We proudly introduce the 2003 Springdale 279 fifth wheel in our Burgundy interior offering richness and style previously unheard of in an RV at this moderate price point. Notice the new look created with curved dinette backs, fresh drapery treatments, and the unobscured panoramic view through the 40x72-inch picture window. Richly grained all-wood cabinetry adds warmth while stylish lighting fixtures in the slideout area cast a pleasant glow. In the kitchen, matching appliances, the residential 60/40 deep bowl sink, and upgraded linoleum flooring are attuned to the latest interior design trends.
Easy Living...
Incredible Value

Springdale was designed with one main goal—Incredible value for your dollar. With Springdale, you will find that you don't have to spend a fortune to have all the conveniences and features that you want.

We use only high-grade building materials and we feature top brand-name appliances in the building of our products.

Springdale is one of the fastest growing brands in the recreational vehicle industry. In fact, an independent rating company has named Springdale as the best value in the United States in travel trailers and fifth wheels.

We invite you to see for yourself why customers keep coming back to Springdale. Thank you again for your interest in Springdale.

See you in the Great Outdoors!

General Manager

Above is a back-to-front view of the 279 fifth wheel. Observe the rich effect of floor-to-ceiling cabinetry enhanced by the residential look of cathedral-style doors. You'll be thrilled with the complete wall of deep storage in this floor plan, reaching all the way into the bedroom. In the foreground, notice the positioning of the entertainment center so that the TV can be enjoyed throughout the living area. Also notice the plush padded carpeting, until now available only in much higher priced RV's. Isn't this the life?
The 286 RLDS features a "live-in" bedroom. Relax on the padded window seat and read, write, or just gaze at the scenery. Open the seat for complete access to the exterior pass-through storage space. Also notice the vanity corner next to a 5-foot wide closet with four deep drawers underneath, creating a wall of storage.

Every Springdale features this 60/40 deep bowl white sink with a matching white high-spout faucet. Now you can prepare food and clean large utensils quickly and conveniently. There's a flip-out utensil tray under the sink, too. The details that are important to you are important to us.

Travel Trailers: Springdale XL

Versatile, Convertible Bunk Bedrooms

The Children’s Suite in the 370 XL is a three-bunk floor plan. Kids love the mini-dinette (which converts from a bunk) where they can snack or play games. There's also a large mirrored wardrobe and wide windows to give them plenty of light and air.

Four bunk beds make this bedroom in our 372 XL travel trailer great for large families or overnight guests. At left, all four bunks, complete with matching spreads, are ready for a night's rest. By day, as shown in right photo, the lower bunk converts into a hobby/computer station with a lounge area. All this, and storage, too!

245 FWRLL-S

249 FWSBHL-GL
For 2003, Springdale has located the dinette alongside the entertainment center in a new medium-width slideout, designed especially for our shorter models. This new slide layout opens up floor space and creates a more spacious feeling in the living area, found only in larger floor plans. This great idea is an example of the renowned attention to detail you’ll find in all Keystone RV recreational vehicles.

EVERY INCH OF THE SPRINGDALE IS DETAILED FOR CONVENIENCE AND EASE OF MAINTENANCE.

Dollar for Dollar, the Best Value on the Market Today!

Springdale travel trailers and fifth wheels are manufactured at our factory in Goshen, Indiana, and Portland, Oregon. Among our products, Springdale is renowned for our value, our quality, and our reputation for being the greatest value in towables, especially for young families or anyone who is looking for a great deal of space at an economical price. We take pride in what we do. Christel.Html

Springdale utilizes crowned, residential-style, 4½” truss rafters, shown here with air conditioning channels to accommodate our ducted roof/air option.

Pass-through storage is easily accessible from outside. With 48 cubic feet of available space, you can take all your favorite camping gear.

Your Springdale is safe from nicks or scatches from stones or gravel, thanks to our protective diamond plate, now an available option on all travel trailers with aluminum exteriors.

Available in Springdale models & APEF storage options, diamond plate and wide arch trim. As seen when the lower bunk raises, you have an amazing 60 cubic feet of storage located in the under bed area from a door to be used, and with the bunk down, you can even use it as storage.

Popular Options
- Smooth Fiberglass Exterior
- A&E Awning
- Duo Therm Air Conditioner
- Dometic Microwave
- Outside Shower
