Fifty-one years. It’s a proud reminder of our many accomplishments. After all, we were there from the start of an industry, and innovation by innovation we’ve led the way toward creating a rich and wonderful RV lifestyle.

Maybe it’s not until you own a Holiday Rambler that you can truly feel the strength of our heritage. You’ll feel it in the peace of mind you’ll have knowing your family’s in the safest RV on the road. You’ll feel it in the quality of your experiences, thanks to the hundreds of conveniences we’ve developed. And you’ll feel it when you realize you’re free to roam throughout North America with confidence, knowing our network of support is with you every mile of the way.

So join us as we look forward to a new model year. For 2005, we’re celebrating an exciting new lineup, full of more groundbreaking products and high-tech advances than ever.
If you’re thinking of stepping up to the prestige of a diesel coach, Holiday Rambler makes it easier than ever, thanks to the 2005 Neptune. This amazing value rides on a custom-built Roadmaster chassis with a Cummins® ISB 300 engine and Allison® World Transmission — a winning combination that’ll wow you with its smooth ride and powerful performance. Add to that a stunning interior with long lists of standard and optional features, and you’ll experience a whole new world of luxury.
As you look around the Neptune’s interior, you’ll notice the open, spacious feel — thanks in part to three extra inches of ceiling height. You’ll also appreciate the craftsmanship of the woodwork, including raised panel hardwood cabinet doors with brass hardware, crown molding and wood slide-out fascia with vinyl inserts. Underfoot, you’ll enjoy upgraded padded carpeting and stylish Wilsonart® plank flooring. Other decorative details include beautifully coordinated window treatments, brass light fixtures and halogen lights mounted under the overhead cabinets.

To the left, you can see the exterior styling with optional chrome power heated mirrors positioned on the front cap for easier visibility. Smooth aluminum walls come standard with painted mask and skirt. Or, you may choose the optional gel coat fiberglass sidewalls with deluxe full-body paint and vinyl graphics.

In the bedroom, you’ll appreciate the roomy storage spaces, including shirt closets, nightstands and an oversized wardrobe closet with deluxe mirrored doors (not available on 34SBD and 36PRT). The 36PDQ floorplan, shown here, features a beautiful French-style door leading into the bedroom. You also have the exciting option of a 20” flatscreen TV in the bedroom that’s prewired for the living room VCR and DVD player options.
A reflection of your own special style.

The kitchen features a beautiful, contemporary solid surface countertop with stylish mirrors behind the stove area. The roomy storage spaces include a pantry with adjustable shelves, a silverware drawer with organizer and overhead cabinets with an adjustable shelf. Recessed countertop extensions (on most floorplans) give you added workspace, and you’ll love the convenience of the stainless steel sink with a single-lever faucet and pullout sprayer, as well as a separate faucet for filtered water.

Naturally, you’ll also enjoy high-quality appliances, including a large double-door refrigerator, a high-output three-burner cooktop and a spacesaver microwave. And the list of optional upgrades is highlighted by a four-door refrigerator with ice maker and a versatile convection microwave.

At mealtimes you’ll gather around this cozy, attractive wood booth dinette with side-sliding table top and handy storage drawers built into the seats. If you prefer, you have the option of a freestanding dinette table and wall cabinet, with two freestanding chairs and two convenient folding chairs.
Our new side-hinged baggage doors make it easier than ever to retrieve your items stowed below. And you can plan to bring along all your favorite gear and sports equipment, thanks to the large one-piece polyethylene pass-through storage compartment.

The insulated systems compartment gives you easy access to all the hook-up functions, and you have the added convenience of a shower with hot and cold water, as well as a soap dispenser.
CONSTRUCTION

NEPTUNE

ALUMAFRAME® CONSTRUCTION SINCE 1966:
The Neptune features Holiday Rambler’s exclusive Alumaframe®, Superstructure. Our revolutionary system of aluminum C-Channel crossmembers runs the entire length of the unit, with double-welded intersections for added strength. This rigid design is both lighter and sturdier than wood or tubular aluminum frames — and much more reliable than butt-welded or screwed joint designs. From dirt roads to potholes, you can count on Alumaframe® to handle the relentless stresses of the road and provide superior structural integrity for many years to come.

TRUSS SYSTEM WITH RUST INHIBITOR:
The steel truss system is engineered as part of the chassis and provides outstanding strength and rigidity plus pass-through storage. In addition, the structure is pre-primed and coated with a rust-inhibiting paint for long-lasting durability.

SLIDE-OUT CONSTRUCTION:
When you get a Holiday Rambler, you can be sure the slide-out boxes are some of the strongest and most reliable you’ll find anywhere. They feature our exclusive multi-layer construction to give you maximum insulation and to reduce the chance of warping, twisting or shifting.

