HOLIDAY RAMBLER®
This is Living®

THE BIG LEAGUE IS CALLING YOU.

With a prestige all its own, a luxury diesel motorcoach is a big step up. And there's no better way to experience the excitement than in a 2006 Ambassador. Simply put, this coach is an unbeatable value, setting the standard in its class for power, performance, features and craftsmanship. We invite you to take a closer look at all the details — from the stylish creature comforts to the ride and handling of the Roadmaster chassis. Plus, be sure to factor in the many invaluable benefits of joining the Holiday Rambler family. Before long, we think you'll agree: the Ambassador is the perfect answer.

A

TALL, BRIGHT AND HANDSOME.

The Ambassador is loaded with features you'll fall in love with — starting with the spacious new ceiling height of seven feet. Throughout the coach, you'll enjoy residential details and gorgeous woodwork, with raised panel hardwood cabinet doors, crown molding and hardwood slide-out fascia with fluted accents and a decorative center block. Plank flooring and textured padded carpeting combine to offer warm styling and worry-free durability. And you'll have a wide range of impressive furniture options to customize your floorplan to fit your lifestyle.

- A) Wherever your travels lead, you'll look forward to coming home to the roomy luxury of the Ambassador's private quarters. The bed slide-out (not available on the 37PBD) is now a whopping 30 inches deep, giving you more floor space than ever before. The queen bed features a hardwood headboard with raised panel inserts and beautifully styled bedspread and pillow shams. And each floorplan offers thoughtfully arranged storage to help you keep things neatly stowed away.
- B) The bathroom is bright and cheerful, with a skylight and decorative vanity lights. The one-piece fiberglass shower cleans up easily and has an obscure glass enclosure with two handy towel bars. You'll have plenty of space to securely store all your essentials in the vanity and medicine cabinet. And it's all topped off with the contemporary styling of the solid surface countertop and integrated sink.
- C) The kitchen brings together gracious styling with roomy workspace and storage space and high-quality appliances. You'll love the seamless styling of the polished solid surface countertop with an under-mounted plexus-stone sink. For convenience, there's a single-lever faucet with pullout sprayer, as well as a second faucet for filtered water. And to create great meals in a snap, you'll have a high-output three-burner cooktop and a versatile combination microwave/convection oven.

THE MARRIAGE OF STYLE AND SAFETY.

The Ambassador's plush cockpit is designed with everything you need for a better driving experience and superior protection. It all starts behind the scenes, with the Roadmaster chassis' steel cage cockpit construction and steel firewall, as well as the adjustable brake and accelerator pedals. The eagle burlwood dash is well organized with easy-to-read gauges, and all the controls are within easy reach. Soft touch vinyl seats (OptimaLeather™ in the Liz Claiborne decors) offer the convenience of six-way power controls and a power footrest on the co-pilot's seat.

- A) The Roadmaster chassis provides for large pass-through storage spaces, accommodating larger items with ease. In addition, our side-hinged baggage doors are easier to open, increase your visibility and make it a snap to load and unload.
- B) The Onan® 8.0 kW Quiet Diesel generator is accessed through the front cap on a pullout tray, making it easy to reach for servicing.
- C) A rear vision system with audio and an adjustable camera lets you see and hear what's behind the coach. A new upgrade this year is an optional 3-camera system with an adjustable center camera. In addition, the optional Aladdin™ Junior system uses the monitor to display its many valuable functions.

- The Ambassador's stylish front cap is accented by numerous safety features. Our exclusive Panaview™ 1-piece windshield provides the largest unobstructed view in the industry. Slender side pillars increase your peripheral vision, and the wipers are conveniently mounted below your field of view. The 17.5" chrome power heated mirrors are also mounted on the front cap — so you don't have to turn your head away from the road.

1-PIECE WINDSHIELD

WHERE ALL THE DETAILS COME TOGETHER.

Holiday Rambler has long set the standard with warm, inviting interiors that feature a perfect harmony of fabrics, accents and carpeting. We've also led the way with stunning woodwork and superb craftsmanship, including raised panel hardwood cabinet doors, hardwood end panels, wood drawer boxes and heavy-duty ball bearing guides. Select the combination that suits you best to customize your Ambassador and make it distinctively your own.

WE'VE GOT YOUR BACK.

- Live customer support 24/7/365
- 350 Nationwide Service Centers
- Free first-year enrollment in our Owner Advantage Roadside Assistance Program
- Call 1-800-634-0855 or 1-800-650-7337 to arrange a tour of one of our state-of-the-art production facilities in Indiana or Oregon.

ROADMASTER RAISED RAIL RR8R CHASSIS

The 2006 Ambassador owes its remarkable performance to the Roadmaster Raised Rail RR8R Series chassis. You'll marvel at the seamless ride and handling that's only possible in a chassis that's designed exclusively for a luxury motorcoach and custom-built to the exact specifications of each floorplan. We invite you to take a few minutes and discover all the ways Roadmaster offers you the very best in safety, reliability, comfort and convenience.

The Ambassador features Holiday Rambler's exclusive Alumaframe® Superstructure. Our revolutionary system of interlocking aluminum H and C-Channel crossmembers runs the entire length of the unit, with double-welded intersections for added strength. This rigid design is both lighter and sturdier than wood or tubular aluminum frames — and much more reliable than butt-welded or screwed joint designs. From dirt roads to potholes, you can count on Alumaframe® to handle the relentless stresses of the road and provide superior structural integrity for many years to come.

