“Liveable,” to our customers, it could mean comfort. To our designers, it’s a refined, ergonomic floorplan. For those who build them, we see value. The definition is most likely “all of the above”...and then some.
GET COMFORTABLE WITH NATURE.

Camping trailers and the word “comfort” have rarely been seen in the same sentence, let alone a dealer showroom. Until now. Introducing the Jay Series.

Outside you have the patented, tubular lifting system and a one-piece Camper-Tex™ tent. Inside, you have the famous Jayco comfort of a travel trailer.

1. Our Camper-Tex™ one-piece Velcro® tent attachment system seals tightly, keeping the warmth in and the rain and insects out.

2. The secure retractable step makes getting in and out simple and safe.

3. A 17-gallon water tank is positioned beneath the floor in order to maximize cabinet storage space.

To find out more about America’s Most Liveable RVs, visit www.jayco.com

LIVEABLE CAMPING TRAILERS
MORE THAN FUN IS INCLUDED.

1. The Select comes with many attractive touches like polished aluminum rims.

2. Store extra items in the large space underneath the dinette area. Storage is accessible from both the inside and outside.

3. The front trunk storage area is perfect for storing long items, such as skis or golf clubs. This storage area is also accessible from inside of the camper and outside through the baggage door.
ENJOY THE WIDE-OPEN SPACES.

The Jayco Select is all about space. Higher walls get countertops up to “home” level allowing for larger refrigerators, more headroom and lets cooktops become full ranges. The wide-body construction also adds more storage space and storage of larger items.

1. The standard microwave and the optional oven and range allow you to cook your favorite meals while you’re on the road.
2. Select includes a large 3-cu.-ft, 3-way refrigerator that keeps your favorite travel foods cold and fresh.
3. Courtesy floor lights help your family get around safely during the night.

NO ROAD? NO PROBLEM.
You want to rough it. You crave the real camping experience, far away from campsites and groomed trails. For you, the ultimate adventure is shooting down a mountain on a bike or scaling a sheer cliff. No matter how far-flung your destination, the Baja camping trailer will get you there.
IT FOLLOWS YOU EVERYWHERE.
Here’s what you need to know. 13 inches of ground clearance, running on 15” off-road Dunlops, all suspended by shocks and leaf springs ... siick!

If that’s not enough, how about an outdoor Bike-Port™, big enough for two bikes or an ATV! ... ramps included.

1. Conquer the roughest terrain with 15” Dunlop® Mud Rover off-road tires. Dent-proof rubber fenders and protective mud flaps are also standard.
2. Store your adventuring essentials in the optional diamond plate tool box.
3. Going off the beaten path is no problem for the Baja camping trailer, thanks to its shock absorbers and leaf springs.
1. Jayco’s unique Velcro® tent-to-bunk end attachment system is stronger than the bungee cord system used by competitors.
2. You won’t have to crouch down and reach underneath the camper, thanks to our crank-down stabilizer jacks.
3. The optional powered attic fan in the bathroom improves ventilation.
4. EZ Lube® axles with removable caps make maintenance a snap.
5. The single-piece Structurwood® floor is undercoated and edge-sealed to repel moisture and maintain its durability. It comes with a lifetime warranty.
6. Spills are no match for our reversible, anti-slide dinette cushions with vinyl backs. Simply wipe off or remove for a more thorough cleaning.
7. The front diamond plate and sturdy LP gas bottle cover protect the front end from road debris.
8. Jayco’s rugged end bunks can handle a substantial amount of weight (1,050 lb. capacity per bunk). The bunks, made from 5-ply exterior-grade, weather-treated plywood, are mounted on steel slides with smooth rollers to make it easy to set up in minutes.
9. Our patented, fully enclosed roof lifter system has a lifetime warranty and is easy to set up.

10. Jayco’s exclusive TorFlex® independent torsion-axle suspension provides more ground clearance, simplifies towing and absorbs bumps that cause wear and tear.

11. Our robust, corrosion-resistant frames are finished with our 12-stage E-Coat™ finishing system and come with a lifetime warranty.

12. Double-laminated wall construction with wood backers reinforces the strength of sidewalls, protecting it from bows and dents. Unlike competitors’ single wall, non-backed units, Jayco goes the extra mile by screwing the sidewalls to both the floor and frame.

13. Jayco’s old-world Amish craftsmen build RVs with the same tried-and-true construction methods used for generations.
### 2006 Standard and Optional Features

**JS**=Jay Series  **S**=Select  **B**=Baja  **C**=Camouflage

#### Standard Interior Features

### Your Jayco Dealer

As a Jayco owner, you can be part of the Jayco Safari International Travel Club. Ask your dealer about the Safari “flight” in your area, write Jayco, or visit our website.

---

Jayco offers to the original purchaser additional industry-leading lifetime parts and labor coverage on our lifter system, roof, floor, and frame. We also offer five-year (5) coverage on our tent with parts, labor, and freight covered the first two years; parts, factory labor, and return freight during years three, four, and five.

### We Back What We Build.

The Jayco Co-Pilot Warranty is a manufacturer’s limited warranty. It doesn’t come from your dealer and it’s not an extended warranty! It comes from the people who build Jayco recreation vehicles to the people who buy them. Each Jayco is warranted to the original purchaser for twenty-four (24) months or twenty-four thousand (24,000) miles (mileage limitation applies to motorized products only), whichever occurs first, from the original date of purchase against defects in materials and workmanship. In addition, our limited warranty may be transferred one time within the warranty period. Go ahead and compare the Jayco warranty with other manufacturers’ warranties. You’ll find it’s the best in the business!

For a copy of the limited warranty with full terms and conditions, ask your local Jayco dealer or visit our web site at [www.jayco.com](http://www.jayco.com).
