2008 Recon ZX Toy Haulers by Jayco®

FREAKISHLY LIVEABLE

TOY HAULING WONDER

FREAKISHLY LIVEABLE

Jayco®
Nothing gets riders more jazzed than cranking up the music. Recon ZX is iPod®-ready and Kicker® speakers-equipped, as it pounds out sound both inside and outside the unit. So whether you’re partyin’ outdoors or chillin’ in the living room, with Recon ZX you’ll be surrounded with sound where you want it, when you want it.

Fuel, Air and Power Wash stations are at your fingertips in the Recon ZX. The 25 gallon dedicated fuel tank refuels your toys, the on-board air compressor helps you avoid down-time, and after a dirty day of riding, use the power washer to keep your machine looking buffed. With Recon ZX dialed in to all the gear you need, you’re always ready to ride.
Things like the fully adjustable Norcold® refrigerator, solid-surface countertops and the recessed sink and range make for an extremely liveable kitchen in the Recon ZX.

With features like the neo-angle shower with glass door and the high-capacity fan in the bathroom, Recon ZX offers plenty of space and amenities for reviving yourself.

Combine Recon ZX’s 102 inch-wide girth and its multiple mega slideout rooms, and you end up with nearly 400 square feet of living and garage space. Whether it’s sleeping, working, playing or just hanging out, Recon ZX has the elbow room you need to do it all.

Recon ZX’s space-saving U-Dinette/sofa combo, tile-look flooring and Sony® Stereo and DVD system with game system prep provide a comfortable place to kick back after a long day of play.

The optional flat panel LCD TV, convenient bedroom laundry hamper and pillow-top mattresses make the Recon ZX bedroom a perfect place for a little R&R.
In honor of Jayco's 40th Anniversary, we've added special features to the 2008 Recon ZX models including an electric awning, flat screen LCD TV and adjustable dream dinette. Ask your Jayco dealer for complete details.
Recon ZX gobbles up quads like no other toy hauler, easily taking in up to four quads, numerous bikes or a side x side. No matter what you’ve got, you can rest assured that with Recon ZX you can “bring it.” Its no-skid cargo ramps are 8 feet wide, and the heavy-duty tie-downs keep your toys safe and sound ‘til you’re ready to ride.

**Below:** Recon ZX’s 8-foot wide ramp and side-entry door gives easy access to the innovative cargo area, designed with you and your toys in mind.

**Right:** Dual electric queen beds are easy to lower and raise in the cargo area, helping provide comfortable sleeping space for a total of up to 12 people in the Recon ZX.
Above: The bunk over the cargo area is perfect as an extra storage space or a nice little getaway spot to catch some quick zzz’s.

Middle left: The handy U-dinette/sofa combo folds down and out into twin beds when it’s time to crash.
The rigors of the road make Recon ZX’s longer lasting TuffShell™ vacuum-bonded laminated sidewalls a must. The welded aluminum framing, high density foam block insulation, backer plates for the cabinets, and easily maintained gel-coat fiberglass walls offer a rugged alternative for serious RVers. If these walls could talk, they’d talk tough—exactly what you’d expect from a toy hauler that’s built to last.

