Break Free and Explore.

2007 STORM
Class A Gas

Power Platform Construction  |  Large Tank Capacities  |  Basement Storage  |  EZ Store
Well Designed.

Enjoy a comfortable atmosphere on the road, thanks to Storm’s spacious floor plan layouts. Relax in cozy Flexsteel® furniture with a lifetime warranty on the frame and take advantage of features like full extension hardware, giving you full access to the drawers for maximum storage room.
THE CHILL GRILL
is a great feature that circulates cold air into the coach on those warm days.

ENTERTAINMENT CENTER
features a 24" TV and available DVD/VCR combo making it easy to watch your favorite movies wherever you are.

THE FLEXSTEEL® RECLINER
(available, swivel chair is standard) is very comfortable and features a convenient fold away table perfect for reading a book, using a laptop or enjoying a snack.

THE LARGE DINETTE
includes spacious seating for four, a large window for a great view, convenient pull-out drawers for storage and integrated cup holders.

THE FLEXSTEEL® JACKKNIFE SOFA
has a lifetime warranty on the frame, and features integrated cup holders.
CONVENIENT OVERHEAD STORAGE above the sink provides plenty of room for full-size plates and dishes.

CONVENIENT PULL-OUT BASKETS (select models) in the galley pantry, slide in/out with ease for storing your non-perishable food items.

Convenient Cooking.

Storm makes cooking easy thanks to it’s well equipped galley, providing the conveniences of home wherever you go. Take full advantage of the durable and scratch resistant stainless steel
STORM'S BEDROOM
features a comfortable innerspring queen-size mattress, pleated shades, convenient bedside tables, reading lights, and plenty of storage for clothing and extras.

THE BATHROOM
includes a skylight in the shower, 3-bulb vanity lighting and a mirrored door medicine cabinet that provides plenty of room to store your bathroom supplies.

A FUNCTIONAL DESK AREA
beneath the bedroom TV comes equipped with phone and power jacks to easily set up your laptop (TV is available).

A LARGE WARDROBE WITH MIRRORED DOORS
can hold plenty of clothing, shoes or accessories.

sink for easy cleanup. Preparing a meal is a breeze with the high output 3-burner range with stove and the 8 cu. ft. Dometic® refrigerator is ideal for storing food and beverages. Other features include a Fan-Tastic® roof fan for ventilation and adjustable cabinet shelves so you can customize your storage needs.
**Power Platform Construction**

Fleetwood’s patented Power Platform begins with two 10-in. steel I-beams, welded lengthwise to the chassis. From the beams, steel outriggers extend outward. Together, they create a basement for fluid tanks and storage while supporting the floor, walls and roof with a rigid metal frame. This complements the chassis to make it even stronger.

**Holding tanks are enclosed between the upper and lower basement floors. This allows them to be heated to hamper freezing in cold weather.**

Holding tanks are positioned in the bottom center of the platform to enhance vehicle stability.

Platform design creates lots of storage area and supports the sturdy Vacu-Bonded® walls.

**Vehicle shown in Pacific Pearl.**

*Drawings are for illustrative purpose only to highlight aspects of motor home construction. Actual motor home design depends on model and is subject to change.*

**AN EXTERIOR AWNING** is standard and provides great protection from the weather, so you can enjoy your surroundings rain or shine.

**TUFF-PLY ROOF** is UV resistant, durable, easy to clean, and doesn’t scratch like many competitors’ fiberglass or aluminum roofs.

**THE REAR FUEL FILL** allows you to fill up no matter what side of the pump you’re on.

**TUFF-COAT® EXTERIOR FIBERGLASS SIDEWALLS** are Vacu-bonded® into a strong composite structure, as opposed to competitors’ thin fiberglass laminate.

**STORAGE COMPARTMENTS** are lighted and include single paddle latches, gas-lift strut supports, stainless-steel hinges and insulated aluminum doors.

---

**WHY FLEETWOOD?**

- **Passion**
  - We’re truly passionate about the RV lifestyle. Fleetwood was founded by RV enthusiasts, and that tradition continues today.

- **Quality**
  - There’s no cutting corners. Skilled craftsmen build every Fleetwood RV for maximum durability and longevity.

- **Service**
  - Help is nearby. When you need an upgrade or repair, you’ll find facilities all across North America and more than 1,100 dealers ready to assist you.

- **Warranty**
  - Exclusive RV Ownercare warranty. See your Fleetwood dealer for details.

- **Trust**
  - More people trust Fleetwood. After all, we’ve spent over 50 years perfecting RVs, earning the loyalty of generations of RVers.
THE UTILITY COMPARTMENT
provides a central place to empty your holding tanks and includes a water sprayer for quick clean up. For convenience, the compartment is lighted and components are clearly marked.

ONAN® 4.0 KW MICRO QUIET GENERATOR
runs very quietly compared to other generators (5.5 kW generator is shown above and is standard on the 34F).

EZ STORE COMPARTMENTS
allow for storage of oversized or bulky items and conveniently move with the slide-out for easy access to your gear.

THE DRIVER’S AREA
features an AM/FM radio with CD player, easy to read gauges, convenient map storage and cup holders.

THE UTILITY COMPARTMENT
provides a central place to empty your holding tanks and includes a water sprayer for quick clean up. For convenience, the compartment is lighted and components are clearly marked.

THE STYLISH REAR CAP
looks great, featuring a convenient roof ladder for easy roof access and a rear fuel fill, making it easy to fill your Storm no matter what side of the pump you are on.

THE REAR VISION CAMERA
(available) provides a live feed to the driver's dash and one way audio to easily communicate while backing up.
Three Interiors to Select From.
The Choice is Yours.

Choose from three stylish interior décor motifs with color coordinating exterior graphics.

• Workhorse™ Chassis w/8.1L Vortec™ Engine

SETTING THE STANDARD IN MOTOR HOME QUALITY.

• Fleetwood® prototypes are exposed to thousands of miles of durability testing. Those components that don’t survive are redesigned until they do. This sets our standard in safety and durability.

• Royal Tuff-Ply roofing technology is one of the most durable roofing materials on the market and also reflects sunlight to reduce chalking. White roof material minimizes heat build-up, keeping the temperature cool and comfortable.

• Reliable TuffPEX® plumbing runs throughout each vehicle creating a durable seal on all internal tubing. TuffPEX® tubing is easy to install, tough, will not crack if frozen, flexible and corrosion resistant. The TuffPEX® system is an industry leader in quality plumbing.

• For each outer wall, Fleetwood uses one seamless, solid piece of its exclusive Tuff-Coat® fiberglass composite. It resists UV rays, cracks and impacts. Our products look newer longer and that’s a big plus at resale time.

• To assure a strong, weather-resistant structure, Fleetwood Vacu-bonds® all sidewalls, floors and ceilings to a durable aluminum or steel frame. The Vacu-bond® process is unmatched by many competitors.
