MORE OF EVERYTHING.
The 2011 Endeavor has arrived — and it’s more powerful and luxurious than ever. Beginning with the Roadmaster RR10R chassis with tag axle, standard on all models, along with a powerful standard Cummins® ISL 425 horsepower engine, this beauty brings the muscle. And prepare to be wowed with the Endeavor’s four new creative floorplans, including a full-wall slide, bath-and-a-half and five-slide designs, along with ceramic tile throughout the living area, kitchen and bath, hardwood cabinetry, and safety-minded features everywhere.
(Pictured: 43DFT/Red Currant/Newport Cherry)
Every thoughtful detail and decorative touch says Endeavor luxury. Nowhere is this more evident than in the kitchen, with polished radius solid surface countertops and stainless steel sink, backsplashes in decorative ceramic tile with glass accents, and a handy pull-out countertop extension with drawers (on all models). Impressive options include a residential refrigerator on all floorplans, and the ultimate convenience — a central vacuum system. (Pictured: 43DFT/Red Currant/ Newport Cherry)
Endeavor’s luxurious bedroom features beautiful raised panel hardwood cabinetry throughout, plush carpet, day/night pleated blackout shades, solid surface nightstands and a large 26-inch LCD television (with optional DVD player). Another nice touch includes the stackable washer/dryer option. The 42PAQ and 43DFT are bath-and-a-half floorplans that feature a full private bath beyond the bedroom (shown above). Highlights include a one-piece round shower, double vanity with solid surface countertop and tile backsplash, and lots of storage. (Pictured: 43DFT/Red Currant/Newport Cherry)
1. Every Roadmaster chassis features a steel firewall for added protection in the cockpit.
2. The main rails feature an exclusive raised rail design which provides for larger full pass-through storage bays with flush floors. Other highlights include a 3/8” thick frame rail — compared to the 1/4” of other manufacturers — and a stacked aluminum intercooler and radiator for optimum heat transfer and cooling.
3. Dual fuel fill allows you to fill the tank from either side of the coach, for greater convenience and flexibility at the pump.
4. The steel truss system is engineered as part of the chassis and provides outstanding strength and rigidity plus pass-through storage. In addition, the structure is pre-primed and coated with a rust-inhibiting paint for extra protection.
5. Cushion Air Glide Suspension features ten air bags (eight outboard-mounted) and ten shock absorbers on all coach lengths. Monitored leveling sensors continually adjust the air pressure at each axle to maintain a level ride and eliminate nosediving, weight transfer, and floating on curved roads. This system also stabilizes the coach on uneven surfaces.
6. Automatic Traction Control (ATC) eliminates wheel slippage in slick conditions and heightens control. The Anti-Lock Braking System (ABS) gives you superior stopping power, especially on steep grades. Together, these sophisticated systems offer the very best safety on the road.
7. The Endeavor features a gutsy standard Cummins® ISL 425 horsepower engine with 1,200 lbs./ft. of torque standard on all four floorplans.

ROADMASTER RR10R RAISED RAIL CHASSIS
(Roadmaster RR10R Tag Axle: 42PAQ, 43DFT, 43PKQ AND 43PD5)

ROADMASTER RR10R RAISED RAIL CHASSIS

CUMMINS POWER
For 2011, Endeavor boasts a powerful Cummins® ISL 425 HP diesel engine with 1,200 lbs./ft. of torque standard on all four floorplans.

THE ULTIMATE FOUNDATION.
Take the wheel of a luxury motorhome, and you’re taking the wheel of the chassis it rides on. That’s why Endeavor rides exclusively on a Roadmaster chassis that is custom built to deliver the very best diesel motorhome experience. Roadmaster’s construction utilizes advanced design and engineering to distribute stress evenly throughout the entire chassis, reducing the possibility of twisting and increasing durability and reliability. It’s really the ultimate foundation for a luxury ride.

WARRANTIES
12 month/24,000 mile basic limited warranty
5 year/50,000 mile limited warranty on aluminum or steel frame structure
3 year/50,000 mile limited warranty on Roadmaster Chassis

*Review your coach’s limited warranty in full for complete terms and conditions.
