At Jayco, we offer you
More Than a Motorhome
We promise you a unique ownership experience.

Please Note: All information in this brochure is the most available as of the time of publication approval. Jayco reserves the right to make changes and to discontinue models without notice or obligation. It is important to note that vehicle weights and ratings before you purchase a new motorhome. Gross Vehicle Weight Rating (GVWR): GVWR means the maximum allowable loaded weight of the motorhome, including the unloaded vehicle weight plus all cargo, passengers, personal items, fluids, options and dealer-installed accessories. Gross Combined Weight Rating (GCWR) is equal to the GVWR of the unit plus the weight of the towed vehicle. It is the maximum allowable loaded weight with a vehicle in tow. Jayco assigns a weight label to each new RV which lists weight information for that vehicle. Pictures in this brochure may show optional equipment. RVs built for sale in Canada may differ to conform to Canadian codes.