9-LAYER ROOF: (top to bottom)
- Peaked aluminum roof
- Luaun backing
- Thick, tapered bead foam insulation
- Aluminum double I-beam superstructure filled with fiberglass insulation
- Vapor barrier
- Structure foam: thermal insulative barrier
- 1/2” bead foam insulation
- Foam padding for extra insulation
- Padded vinyl ceiling

5-LAYER EXTERIOR WALL: (left to right)
- Smooth .063 aluminum is standard; gel coat fiberglass is optional
- Interlocking C-Channel filled with 1-1/2” fiberglass insulation bonded in place so it doesn’t sag or leave spaces uninsulated
- Vapor barrier
- Bead foam adds comfort, saves energy and provides a thermal insulative barrier
- Interior paneling
CUMMINS® ISB 300 ENGINE:
Master the highways and byways with Neptune’s rugged Cummins® ISB 300 HP engine with 600 ft./lbs. of torque and an Allison® 2500 MH 5-speed World Transmission. The new electronic shift pad offers added convenience.

ROADMASTER R4R RAIL CHASSIS

The 2005 Neptune features the custom-designed performance of a Roadmaster Rail R4R chassis, from Monaco Coach Corporation. All Roadmaster chassis are built for our luxury diesel motorhomes, so you’ll never find this year’s coach on last year’s chassis. Some of the highlights include:

• Cushion Air Glide Gold Suspension System with four air bags and four gas pressured shock absorbers for superb ride and handling.

• An active suspension control system that automatically levels the coach for superior front-to-rear balance and reduced side-body sway.

• The intercooler is stacked on top of the radiator, with an aluminum core, instead of steel components sandwiched together, for the best cooling package in the industry.

• Heavy-duty steel undercarriage and firewall for unsurpassed safety, strength and durability.

4-LAYER FLOOR:
(top to bottom)
• Structurwood™
• Blue foam insulation
• 1-1/2” aluminum tube
• Three-ply poly underbelly
At Holiday Rambler, we’re dedicated to giving you more ways to create the coach of your dreams. That’s why the Neptune features a wide selection of exciting double, triple and quad slide-out floorplans, with numerous furniture options to fit your lifestyle. In addition, our designers have created exquisite color and fabric combinations to give you the most beautiful interiors you’ll find anywhere. Add to that the woodwork of your choice, and you’ll have a luxurious motorcoach you can truly call home.

---

* Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your Owner's Manual for further towing information.

** Variances in the fabrication and installation of the tanks may cause the actual "usable capacity" to be greater or less than the capacities designated above.

*** Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

Welcome to the Family Advantage.

What is the Family Advantage? It’s all the ways we put the strength of our family to work for yours. It’s the unmatched level of teamwork, expertise and combined experience of all our companies. It’s our industry-leading Roadmaster chassis and our remarkable White Glove factory inspection program.

It’s our ability to respond rapidly to our owner’s needs, with new features and technologies. And it’s our commitment to value and to giving you more RV for your money.

The most important aspect of the Family Advantage is being there when you need us. Our staff is available 24/7/365 to help you with virtually any situation that may arise — with troubleshooting, operational instruction or facilitating repairs at the nearest of our 350 nationwide service centers.

In addition, you will be enrolled in our Owner Advantage Roadside Assistance Program free of charge for your first year of ownership — providing additional emergency assistance, including towing, tire repairs and many more services around the clock. No matter where you are, someone is standing by to talk with you 24 hours a day — to help you get the most from your time on the road.

In short, when you purchase an RV from Monaco Coach Corporation, you get a wider array of benefits than any other manufacturer can offer. To see it all for yourself, call 1-800-634-0855 or 1-800-650-7337. We’d love to meet you Monday through Friday for a tour of one of our state-of-the-art production facilities in Oregon or Indiana.

Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Holiday Rambler provides a weight sticker on each unit we produce which includes that unit’s tank capacities and approximate weight. Consult your local Holiday Rambler dealer for unit availability and further information.

The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name, which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard equipment on Holiday Rambler models. Holiday Rambler, the HR logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders.

While the color of the motorhome’s exterior and the interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated.

Component part and appliance manufacturers issue limited warranties covering those portions of the recreational vehicle not covered by the Limited Warranties issued by the Monaco Coach Corporation companies. To learn more on what specific component parts and appliances are excluded from the Limited Warranties issued by the Monaco Coach Corporation companies please contact your selling dealership or Monaco Coach Corporation directly or review the warranty packet inside the recreational vehicle.
