Taking you where you want to go
Above, the stylish and spacious 370BHL Springdale XL Travel Trailer with slide-out dinette and sofa-sleeper. Floor-to-ceiling patio doors open your Springdale to light and fresh air. The kitchen features residential height cabinetry, quality name-brand appliances, and efficient storage space.
Springdale 2001

There was a time when you had to sacrifice amenities and quality when looking for an affordable travel trailer or fifth wheel. Those days are over. When we created Springdale, we had one thing in mind. We wanted to give our customers more features and value for their dollars. We have accomplished this. It is apparent to our customers across the country.

This is why, of the industry's non-recreational travel trailers and fifth wheels, Springdale has surpassed every other brand in the industry.

We proudly introduce the 2001 Springdale travel trailers and Fifth Wheels.

Features like this breakfast bar are usually found only in higher priced RV's.

Notice the hardwood-framed, mortise-and-tenon cabinet doors, real wood drawer sides, abundance of countertop space, and large, residential-size kitchen oven.

Children love the special suite Springdale has created just for them. There's room for crafts or games, watching TV, or munching on snacks at the dinette, and there's plenty of storage for clothing, toys, and outdoor gear of all kinds.

Notice the convenient drawers and counters in the kitchen. Thoughtful design like the wall mounted towel bar and the vanity shelf for the "extras."
Space Maker®

Our patented Space Maker® underfloor fresh water system provides a large-capacity fresh water tank located under the floor in a heated compartment. By removing the tank from the interior of the unit, usable storage space is greatly expanded. Space Maker's tank location also lowers the center of gravity, improving towability.
Travel Trailer with Patio Door Option

Springdale "XL". Available in two spacious floorplans. Ideal for the lake front property or nestled in the woods. Springdale "XL" has a taller than normal ceiling (80") and can be ordered with patio doors. Both features give XL's a spacious and open feeling.

**Value Inside and Out**
Dollar for Dollar, the Best RV Value on the Market Today

Springdale travel trailers and fifth wheels are manufactured by Keystone RV Company, your towables experts, at our facilities in Goshen, Indiana. Among Keystone's initial product lines, Springdale has evolved since its beginnings to become our greatest value in towables, especially for young families or anyone who requires a lot of space at an economical price. We take pride in each model we deliver. Each Springdale is made with care and craftsmanship. Springdale has become one of North America's best selling lines of recreational vehicles because it offers so many features at such a good price. This quality has earned Springdale national recognition as a value leader among all products in the U.S. marketplace today. Springdale, "More for your dollar."
