Discover a favorite campsite where the grass really is greener
Silver moonlight and golden sunsets await ... without giving up a lot of green.

All your gear is ready to go: fishing poles and tackle box, inflatable raft and paddles, camping chairs, binoculars and enough food for a small army. You’re equipped to see the sights you’ve imagined all these weeks leading up to vacation. When you journey in a Jay Flight™ travel trailer or fifth wheel, you’ll see the most beautiful places nature created and still be able to afford the things you’ll need to enjoy it.

The beautiful Oak Value Package option, which includes raised-panel overhead kitchen cabinet doors and refrigerator front panels, creates a warm, inviting kitchen. Other features such as a built-in spice rack under the sink and standard oven make cooking more convenient.
Innerspring mattress and bedroom carpeting, both standard, give you reasonably priced comfort. The coordinated, quilted bedspread (included in the Customer Value Package) adds beauty.

Get 13,500-BTU or 15,000-BTU central air conditioning in the Customer Value Package and stay comfortable no matter what the weather.

Operate the bathroom attic fan easily with the wall switch, part of the Customer Value Package.

Kick back after a day on your feet on the residential-style J-Steel™ convertible sofa, which easily folds down into a flat, comfy bed.
Sometimes getting off the beaten path can put you back on track.

You get a real wood silverware drawer. No plastic tubs.

A kitchen sink cover and range cover, part of the Customer Value Package, give you more counter space.

Upscale window valances with lambrequins and wood appliqués add elegance to Jay Flight™'s affordability.
Freshen up in the bathroom, featuring a large sink, medicine cabinet with mirror, skylight and tub surround (included in the Customer Value Package).

A flip-down TV shelf with cable hookup lets you enjoy your favorite shows while tucked comfortably in bed.

The bedroom gives you ample storage in the shirt wardrobes, part of the Customer Value Package.

Gain storage space beneath the strong 1/2" plywood dinette platforms.

Give your kids their own space with double, triple or quad bunk beds (27 BH, 29 FBS, 29 BHS and 31 BHS; see floorplan for configuration).

In addition to beautiful oak cabinetry, you can store even more under the bed, which lifts easily on struts.
Hot dogs, lemonade and s’mores ... the perfect recipe for a night out.

E-Z Lube® axles with removable caps make maintenance simple.

Get consistent-tasting drinking water with the optional water purifier.

The optional outside shower gives you a convenient place to clean off.

Painted bottom radius skirting and white radius-cornered windows, entrance door and baggage doors contribute to Jay Flight®'s good looks.
Nothing beats the taste of food grilled outdoors. Our optional portable gas barbecue grill makes it easy and comes with a handy carrying case.

Stay cool beneath the patio awning, part of the Customer Value Package.

The front window flush-mounted stone guard keeps rocks from chipping or breaking the glass.

Call everyone in for dinner using the optional two-way family radio system equipped with four hand-held radios and holder/charger.

Unloaded Vehicle Weight (UVW): Sometimes referred to as “Dry Weight.” UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, LP gas, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, cargo, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of all passengers, personal items, food, fresh water, LP gas, tanks, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW.

*The addition of options will decrease the CCC.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice backing up, driving, backing up and braking in a safe environment or seek out professional instruction.

See specifications chart above. Jayco® offers a weight chart to each new RV which lists weight information for that vehicle.
Travel Trailer and Fifth Wheel Standards and Options

**Standard Exterior and Construction Features**
- 15” radial tires
- EZ Lube™ axles
- Large lockable radius-cornered baggage doors with grab handle
- PolyFlex™ underfloor covering

Clearwater

Rosewood

In the heart of the Midwest, old-world craftsmen have handed down tried-and-true construction methods from generation to generation. At our headquarters in Middlebury, Indiana, Jayco® continues this tradition when building all of our recreational vehicles. Our rugged designs, solid construction and commitment to quality add up to a well-built vehicle you can depend on for years.

Spearmint
2004 Jay Flight™
Travel Trailers and Fifth Wheels

Jay Flight™ offers both optional electric and snap jacks (fifth wheels).

End view of Jayco's I-Class™ structural steel chassis frame and the welded I-beam frame used by many competitors. Our structural steel is stronger and more durable than other I-beam applications.

Optional front diamond plate protects against road debris (travel trailers).

Get convenient dual 20-lb. LP-gas bottles with regulator, included in the Customer Value Package.

WE BACK WHAT WE BUILD

The Jayco 2+3 Warranty is a manufacturer's warranty. It doesn't come from your dealer, and it's not an extended warranty! It comes from the people who build Jayco recreational vehicles to the people who buy them. Each Jayco is warranted to the original purchaser for twenty-four (24) months from the date of purchase against defects in materials and workmanship. This is full hitch-to-bumper coverage on towables and bumper-to-bumper on motorized RVs. The Jayco warranty includes a three-year (3) structural guarantee. In addition, our warranty is transferable within the first two (2) years for a $100 processing fee. Go ahead and compare the Jayco warranty with other manufacturers' warranties. You'll find it's the best in the business! For a copy of the warranty with full terms and conditions, ask your local Jayco dealer or visit our Web site.

See dealer for further information and prices.

Jayco®