CONSTRUCTION AND DESIGN

1. The radius-cornered ramp door has a weight capacity of 2500 lbs. and is designed for safety.
2. Durable non-slip flooring makes for worry-free trips up and down the ramp.
3. 3/16” plywood board adds strength to the sidewalls.
4. Foam insulation in floors and sidewalls (R-11 in roof and R-9 in sidewalls) helps keep the interior comfortable.
5. 3/8” plywood in roof construction
6. One-piece, seamless rubber roof shrugs off the hardest rains, reflects heat and reduces noise.
7. Roof rafters are constructed of strong, residential-style 4-½” trusses.
8. Easy-care carpet is included in select areas.
9. Carpet pad enhances the comfort and durability of the carpet.
10. 2” laminate floor contains 3/8” seamless Structurwood® main floor decking and provides a firm foundation.
11. Welded tubular aluminium sidewall framework offers lightweight durability.
12. Like the sidewall framework, the floor frame is built of aluminum.
13. Driveable aluminum welded wheel wells.
14. Fiberglass insulation in underbelly (R-7) and roof construction (R-11).
15. One-piece underbelly covering greatly reduces drag for better fuel economy and protects from grime and road debris.
16. TuffShell™ vacuum-bonded laminated high gloss sidewalls are sleek and aerodynamic.
17. We simplified the “ins and outs” with the Big Easy™ triple retractable main entrance steps.
18. Enjoy smoother rides with the optional MOR/ryde® pin box and suspension package.
19. The central command center gives you control of all power functions from a convenient single location.
20. Outside compartments are large enough for all your sport or travel gear.
21. Our tie-down rings are each rated for 2,500 pounds and keep your ATVs, motorcycles and other toys stationary during travel.
22. Recon ZX includes several handy storage spaces including an easy access tool compartment located in the floor of the garage.
23. Mill-finished aluminum shelves and workspace keep your tools close at hand.
24. It’s easy to keep your toys securely stowed away with this cam-style ramp door latch with built-in lock.
25. With the optional power jump pack, you’ll have battery power wherever you go.
STANDARDS AND OPTIONS

Standard Bathroom Equipment
- Bar and towel ring
- Large sink in bathroom
- Marine toilet w/foot flush
- Medicine cabinet with mirror and key hooks
- Switches for all lights
- Toilet paper holder
- Magazine rack

Standard Exterior Equipment
- Drawer storage below dinette seats
- Deep-lipped overhead cabinetry
- Crank up TV antenna with signal booster
- Cupholders in dinette
- Brushed nickel hardware
- 26” LCD TV
- Tuff-ply™, rubberized floor liner on garage floor
- Triple axles with E-Z Lube feature
- Shock clips on frame and axles
- Rear ramp lights (2)
- Patio light with inside switch
- Rain guttering, molded with drip spouts
- Jayco ZX step faceplate
- Jayco ZX exterior speakers
- Electric-powered front jacks
- Entrance door is fiberglass and radius cornered
- Big Easy™ triple retractable main entrance step
- Big Easy™ double retractable garage entrance step
- Battery box for three batteries
- 16” radial tires
- 12V light for hitch
- Wired and framed for second A/C

Standard Construction Features
- 2’ laminated construction of floor
- 10-1/2” solid steel outriggers
- 102” wide body
- 3/8” decking on roof
- Electric-powered slideout
- Cabinetry crafted w/screwed stile construction
- Frame made of double stacked 12” tubular, cambered steel (F36V & F37U)
- High-Gloss Laminate 4000 fiberglass sidewalls
- One piece, seamless, rubber roof
- PolyFlex™ one-piece underbelly cover
- R-11 insulation in roof, R-9 in sidewalls, R-9 in floors, R-15 in slide-out floors
- Roof rafters, constructed of residential-style tapered 4-1/2” trusses
- Structurewood™ main floor decking
- TuffShell™ vacuum-bonded laminated sidewalls
- Welded tubular-aluminum sidewall and floor framework

Standard Kitchen Equipment
- Ball-bearing drawer guides
- Below countertop waste basket location (F37U)
- Brushed nickel mixing high-rise faucet
- Cover for sink/cutting board (2)
- Deep recessed residential-style sink
- Drawer for silverware, divided for utensils
- J-Stroke™ solid surface countertops
- Overhead range hood with light and exhaust fan
- Recessed 3-burner range with 9000 BTU SuperBurner™ and piezo igniter
- Oversized oven

Standard Power, Water and Heat
- 110V G.F.C.I. protected exterior receptacle (4)
- 12V electrical system with deluxe 110V 75-amp power converter
- 135-gallon fresh water capacity
- 1800 watt Xantrex inverter
- 12V demand water pump
- 50-amp electric service
- 50-amp quick-connect power cord and storage bracket
- 5500W Onan® generator with 25 gallon fuel tank
- Automatic transfer switch with generator or generator prep
- A/C chill grill
- Battery disconnect switch
- Black holding tank sprayer
- Concealed black and gray tank valves
- Double 30-lb. propane gas bottles, w/ regulator
- Furnace with wall thermostat, auto-ignition
- Fuel station with 25 gallon fuel tank
- Hook-up for city water
- Outside shower
- Prep for solar panel
- Recessed Jayco ZX command center with sliding glass door
- Sewer hose storage compartment
- Water heater bypass system
- Water system winterization kit

