pacific Pearl.

THE UTILITY COMPARTMENT provides a central place to empty your holding tanks and includes a water sprayer for quick clean up. For your convenience the compartment is lighted and all components are clearly marked.

THE REAR VISION CAMERA (optional) features one-way audio and a live video feed to the driver's area to aid the driver when backing up.