Alumaframe®

Wood

Aluminum
(Butt-Welded)

Alumaframe®
(C-Channel)

A steel cage cockpit gives the Roadmaster chassis incomparable strength and safety in the front of the coach.

Every Roadmaster chassis features a steel firewall for added protection in the cockpit.

Other features include a 3/8" thick frame rail — compared to the 1/4" of other manufacturers — and a stacked aluminum intercooler and radiator for optimum heat transfer and cooling.

For extra strength and reliability, our slide-out boxes feature exclusive multi-layer construction for maximum insulation and less chance of warping, twisting or shifting.

Dual fuel fill allows you to fill the tank from either side of the coach, for greater convenience and flexibility at the pump.

Eight outboard-mounted air bags work in conjunction with eight gas-powered shock absorbers to prevent road trauma from ever reaching the coach.

SLIDE-OUT CONSTRUCTION:

When you get a Holiday Rambler, you can be sure the slide-out boxes are some of the strongest and most reliable you'll find anywhere. They feature our exclusive multi-layer construction to give you maximum insulation and to reduce the chance of warping, twisting or shifting.

TRUSS SYSTEM WITH RUST INHIBITOR:

This steel truss system is engineered as part of the chassis and provides outstanding strength and rigidity, as well as the convenience of pass-through storage. To prevent corrosion, the structure is pre-primed and coated with rust-inhibiting paint.

Monitored leveling sensors continually adjust the air pressure at each axle to maintain a level ride and eliminate nosediving, weight transfer and floating on curved roads. This system also stabilizes the coach on uneven surfaces.

The exclusive raised rail design provides for larger full pass-through storage bays with flush floors.

A 10,000 lb. tow hitch rating is the highest in its class.

The Ambassador features a gutsy standard Cummins® ISC 330 diesel engine with Allison® 3000 MH 6-Speed World Transmission and electronic shifter.

**9-LAYER ROOF:** (top to bottom)

- One-piece peaked fiberglass roof
- Luaun backing
- Thick, tapered bead foam insulation
- Aluminum double I-beam superstructure filled with fiberglass insulation
- Vapor barrier
- Structure foam: thermal insulative barrier
- 1/2" bead foam insulation
- Foam padding for extra insulation
- Padded vinyl ceiling

SIDEWALL CONSTRUCTION: (left to right)

- Gel coat fiberglass
- Interlocking C-Channel filled with 1-1/2" fiberglass insulation glued in place so it doesn't sag or leave spaces uninsulated
- Vapor barrier
- Bead foam saves energy and provides a thermal insulative barrier
- Interior paneling

**FLOOR CONSTRUCTION:** (top to bottom)

- Structurwood™
- 1-1/2" x 1-1/2" square tubular frame
- Blue foam
- Luaun
- Darco

* Towing capacity is limited by GCWR: your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner's manual for further towing information.

** Variances in the fabrication and installation of the tanks may cause the actual "usable capacity" to be greater or less than the capacities designated above.

*** Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Holiday Rambler provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your local Holiday Rambler dealer for unit availability and further information.

The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name, which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. While the color of the motorhome's exterior and the interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated.

Component part and appliance manufacturers issue limited warranties covering those portions of the recreational vehicle not covered by the Limited Warranties issued by Monaco Coach Corporation. To learn which specific component parts and appliances are excluded from the Limited Warranties issued by Monaco Coach Corporation, please contact your selling dealership or Monaco Coach Corporation directly, or review the warranty packet inside the recreational vehicle.

20 AMBASSADOR® 06

Thank you for taking a closer look at the 2006 Ambassador. In addition to its state-of-the-art technologies and creature comforts, this luxury diesel coach includes countless conveniences and safety innovations you'll want to experience firsthand. Poke around. Kick the tires. Open and shut every door and drawer — twice. And most importantly, take a drive. You can count on our expert sales team to answer all your questions and demonstrate why this truly is the best experience the road has to offer.

WARRANTIES

12 MONTH/24,000 MILE basic limited warranty

5 YEAR/50,000 MILE limited warranty on aluminum or steel frame structure of sidewall, roof, front and rear cap

3 YEAR/36,000 MILE limited warranty on Roadmaster chassis

Applies to certain models. See owner's manual for complete details.

ALL EYES ON THE ROAD AHEAD.

If you're considering a Holiday Rambler, chances are you share our pioneer spirit. For us, it goes back to 1953, the year we introduced our first travel trailer. Since then, our countless innovations have helped create a rich, rewarding lifestyle — and a new way for families like yours to go exploring.

Yes, we're proud of our heritage — but we're not looking back. In these pages, you'll discover that we continue to lead the entire industry. With exciting new features, powerful chassis, remarkable floorplans and, as always, more ways of keeping you and your loved ones safe.

Whether you're looking for the value of a towable, the convenience and economy of a gas motorhome or the top-of-the-line luxury of a diesel coach — Holiday Rambler has an unbeatable model for your budget. Because in 2006, one thing's for sure. We're still paving the way.
