With the new 2011 Vacationer, Holiday Rambler reintroduces one of its most popular models, and one of the most versatile, value-packed motorhomes on the market. For starters, Vacationer boasts four impressive floorplans in lengths from 30 to 36 feet, including double-sideouts, triple slideouts and the incomparable spaciousness of a full-wall slideout. You’ll find a multitude of interior décor and exterior graphics packages, including standard deluxe vinyl graphics, as well as optional partial paint with vinyl graphics or full-body paint with painted graphics. Inside, there’s a wide range of beautiful details, including new raised panel cabinet doors, solid surface countertops and cozy Leatherette recliner cockpit seats. Must-have options include a single camera rear vision system, a large eight cubic foot double-door refrigerator with ice maker, day/night shades and a surround sound home theater system with DVD player.
