Live Large, Tow Light
Tow a Jay Feather With Your SUV and Make Trips a Breeze

After a heavy workload during the week, wouldn’t it be nice to take off and feel light as a feather? Jay Feather Ultra Lite Weight travel trailers can be easily towed by most SUVs and mini-vans so you’re always ready for a quick getaway. With a Jay Feather, you can enjoy the outdoor views provided by Mother Nature, then enjoy the indoor conveniences provided by Jayco. From the extra thick mattresses to the extra durable construction, you’ll always rest easy.

- Strong and Lite Weight frame features E-Coat™ rust-proof protection
- Vacuum-bonded lamination creates stronger walls, roofs and floors
- Tor-Flex™ independent suspension provides more ground clearance and better handling
- Seamless one-piece rubber roof is puncture-resistant and covered by 12-year warranty
- American-made Norcold® 6 cu. ft. refrigerator lets you adjust the temperature
- Solid wood cabinetry is crafted with screwed stile construction and cabinet doors with mortise-and-tenon joints for durability
- Unparalleled 2-year Co-Pilot Warranty offers peace of mind

* Due to their ultra Lite Weight design, Jay Feather models may be towed by most SUVs and mini-vans. Consult your automotive vehicle manufacturer’s latest towing guide (available at the dealership) or your owner’s manual. Certain optional equipment may be required and other restrictions may apply. Do not exceed the recommended towing capacity of your vehicle.
Which Jay Feather Fits Your Family?

JAY FEATHER LGT™
» Exterior lengths from 25’ to 31’
» Our most spacious and fully equipped Jay Feather model
» More seating, storage and amenities to accommodate longer trips

JAY FEATHER EXP™
» Exterior lengths from 19’ to 29’
» Expandable sleeping areas
» Maximizes living space and minimizes towing weight

JAY FEATHER EX-PORT™
» Combines compact style of the SPORT with expandability of the EXP
» Light enough to be towed by most SUVs and mini-vans

JAY FEATHER SPORT™
» Exterior lengths from 16’ to 21’
» Our most light weight and most compact style
» Perfect for a weekend away

Celebrating 40 Years of Liveability
The Jayco story began in 1968 with a humble desire to build more comfortable and practical ways for families to explore the world together. Jayco has grown to become the largest privately owned manufacturer of recreation vehicles in North America. While our product line is more diverse than ever before, every unit we build shares a common attribute — liveability. Because we believe every journey should be easy to enjoy.
A Great Year to Buy

In honor of Jayco’s 40th Anniversary, we’ve added special features to selected 2008 Jay Feather models including a Carefree® 12 volt Travel'r awning, flat screen LCD TV and adjustable Dream Dinette™. Ask your Jayco dealer for complete details.
» For the Space You Want
Without the Weight You Don’t

The Jay Feather LGT lets you enjoy the towing efficiencies of an Ultra Lite Weight travel trailer and still get the interior space and features you really want. You’ll find plenty of room to unwind, as well as plenty of comfortable seating, convenient storage and decorative finishes.

A skylight brightens the ABS tub surround in the well-equipped bathroom.

The hide-a-bed offers round-the-clock relaxation. The bedroom features a queen bed with quilted spread, storage under the bed base, a bi-fold privacy door and roof vent.

Everything you need is at your fingertips in the fully equipped kitchen, which includes a residential-style sink and new countertop extension.

Buyer’s guide and model comparisons at www.jayco.com
Expand your vacation options with the Jay Feather EXP. These expandable RVs increase the living space after you reach your destination, but exterior length is kept to a minimum for more aerodynamic towing while you drive. This expandability makes the Jay Feather EXP a smart choice whether you’re under the covers or on the road.

Once you reach your destination, enjoy additional sleeping space in the Jay Feather EXP’s slideout models.

Whip up a meal quickly in this handy kitchen featuring a 6 cu. ft. Norcold® refrigerator with adjustable temperature control, 3-burner range, microwave and double-bowl sink.
Jay Feather EX-PORT™

For Big Adventures
You Can Tow With a Mini-Van

We combined the compact style of the Jay Feather SPORT with the expandability of the Jay Feather EXP to create the Jay Feather EX-PORT. The result is a fun-loving travel trailer that’s light enough to be towed by most SUVs and mini-vans on the market. It comes with all the daytime essentials, then expands to increase your sleeping space at night.

