A UNITY OF BEAUTY AND FUNCTION
The 2008 Laredo Travel Trailers and Fifth Wheels
You are looking for a special recreational vehicle. You want the performance and durability of a luxury towable. You want the interior beauty and conveniences found in the upscale brands.

Yet you do not want to be burdened with the weight and size of a larger RV. You want to be able to tow with ease, settle quickly into the scenic haven of your choice, and proceed to live, relax, and entertain in a home-like setting that doesn’t leave you dreading a rainy day.

You want an RV based on performance and dedicated to comfort and luxury, with the many extra touches that make you feel pampered. For you, Keystone RV Company has created the Laredo — One of a Kind.

As seen in the above photo, the 315RL Laredo features a kitchen larger and more convenient than you’ll find in many homes!

One of a Kind

At left, the 2008 Laredo 315RL Fifth Wheel in Evergreen. You won’t know you’re inside an RV as you lounge in your armchairs before a beautiful corner fireplace...until you take in the splendid view through the two enormous picture windows. The angled kitchen counter allows you to enjoy the view and the state-of-the-art entertainment center while preparing meals or serving your guests. Laredo life is a life of comfort, convenience, and relaxation.

At right, Laredo’s antique bronze designer faucet graces the deep double bowl sinks.

DECOR CHOICES

Copper Ridge Sienna Evergreen
shown above, the 2008 Laredo Fifth Wheel, in the Evergreen Color Scheme. The billowy, quilted bedspread with matching shams and window valances gives a luxury hotel suite feeling to the room. Unlike other RV beds, the Laredo full-queen is footed, with room for you to tuck your slippers beneath it. Lighter woods and carpeting give the simpler, fresher look of today’s interiors. You will have no trouble blending in your own belongings, so go ahead, take along those favorite pictures and grandma’s antique clock. Storage is not an issue. in the right foreground, there is a huge wardrobe with deep drawers and a TV counter.

Five-star Comfort suite

A big reason for the excitement of the 2008 Laredo is the fresh approach to RV interiors. Laredo’s designers focused on your comfort as they threw out all the traditional ideas of how an RV should be appointed.

For example, behold the Laredo Fifth Wheel Five-star Comfort Suite for 2008, all on one level. It is easily the most luxurious, spa-like, bedroom/bathroom retreat ever built in a mid-sized fifth wheel.

For many years, RV designers considered the bedroom as a small, tight place to rest your head and store your clothes after a day of travel. Laredo’s concept is completely different. Our appealing Comfort Suite is planned for you to spend plenty of time there. With its bookcase headboard cleverly recessed into formerly unused space in the front end, your Laredo queen bed becomes the ideal spot for you to enjoy your favorite book, watch TV, or even enjoy your breakfast.

After that, you’ll enter the extra-large neo-angle tub/shower and enjoy any of several spray options. There’s a skylight for brightness and headroom. Now, who knows? You might linger for a little more rest, or you can use the full-length mirrors to check your grooming for a day in town. The Five-star Comfort Suite is an important part of the Laredo lifestyle. Enjoy!
Welded 2” aluminum framing is at the heart of our 4-layer sidewall construction, engineered to make your Laredo strong and durable while creating a fifth wheel that is easier to tow.

Previously found only in fifth wheels at a much higher price point, Laredo’s structural integrity assures you of strength, superior insulation, and durability for many years to come.

**Sidewalls**
1. Gel-Coated Fiberglass
2. 1/8” Luan Wood Backer
3. Solid Block EPS (Expanded Polystyrene) Insulation
4. Radius Window Corner Blocks
5. Metal Backing Strips (EGS Electro-Galvanized Sheet)
6. 2” Welded Aluminum Sidewall Studs

Laredo’s one-piece underbelly completely encloses its insulated and heated subfloor and reduces wind resistance while towing.

Laredo provides high-capacity, exterior-access storage on every floor plan. Shown left, a removable picnic table.

Under-floor toolbox storage is available in all fifth wheels.
