THE PERFECT FIT
You want to explore it all, from the cultural excitement of metropolitan cities to the natural beauty of mountain passes. You’re looking for a motorhome that’s compact to be easily maneuverable, yet luxuriously designed to be incredibly comfortable. You demand exceptional quality in both materials and craftsmanship to simplify ownership down the road. Try the Melbourne on for size — it’s the perfect fit.

1. Reeded glass inserts enhance the style of the roomy media storage cabinets.

2. Sleek curves are characteristic of the Melbourne, such as the radius-cornered mattress and bed base.

3. Enjoy your favorite programs outside by moving the 19" LCD TV from the front entertainment center to the exterior.
THE PERFECT FIT FOR ADVENTUROUS TRAVELERS
Regardless of where your road trips take you, you’ll be at home inside the Melbourne. Its furnishings are designed to look great and feel even better — from the soft leather touch sofa and dinette base to the dreamy memory foam mattress. To further enhance the Melbourne’s contemporary living space, we include plenty of Jayco’s famous handcrafted cabinetry as well as upscale appliances, fixtures and lighting.

1 At night, the leather sofa can expand to provide 54 inches of sleeping area for guests.

2 Rest easy, thanks to the deluxe Cloud Ten mattress with elegant bedding ensemble, padded headboard and halogen reading lights.

3 The kitchen area features a delicious combination of efficient equipment, ample storage and sleek nickel accents.
A Great Year to Buy

In honor of Jayco’s 40th Anniversary, 2008 Melbourne motorhome models come standard with special features including a flat screen TV and the adjustable Dream Dinette™ table mechanism. Ask your Jayco dealer for complete details.

8. Rotocast seamless storage compartments with lights are handy and durable.
Unloaded Vehicle Weight (UVW): Sometimes referred to as "Dry Weight," UVW means the typical weight of this motorhome as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, LP gas, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the motorhome, including the UVW plus passengers, personal items, all cargo, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of all passengers, personal items, food, fresh water, LP gas, tools, other cargo and dealer-installed accessories that can be carried by the motorhome. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC.

It is important for your safety and enjoyment that you are aware of the weights and tow ratings of the RV you select. Consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your RV before heading out on the roadways. When you tow a vehicle with your RV you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. Refer to that label to verify the vehicle will meet your requirements.

Melbourne motorhomes are constructed with high quality materials using production techniques perfected over the past 40 years. Count on yours to look good, perform well for years and provide excellent resale value.

1. Curved sidewall construction creates a distinctive, sleek appearance.
2. For safety and convenience, the Melbourne comes equipped with a third brake light, heavy-duty hitch and 7-way plug plus a spare tire with carrier located under the unit.
3. Tinted safety glass.
4. 3/16" plywood adds adds strength to the sidewalls and roof.
5. Bead foam insulation in the roof, floor and walls will help keep your living space more comfortable.
7. Central air conditioning features foam-insulated ducts for improved airflow and cooling.
8. Seamless TuffShell™ fiberglass roof provides durable protection from increment weather.
9. Five insulated ceiling foam reduces heating and cooling costs.
10. Steel truss floor system provides additional storage space underfoot.
11. Smooth gel-coat exterior fiberglass surfaces are both easy to maintain and abrasion resistant.

12. Rotocast storage boxes.
14. Fiberglass running board.
15. Stainless steel wheels.
16. Heated remote control mirrors.
17. Electric double entry step.
18. Gel-coat fiberglass, radius wings.
19. Gel-coat fiberglass front and rear cap.

- $1,000 auto theft or hit-and-run reward
- $2,000 trip interruption reimbursement

We Back What We Build.

The Jayco Co-Pilot Warranty is a manufacturer’s limited warranty. It comes from the people who build Jayco recreation vehicles to the people who buy them. Each Jayco is warranted to the original purchaser for twenty-four (24) months or twenty-four thousand (24,000) miles (mileage limitation applies to motorized products only), whichever occurs first, from the original date of purchase against defects in materials and workmanship. Jayco’s limited warranty is not transferable. Go ahead and compare the Jayco warranty with other manufacturers’ warranties. You’ll find it’s the best in the business!