Sleek touches such as the curved shower track add a contemporary flair to the bathroom.

Meals are easy to prepare in the EX-PORT’s efficient, fully equipped kitchen.

For the Ultra Lite Weight Weekender
That's Also Light on Price

You’ll really look forward to the weekends with the affordable Jay Feather SPORT. Under 23' long, it’s compact enough to take on just about any outdoor adventure. Yet it sleeps up to five people and features a full kitchen and full bath. Could this be the year to say goodbye to your tent?

Jayco proudly sponsors Tread Lightly®, a nonprofit organization whose mission is to empower generations to enjoy the outdoors responsibly through education and restoration.

The SPORT lets you speed through cooking with its efficient kitchen equipment.

Hardwood drawers include built-in cutlery trays for easy organization.
Jayco Builds Lasting Value

Jay Feather travel trailers are constructed with high quality materials using production techniques perfected over the past 40 years. Count on yours to look good, perform well for years and provide excellent resale value.

1. FRP smooth fiberglass sidewalls
2. 1/8" plywood
3. R-7 bead-foam insulation in sidewalls (R-9 in SPORT and EXP roof, R-17 in LGT roof, R-9 in EXP & LGT floor)
4. Electro Galvanized (EGS) metal backing strips
5. Welded tubular aluminum sidewall framework
6. Seamless one-piece rubber roof with 12-year limited warranty
7. Tinted safety glass windows
8. Enclosed underbelly with Poly Flex™ one-piece moisture barrier covering reduces drag for better fuel economy and protects from grime and road debris (LGT models only)
9. Carpet pad provides enhanced durability and comfort
10. Attractive, easy-care carpet

A LEGACY OF CRAFTSMANSHIP

Jayco’s dedicated production team includes Amish craftsmen who build with well-honed woodworking techniques passed down for generations, and skilled seamstresses who produce our upholstery, bedding and draperies with great attention to detail.

Jay Feather EXP & EX-PORT’s Lite Weight steel frame is 10-15% lighter and significantly more rigid than the frame of conventional travel trailers. Tapered rails place the strongest part of the frame over the axles. Instead of welding, our modular frame design features “huck” bolt assembly and interlocking dimples.

Corrosion-resistant frames are completed with a 12-stage E-Coat™ finishing system. (SPORT, EX-PORT & EXP series only)

TuffShell™ walls and floor are constructed using a vacuum-bonded lamination process. TuffShell™ construction results in a smoother finish and a more durable body than traditional pinch-roller construction.

TorFlex™ independent torsion-axle suspension gives more ground clearance, provides a smooth ride, makes towing easier and reduces wear and tear by absorbing bumps.

Enclosed underbelly with Poly Flex™ one-piece moisture barrier covering reduces drag for better fuel economy and protects from grime and road debris. (LGT series only)

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specification chart above.

**Unloaded Vehicle Weight (UVW):** Sometimes referred to as “Dry Weight,” UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

**Gross Vehicle Weight Rating (GVWR):** GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, all cargo, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

**Cargo Carrying Capacity (CCC):** CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC.

**Hitch Weight (HW):** The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.
Customer First Roadside Assistance
Travel worry-free in your Jay Feather with Jayco’s Customer First Roadside Assistance program, yours at no cost during your first year of ownership. This program is offered through Coach-Net®, the largest RV emergency road service in the country, and gives you immediate access to dependable roadside assistance and support services with a simple phone call.

- Toll-free nationwide service appointment assistance
- Free custom trip routing and full color map service
- Free dispatch of on-site mechanical service
- $1,000 auto theft or hit-and-run reward
- $2,000 trip interruption reimbursement

We Back What We Build.
The Jayco Co-Pilot Warranty is a manufacturer’s limited warranty. It comes from the people who build Jayco recreation vehicles to the people who buy them. Each Jayco is warranted to the original purchaser for twenty-four (24) months or twenty-four thousand (24,000) miles (mileage limitation applies to motorized products only), whichever occurs first, from the original date of purchase against defects in materials and workmanship. Jayco’s limited warranty is not transferable. Go ahead and compare the Jayco warranty with other manufacturers’ warranties. You’ll find it’s the best in the business!

For a copy of the limited warranty with full terms and conditions, ask your local Jayco dealer.
