**FORD® CHASSIS**

*Engine: 6.8L Triton V10*

*Transmission: Ford® 5-Speed Automatic w/Overdrive*

*Alternator: 175 Amp Torque: 457 lb-ft @ 3,250 RPM Horsepower: 362HP*

### Dimensions & Capabilities

**TERRA 31TS** SHOWN IN NATURAL TAUPE DéCOR WITH SPICE WOOD CABINETRY

**TERRA SE 33S** SHOWN IN LUMINOUS NIGHT DéCOR WITH SPICE WOOD CABINETRY

---

1. GVR (Gross Vehicle Weight Rating) is the maximum permissible weight of this fully loaded motorhome. The GVR is equal to or greater than the sum of the GVWR (permissible loaded weight of the vehicle) plus the OCWC (occupant cargo-carrying capacity).
2. GAWR (Gross Axle Weight Rating) is the maximum permissible weight a specific axle is designed to carry.
3. GCWR (Gross Combined Weight Rating) is the value specified by the motorhome manufacturer as the maximum allowable loaded weight of the coach with its towed vehicle. The GCWR is equal to or greater than the sum of the (uVW) unloaded vehicle weight plus the (OCCC) occupant cargo-carrying capacity.
4. The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing. Hitch receiver ratings expressed are maximum for the hitch receiver installed and may require the purchase of additional equipment that is dependent on the weight of the towed load. Consult with hitch receiver manufacturer for further information.
5. The minimum Towable Load of this vehicle is the available weight capacity, up to GCWR, when the coach is fully loaded to maximum GVR. However, if the coach is loaded to something less than maximum GVR, that extra available weight capacity can be added to your Towable Load. For example, if your coach is loaded to 1000 lbs less than maximum GVR, your Towable Load increases accordingly. Do not exceed the hitch rating weight, GVR or GCWR.

**NOTE:** Product information, photography and illustrations included in this publication were as accurate as possible at the time of printing. For further product information and changes, please visit our website at FleetwoodRV.com or contact your local Fleetwood RV dealer. Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. Fleetwood RV has designed its recreational vehicles to provide a variety of uses for customers. Each vehicle features optimal seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e., occupants, equipment, fluids, cargo, etc.) to ensure that the vehicle’s capacities are not exceeded.