Standard Ramp & Cargo Equipment
- 7’ 10” door/ramp, 2500 lb. capacity
- 96” wide ramp door opening
- Beaver tail transition ramp
- Cam style locks on ramp door
- Hinges spring assist
- No-skid flooring
- Rear retractable screen wall
- Welded steel storage compartment in garage floor

Optional Equipment
- 20” LCD TV (5)
- 37” LCD TV
- U-shaped dinette & sofa combo
- 12V AM/FM/CD/DVD stereo, iPod adapter/charger and 4 Kicker® speakers
- 10/16 XLT gal. gas/electric DSI auto-ignition water heater
- 15,000 BTU central A/C
- 16” spare tire w/ carrier mounted under cargo area
- 8 cu. ft. flush-mount double door refrigerator
- Carefree® Trav’r 12 volt electric patio awning
- Manchester Oak raised paneled doors and drawers
- Deluxe pillowtop mattress
- Insulated holding tanks
- Microwave oven with carousel
- Flush-mount bi-fold cover for range
- Neo-angle tub/shower with ABS surround
- Rack for luggage, ladder also included
- Rear stabilizer jacks (2)
- Security lights (2)
- Shock absorbers
- Skylight in tub/shower
- Water purification system

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and ratings of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice hooking up, driving, backing up, and braking in a safe environment or seek out professional instruction.

Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specification chart above.

As the originator of numerous motocross tricks and winner of ten X-Games medals, Brian Deegan uses only the best—Jayco ZX—to haul his family and his Honda 250 to his next event. Jayco wishes Brian the best in his efforts to continue radicalizing the sport of motocross freestyle and appreciates his endorsement of the Jayco ZX products.

Unloaded Vehicle Weight (UVW)
Sometimes referred to as “Dry Weight,” UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options, or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR)
GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

Cargo Carrying Capacity (CCC)
CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo, and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC.

Hitch Weight (HW)
The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.
CUSTOMER FIRST ROADSIDE ASSISTANCE

Travel worry-free in your Recon ZX with Jayco's Customer First Roadside Assistance program, yours at no cost during your first year of ownership. This program is offered through CoachNet®, the largest RV emergency road service in the country, and gives you immediate access to dependable roadside assistance and support services with a simple phone call.

Emergency Roadside Assistance

- 24-hour toll-free emergency message service
- $2,000 trip interruption reimbursement
- Toll-free nationwide service appointment assistance
- Free custom trip routing and full color map service
- Free dispatch of on-site mechanical service
- $1,000 auto theft or hit-and-run reward
- Free jump starts
- Free tire changes
- Free fuel delivery
- Free lockout service
- Free travelers checks

WE BACK WHAT WE BUILD

The Jayco Co-Pilot Warranty is a manufacturer's limited warranty. It comes from the people who build Jayco recreation vehicles to the people who buy them. Each Jayco is warranted to the original purchaser for twenty-four (24) months or twenty-four thousand (24,000) miles (mileage limitation applies to motorized products only), whichever occurs first, from the original date of purchase against defects in materials and workmanship. Jayco's limited warranty is not transferable. Go ahead and compare the Jayco warranty with other manufacturers' warranties. You'll find it's the best in the business!

For a copy of the limited warranty with full terms and conditions, ask your local Jayco dealer.

As a Jayco owner, you can be part of the Jayco Jafari International Travel Club. Ask your dealer about the Jafari "flight" in your area, write Jayco or visit our website.

Please Note: All information in this brochure is the latest available at the time of publication approval. Jayco reserves the right to make changes and to discontinue models without notice or obligation. Photos in this brochure may show optional equipment or props used for photography purposes. RVs built for sale in Canada may differ to conform to Canadian codes.
